LAYLA ALIJAH

**Business and Economy
Current Affairs Yearly
Review 2021 E-book**
New Era Publication
Derived from the

renowned multi-volume
International
Encyclopaedia of Laws,
this book provides a
systematic approach to
transport law as applied in
India. The book describes
the main sources of
transport law, jurisdiction
and courts, state

immunity, and the legal
role of transport
intermediaries, with
detailed reference to
maritime law, transport by
road, transport by air,
transport by rail, and
inland navigation. A
special chapter is devoted
to multimodal transport.

Among the elements of transport law considered are the legal status of the vessel; its acquisition, ownership, and registration; vessel liens and mortgages; the position of master and crew; maritime salvage and assistance; marine pollution; collision; and carriage of passengers. Other topics discussed include liability and limitation of liability, charter parties, and transport under bill of lading. Case law, intergovernmental cooperation agreements,

and interactions with environmental, tax, and competition law are also covered. Its succinct yet scholarly nature, as well as the practical quality of the information it provides, make this book a valuable resource for lawyers handling transport contracts or cases affecting India. It will also be welcomed by researchers and academics for its contribution to a field that continues to gain significance in the study of comparative law.

Public-Private

Partnership Monitor

Publications Division
Ministry of Information & Broadcasting
Computer Aided Highway Engineering is aimed at developing professional knowledge in the field of highway engineering with adequate skills in planning, designing and implementation of the highway project with an exposure of hands on training of computer software in designing the worldwide road infrastructures. It discusses Digital Terrain Model (DTM) using

satellite data including highway geometric, pavement and tunnel design, supported by relevant tutorials. Quantity estimation, cost estimation and production of various types of construction drawings are described in detail with theory and tutorials backed by real project data. Recognizes the role of information and computer technology in various aspects of highway design. Reviews different tasks for feasibility studies and DPR with software

applications. Explores topographic survey, Digital Terrain Model (DTM) and highway geometrics and, pavement and drainage design. Discusses project estimations for various revisions of the engineering work. Includes HEADS Pro along with chapter wise tutorials containing design and field data, tutorial guides and various tutorial videos. This volume is aimed at Professionals in Civil Engineering, Highway Engineering, Transport Planning and

Town Planning and Traffic Engineering.

Infrastructure Development and Construction

Management New Era Publication

The first edition of the Public-Private Partnership (PPP) Monitor tracks the development of the PPP business environment as well as the challenges of doing PPPs in nine of the developing member countries (DMCs) of the Asian Development Bank (ADB): Bangladesh, the People's Republic of China, India, Indonesia,

Kazakhstan, Papua New Guinea, the Philippines, Thailand, and Viet Nam. It is divided into four main categories: Regulatory Framework, Institutional Capacity for Implementation, PPP Market Maturity, and Financial Facilities. The PPP Monitor aims to increase the level and quality of private sector participation in infrastructure in the ADB's DMCs by serving as an active platform for dialogue between the public and private sectors. *From Global Cooperation*

to Building Consensus
Oxford University Press
This book is a collection of fifteen contributions that undertake a detailed analysis of seven broad dimensions of India's economy and society. All the contributions approach the problems in their respective areas empirically, while being theoretically informed. The book begins with a section containing detailed and empirically supported chapters on the recent crisis in India's agricultural sector and the reforms in the agricultural

markets. Another section is dedicated to the issue of infrastructure financing, and new ways of financing large infrastructural projects are critically examined. Other sections are related to innovations and technology impacts on industry; international trade; health and education; labor and employment; and the very important issue of gender. The selected discussion topics are both of contemporary importance and expected to remain so for some time. Most of

the chapters introduce readers to data in addition to methods of analyzing this data, to arrive at policy-oriented conclusions. The rich collection carries learnings for researchers working on a wide range of topics related to development studies, as well as for policymakers and corporate watchers. *CAIIB Bank Financial Management 2020 | 10 Mock Test* OECD Publishing is a monthly journal devoted to the socio-economic issues. It

started its publication in 1957 with Mr. Khuswant Singh as the Chief Editor. The magazine is now published in 13 languages viz. English, Hindi, Urdu, Punjabi, Marathi, Gujarati, Bengali, Assamese, Telugu, Tamil, Kannada, Malayalam and Odia. **JKSSB JE CE PYP E-Book- get Section-Wise Problems with Solutions** Oxford University Press This is a comprehensive book on infrastructure development and construction management. It is written

keeping in mind the curricula of construction management programmes in India and abroad. It covers infrastructure development, the construction industry in India, financial analysis of the real estate industry in India, economic analysis of projects, tendering and bidding, contracts and contract management, FIDIC conditions of contract, construction disputes and claims, arbitration, conciliation and dispute resolution, international construction

project exports and identifying, analysing and managing construction project risk. Thus, this book covers most of the construction management activities that are carried out at different stages of a construction project. This is an essential book for students of construction management, construction professionals, academicians and researchers.

The Economic Survey is the budget document of the Government of India, which is presented in parliament every year. It presents the state of affairs of the Indian economy. Economic Survey 2018-19 consists of two volumes, which analyse the performance of the Indian economy for the financial year 2018-19.

Transport Law in India
 Springer

This book examines arguably the biggest development challenge faced by India - the

deficient capacity of public systems to design effective policies and implement them.

Important questions covering Technical Knowledge to upscale your exam preparation [Lateral Explorations](#) Adda247 Publications Central Warehousing Corporation (CWC) was established during 1957 to provide logistics support to the agricultural sector. It is a public Warehouse operator offering logistics services to diverse groups of clients. Central Warehousing Corporation (CWC) has invited applications for the Director (Finance) post.

Interested persons can apply for Central Warehousing Corporation (CWC) Recruitment 2020 [Attempt JKSSB JE CE PYP](#) [E-book covering imp. Questions asked in Exam to boost your prep.](#) Routledge This book gathers peer-reviewed contributions presented at the 1st International Conference on Structural Engineering and Construction Management (SECON'20), held in Angamaly, Kerala, India, on 14-15 May 2020. The meeting served as a fertile platform for

discussion, sharing sound knowledge and introducing novel ideas on issues related to sustainable construction and design for the future. The respective contributions address various aspects of numerical modeling and simulation in structural engineering, structural dynamics and earthquake engineering, advanced analysis and design of foundations, BIM, building energy management, and technical project management. Accordingly, the book

offers a valuable, up-to-date tool and essential overview of the subject for scientists and practitioners alike, and will inspire further investigations and research.
