 Moonshot The Flight Of Apollo
 Moonshot: The Flight of Apollo 11 manages to make you feel, with both words and pictures, as if you're right there riding atop the might Saturn V. A truly beautiful and educational book that captures the mood and feeling of wonder of the time. Can't recommend this enough. My 4-year-old daughter loves it!
 Moonshot: The Flight of Apollo 11 (Richard Jackson Books ...
 Moonshot: The Flight of Apollo 11 by Brian Floca is a very informational picture book. The details of the book were great along with the pictures. This book would be great to use for a lesson with space or astronomy because the information is so detailed and factual in the book. The pictures in the book give as much detail the text in the book.
 Moonshot: The Flight of Apollo 11 by Brian Floca ...
 Moonshot: The Flight of Apollo 11 by Brian Floca is the story of the first American manned moon landing, Apollo 11 in 1969. It's told in a simple manner and doesn't contain too many facts for young readers. The illustrations are very detailed and the story is written in poetic form.
 Moonshot: The Flight of Apollo 11 by Brian Floca
 Brian Floca is the author and illustrator of the acclaimed picture books *Locomotive*, winner of the Caldecott Medal and a New York Times bestseller; *Moonshot: The Flight of Apollo 11*; and *Lightship*, each a Robert F. Sibert Honor Book. He is the illustrator of numerous additional books, including Avi's *Poppy* series.
 Moonshot | Book by Brian Floca | Official Publisher Page ...
 The newly revised **MOONSHOT: THE FLIGHT OF APOLLO 11** is even more glorious than the original, and also more inclusive. Whereas the 2009 edition focused on the three astronauts, here there are more vignettes of the diverse men and women — white, black and brown — whose ingenuity and labor made the mission possible: the "thousands of people, / for millions of parts."
