Question Book for the Wards and Boards

Lippincott Williams & Wilkins
 The Single-Best Review for the American Board of Anesthesiology
 Written Examinations—Completely Updated to Reflect the New Exam Format
 Anesthesiology Examination and Board Review is the most time-proven and effective way to prepare for the ABA written examinations. This powerful study guide delivers 1,500 board-style multiple-choice questions with referenced, paragraph-length discussions for each answer.
 Anesthesiology Examination and Board Review has been completely redesigned and rewritten to reflect the new exam format. Like the exam, this

edition is divided into two parts: Basic and Advanced, each concluding with a practice test. There is no better way for you to boost your test-taking skills, subject knowledge, and confidence than this essential study partner. FEATURES
 1,500 board-style questions with fully explained, referenced answers
 New information from the American Board of Anesthesiology on changes to the certification and recertification process and requirements
 Complete coverage of the entire field of anesthesiology
 Two comprehensive practice tests that mimic the actual exams and allow you to test your skill at answering questions

under simulated exam conditions Valuable test-taking strategies New questions that reflect the latest research and advances

A Comprehensive Board Review Elsevier Health Sciences

Taken from the Robbins text and Klatt's own extensive collection, these brilliantly illustrated flash cards present gross, photomicrographic, and radiologic images that allow you to test yourself on key pathologic information, facts, and functions. Each card features two clinical vignettes (700 cases in all), with images or diagrams, two to five questions, and an explanation to the questions. Be as prepared as possible for your exams by studying clinical cases

in a format that mimics the USMLE. Study efficiently and quickly look up key information with help from page references to the parent texts, Robbins and Cotran Pathologic Basis of Disease and Robbins Basic Pathology. Consult this title on your favorite e-reader, conduct rapid searches, and adjust font sizes for optimal readability.

The ONLY review book for the Neonatal-Perinatal Medicine board exam This comprehensive review for the Neonatal-Perinatal Medicine board exam includes everything test takers need for exam success: thorough concept reviews, full-color

illustrations, highlighted key points, and case-based Q&A. The content is weighted to match that of the exam, so students know they are spending just the right amount of time on each topic. The authors of the book are uniquely qualified to create such a book as they currently run exam review workshops and have many years of experience preparing residents and physicians for the examination. This is a particularly valuable entry into the McGraw-Hill Medical test prep line as neonatology is the most popular pediatric subspecialty. Includes 4-color insert of neonatal dermatology and infectious disease illustrations Each

chapter includes clinical vignettes with board-style Q&A

 Fully up to date with recent research and practice, including the most recent AHA guidelines, this model resource for the practising emergency medicine resident allows for a case-based interactive approach to studying for the Oral Boards examination, while also providing an excellent introduction to the field. Featuring 126 cases derived from the Model of Clinical Practice of Emergency Medicine, with an emphasis on EKGs, CT scans, X-rays and ultrasounds, it now includes diagnoses such as nursemaid's

elbow, multiple sepsis cases, the suicidal patient, and Cushing's syndrome, as well as a chapter on the scoring of Oral Boards.

Practising alone or with a partner, the reader can review critical actions and key clinical pearls for each case.

The appendices contain high-yield information on subjects emphasised in the Oral Boards examination, such as pediatric, cardiovascular, traumatic, and toxicological disorders. This book truly allows the reader to feel actively immersed in the case.
