Changing Behavior Through Social Marketing

Social Marketing: Changing Behaviors for Good is the definitive textbook for the planning and implementation of programs designed to influence social change. No other text is as comprehensive and foundational when it comes to taking key marketing principles and applying them to campaigns and efforts to influence social action.

[What is social marketing? | The NSMC](#)

Marketing Social Change offers a revolutionary approach to solving a range of social problems—drug use, smoking, unsafe

sex, and overpopulation—by applying marketing techniques and concepts to change behavior.

Perhaps social marketing's principal contribution to social change is the notion that voluntary human behavior is achieved through an exchange of value. It argues that people change not only because they are well informed or forced into action, but also because they get something they value in return.
