Kids Books Steaming Steaming is a method

of cooking using steam. This is often done

with a food steamer, a kitchen appliance

made specifically to cook food with steam,

but food can also be steamed in a wok. In

the American southwest, steam pits used

for cooking have been found dating back

about 5,000 years. Steaming is considered

a healthy cooking technique that can be

used for many kinds of food. Steaming -

Wikipedia Directed by Joseph Losey. With

Vanessa Redgrave, Sarah Miles, Diana

Dors, Patti Love. Three female frequenters

of a steam room decide to fight its

closure. Steaming (1985) - IMDb Steaming

is a moist-heat method of cooking that

works by boiling water which vaporizes

into steam; it is the steam that carries

heat to the food, cooking it. Unlike boiling

food submerged in water, with steaming

the food is kept separate from the boiling

water but comes into direct contact with

the hot steam. Steaming (Moist-Heat
