That Promise Swoonworthy Books

I've finally become the kind of girl my little sisters could look up to. Except for the lies. Lying to my friends is killing me. And the longer I'm there-the closer we get-the more I feel like I'm being eaten from the inside out.

**That Summer** Jillian Dodd Inc.

Keatyn's not scripting her life anymore. She's living it. She's done with the God of all Hotties and is going to give her heart to the boy who deserves it. The one whose kisses are hotter than molten lava, who offered her the key to his heart, and who asked her to Homecoming in a big, sexy way. There are so many things to look forward to: parties at the Cave, Homecoming festivities, drama tryouts, and shopping trips to NYC. But things aren't always as perfect as they seem. She finds out that her best friend has been keeping a secret from her. Not that she can blame him--she has secrets, too. But, for now, she's going to pretend she's just a normal girl. She's going to pretend the stalker's not still out there, and that he's not getting more desperate. She's going to pretend she'll never see him again. But, she will. And this time, she might not get away.

*Captive Films 1. 1* Jillian Dodd Inc.

The God of all Hotties, with his dreamy green eyes and abs to die for. When Keatyn goes to Eastbrooke, their attraction is intense. He gives her a four-leaf clover, kisses her atop the Ferris wheel, and turns her brain to cotton candy. But . . . there's always a but in love stories, right? Discover when and how Aiden learned who Keatyn really was, and why he didn't confront her with his knowledge in pivotal new scenes from his point of view. \*\*This book contains series spoilers. #6 Book in the Amazon Store! #1 in Teen and Young Adult Romance What happens to childhood promises when you grow up? Growing up, Devaney Diamond and Chase Mackenzie promised to go to college together. But it's been two years since the summer that changed everything between them, and their friendship hasn't recovered. Now, Dani is faced with all the challenges of her freshman year of college—navigating rush week, making new friends, and living on her own—which is both exhilarating and intimidating. In high school, Dani was homecoming queen and head cheerleader. She should be able to handle the pressure, but college has been more overwhelming than she expected. Chase, on the other hand, is living the dream. It's his senior year of high school, his football team is hoping to go undefeated, and he's being heavily recruited. When Dani returns home for a weekend, she realizes why college feels so overwhelming—she doesn't have Chase to share it with. In hopes of salvaging their friendship, she repeats an old tradition—sneaking over to his room with pizza after his game. But instead of fixing their friendship, they end up sleeping together. Chase is thrilled that Dani is back in his life, but being friends with benefits when feelings are involved is more complicated than Chase imagined. Will Chase and Dani work through their feelings for one another, or will their childhood promise be shattered when Chase announces what college he will commit to?

When my parents told me that I'd be spending three weeks at a London prep school on a student exchange my junior year, I was furious. I love New York. My school. My friends. And I didn't want to leave. But after some not-so-subtle insistence about experiencing a new culture, gaining worldly knowledge, and the fact that it was only three weeks, I knew I wasn't getting out of it. So, I decided that if I had to go, I might as well have some fun. Which was how I met Harry at a pub. His blue eyes, adorable accent, and charm instantly won me over—right after his lips did. And I started to think that London might not be so bad. But then I met Noah. He's tall, dark, intense, and spends way too much time in the shower. I know this because I have to live with him. And did I mention that he hates me? My first day at school is more eventful than I anticipated. A boy named Mohammad takes me under his wing, declares himself my guide to the "hostile and hormonal battlefield that is Kensington School," and lays three facts on me: He, Harry, and Noah are best mates. I'm the new girl and bound to cause drama. And I've already got his boys all twisted up. I'm in way over my head, and it's only my first day!

Spin the wheel. Date the guy. Write the story. Fall in love? Six years ago, Kitty Valentine took the book world by storm when her sweet debut romance hit number one on the Best Sellers List, which was followed by a string of successful releases. Her latest novel, however, totally bombs, causing her editor to suggest she write much sexier books. To Kitty, writing smut is the literary equivalent of stripping. But with no advance coming in and her royalties dipping to an all-time low, Kitty has no

choice. Armed with a hot-guy spinning prize wheel, made by her best friend, listing all the different types of men she will date and then write about, Kitty will be spinning—not stripping—her way back onto the best-sellers list. And in the process, she just might write her own happily ever after.

Get Me Jillian Dodd

I first met the gorgeous Jennifer Edwards at a party some fifteen years ago. She was funny and silly and adorable. We had a crazy, instant connection. But then she kissed me. And I did what I had to do—stopped it immediately because I was married. In her tipsy state, she replied with something like, “Don’t promise me forever, just promise me tonight.” And after a kiss like that, who could blame me if I kissed her? Clearly, I wasn’t thinking straight because I would never cheat on my wife. But in that moment, I was tempted. She thought maybe we could be friends instead, but I couldn’t. I was a hotshot rookie quarterback with a wife and a new baby. I was living my dream. No way was I going to screw that up. But now, my life is anything but perfect. Sure, I’ve got two championship rings, and I am gearing up for what could be the best season of my life, but my wife recently moved in with her lover, and I’m fighting for custody of our children. And that brings me to where I am now—looking down at the milk I spilled when I saw Jennifer standing in my best friend’s house. I have no idea why she is here ... or if she’d be willing to give me another chance. Will I fumble my love life again? Or will I make the kind of play that will get me another ring?

That Baby Jillian Dodd

*That Love* is the first book in Danny's Duet and is a great jumping off point for new readers to the series. I first met the ridiculously handsome Danny Diamond at a party some fifteen years ago. He had brilliant blue eyes, a sexy smirk, and a muscular body. We had a crazy, instant connection. So, I did what I had to do—threw myself in his direction and kissed him. And that kiss ... was like a freaking fairy tale. At least it was until he stopped it because he was married. In my tipsy state, I replied with something cheesy like, “Don’t promise me forever, just promise me tonight.” And after a kiss like that, who could blame me? Clearly, I wasn’t thinking straight because I would never sleep with a married man. But in that moment, I kind of wanted to. I thought maybe we could be friends

instead, but he couldn't. He was a hotshot rookie quarterback with a wife and a new baby. He was living his dream. Right now, my life is not perfect. Sure, I'm an award-winning actress, and everyone thinks I've got this glamorous celebrity life—that is, until my longtime boyfriend is caught on video in an Amsterdam brothel, and our love becomes tabloid fodder. And that brings me to where I am now—hiding out from the paparazzi and staring at a shirtless, sweaty Danny, who is drinking milk from a carton at his neighbor's house. I want to impulsively kiss him again because he looks even better than I remember, but I don't. Because I don't know that his marriage is over. Or that he feels the same way about me. Or that we might actually have a shot at that forever kind of love.
