JAZMIN LAYLAH

My Revision Notes: WJEC and Eduqas GCSE Computer Science Hodder Education

The aim of this book is to provide an accessible text for students, covering each of the elements in the OCR GCSE (9-1) Computer Science specification J276. It will be invaluable both as a course text and in revision for students nearing the end of the course. It is divided into eight sections, each broken down into manageable chapters of roughly one lesson. Sections 5 and 6 of the textbook cover algorithms and programming concepts with a theoretical approach to provide students with experience of writing, tracing and debugging pseudocode solutions without the aid of a computer. These sections would complement practical programming experience. Each of the eight sections cover one of the major topics in this course, and each subtopic contains sample examination questions from past papers, which can be set as homework.

My Revision Notes AQA GCSE Computer Science Computing Fundamentals Hodder Education

Illustrated revision and practice. Absolute clarity is the aim with a new generation of revision guide for the 2020s. This guide has been expertly compiled and edited by successful former teachers of Computer Science, highly experienced examiners and a good dollop of scientific research into what makes revision most effective.

OCR GCSE Computer Science My Revision Notes 2e Oxford University Press - Children Cambridge IGCSE Computer Science Revision Guide follows the Cambridge IGCSE (0478) and Cambridge O Level (2210) Computer Science syllabuses, matching the syllabus for examination from 2015. The book instils confidence and thorough understanding of the topics learned by the students as they revise for examinations, and is written in a clear and straightforward tone to assist learning concepts and theories. This revision guide is endorsed by Cambridge International Examinations.

OCR GCSE Computer Science My Revision Notes 2e Hachette UK

Previously published as GCSE Computer Science 9-1 Complete Revision Doodle Notes For OCR by H A Billinghamurst. Want to colour in your way to a successful GCSE? This interactive revision guide is the perfect way to achieve structured and easy to access revision notes for Grade 9-1 OCR GCSE Computer Science. Instead of relying on someone else to write the notes for you, visual notes draw on years of educational research that show students who write their own notes progress faster, retain more information, and feel less stressed during revision than those that simply read a revision guide. Every topic is supported by a knowledge organiser set of notes followed by structured visual pages to help students to write out their revision notes independently, whilst giving the added benefit of ensuring all areas are covered through scaffolded pages. Throughout the notes, useful tips and hints are added to remove the fear of the blank page, without doing the work for them! This visual revision notes book can be combined with the online revision guide and activities on the TeachAllAboutIt website and contains an array of QR codes to further information online.
