Measuring Second Language Vocabulary Acquisition provides an examination of the background to testing vocabulary knowledge in a second language and in particular considers the effect that word frequency and lexical coverage have on learning and

communication in a foreign language. It examines the tools we have for assessing the various facets of vocabulary knowledge such as aural and written word recognition, the link with word meaning, and vocabulary depth. These are illustrated and the scores they produce are demonstrated to provide normative data. Vocabulary acquisition from course books and in the classroom is examined, as is vocabulary uptake from informal tasks. This book ties scores on tests of vocabulary breadth to performance on standard foreign language examinations and on hierarchies of communicative performance such as the CEFR.

Learn German with Stories - A modern approach to learning German in a fun and interactive way! Learning a new language can be extremely difficult. Especially one that seems so challenging. With its complex grammar rules and strange sounds, it can discourage anyone willing to give the German language a try. On top of that, today's society has made tight schedules a part of everyone's lives. Taking a German class might just not be possible for some of us. Still, there's no need to worry! In my opinion, the best way to learn any language is by reading or listening to stories. This book offers you exactly that. A modern, structured and fun approach where you can take your German speaking skills to a higher level. The German language has become extremely valued in the modern era. Being able to have a conversation in German can earn you a lot of praise and really set you apart from the rest of the crowd. Inside this book you can find: 12 unique German short stories each linked to one another
 Relatable characters and fun adventures
 Common words you can actually use in your day-to-day life
 A German-English vocabulary after each story
 Short questions for an improved text-comprehension
 An entire chapter dedicated to phrases and expression you can use in various everyday situations
 A secret lesson after each story which you can use to improve your life
 Every skill takes time to master, learning German is no exception. However, you can reduce the learning curve by taking the right approach. By immersing yourself in these stories you not only get more familiarised with common German expressions, but you also get priceless value from the inspiring life lessons hidden in each story. The Sea People Multilingual Matters

The linguistic integration of migrants affects every aspect of settling in a new country (employment, health, etc.). The aim of this collection of texts is to propose a number of specific measures member states can take to help adult migrants become acquainted with the language of the host country. The main focus is on organising language courses that meet migrants' real communication needs. It is not enough for authorities simply to consider the technical aspects of such courses, they should also design and conduct them in accordance with the fundamental values of the Council of Europe. A number of issues concerning the linguistic integration of adult migrants are presented here, beginning with the notion of linguistic integration itself. Family reunion, the nature of citizenship and the function of language tests, among others, are dealt with from the point of view of language and language use. Readers are invited to reflect on the type of language competences that need to be acquired as well as an appropriate use of the Common European Framework of Reference for Languages. The collection also sets out approaches and instruments designed to assist in implementing effective policies.

German Quickly: A Grammar for Reading German is a thorough, straightforward textbook with a sense of fun. It teaches the fundamentals for reading German literary and scholarly texts of all levels and difficulty. It can be used as an introductory text for students with no background in German, or it can serve as a reference text for students wishing to review German. The grammar explanations are detailed and clear, and the accompanying reading selections, consisting partly of aphorisms and proverbs, are intriguing. There are also many informative appendices, including a summary of German grammar, a detailed description of German dictionaries currently available, and a vocabulary list of 3200 words that are commonly encountered in scholarly writings.

[The book] is a reference and review grammar for second- and third- year German students who are familiar with the basics of German vocabulary and grammar. It can be used either as a primary text or as a reference manual in conjunction with other materials, such as literature readers. Its goal is two-fold: (1) to present clear and complete explanations of all major grammar topics, and (2) to provide meaningful, communicative practice of those topics. There is abundant oral group and pair work, as well as generous attention to writing strategies, the material can be

used in course sequences lasting anywhere from one to four semesters (one to six quarters). -Introd. [The book] is more than just a grammar review. It is also a reference book, a practice manual, and a practical communication guide. -Back cover.

It's true that some people spend years studying German before they finally get around to speaking the language. But here's a better idea. Skip the years of study and jump right to the speaking part. Sound crazy? No, it's language hacking. Unlike most traditional language courses that try to teach you the rules of German, #LanguageHacking shows you how to learn and speak German through proven memory techniques, unconventional shortcuts and conversation strategies perfected by one of the world's greatest language learners, Benny Lewis, aka the Irish Polyglot. Using the language hacks -shortcuts that make learning simple - that Benny mastered while learning his 11 languages and his 'speak from the start' method, you will crack the language code and exponentially increase your language abilities so that you can get fluent faster. It's not magic. It's not a language gene. It's not something only "other people" can do. It's about being smart with how you learn, learning what's

indispensable, skipping what's not, and using what you've learned to have real conversations in German from day one. The Method #LanguageHacking takes a modern approach to language learning, blending the power of online social collaboration with traditional methods. It focuses on the conversations that learners need to master right away, rather than presenting language in order of difficulty like most courses. This means that you can have conversations immediately, not after years of study. Each of the 10 units culminates with a speaking 'mission' that prepares you to use the language you've learned to talk about yourself. Through the language hacker online learner community, you can share your personalized speaking 'missions' with other learners - getting and giving feedback and extending your learning beyond the pages of the book . You don't need to go abroad to learn a language any more.

This book aims to take users from scratch to having a solid base in German within six months, and to feel comfortable with the language in as little as three months. In only half an hour a day users will move ahead naturally until they are at ease with all the basic structures needed for communication and become familiar with the basic words and grammar of German. The method comprises two phases: the passive phase, in which users simply repeat what they hear and read, and the active phase, in which users begin to create sentences and imagine themselves in a variety of everyday situations.

Rami Elhanan și Bassam Aramin trăiesc aproape unul de celălalt – și totuși sunt complet diferiți. Rami e israelian. Bassam e palestinian. Plăcuța de înmatriculare a lui Rami e galbenă. Plăcuța de înmatriculare a lui Bassam e verde. Rami face cincisprezece minute cu mașina până în Cisiordania. Același drum

Îi ia lui Bassam o oră și jumătate. Ambii bărbați și-au pierdut fiicele. Fata de treisprezece ani a lui Rami, Smadar, a fost ucisă într-un atentat sinucigaș în timp ce se ducea să-și cumpere cărți împreună cu prietenele ei. Fiica lui Bassam, Abir, în vârstă de zece ani, a fost ucisă cu un glonț de cauciuc de un membru al poliției de frontieră în fața școlii. În buzunar avea o brățară de dropsuri pe care nu apucase să le mănânce. Rami și Bassam au fost crescuți să se urască unul pe celălalt. Și totuși devin cei mai buni prieteni. În acest roman epic – numit după un poligon cu un număr de laturi infinit numărabil –, Colum McCann străbate secole și continente, realizând o țesătură în care timpul, arta, istoria, natura și politica alcătuiesc o tapiserie de prietenie, dragoste, pierdere și apartenență. Muzical, plin de forță, delicat și ambițios, Apeirogon este romanul vremurilor noastre. „Apeirogon nu seamănă cu nici o carte pe care ați citit-o vreodată... Veți descoperi o formă narativă fără precedent și profund autentică. Vă pot spune doar atât: citiți cartea lui McCann. Este o carte importantă.” Michael Cunningham „McCann face o echilibrată perfectă între viață și artă; scriind cu un lirism și o empatie extraordinare, surprinde modul în care se propagă atât efectele provocate de violență și durere, cât și frumusețea și puterea miraculoasă a prieteniei și a iubirii, a curajului și a adevărului.” Booklist „Un apeirogon este un poligon cu un număr infinit de laturi – iar cartea transcendentă a lui Colum McCann este plină de sute de segmente emoționale care îndeamnă la reflecție. McCann transformă aceste realități crude în ficțiune captivantă, și o face cu o imensă forță poetică.” Independent „Orbitor... hipnotic... sfâșietor și fascinant... Pe lângă strălucirea caleidoscopică a narațiunii, aceasta este și o poveste profund umană.” San

This lively, beginning German text is the perfect choice for those who want to move in a more communicative direction without abandoning a focus on grammar. Deutsch: Na Klar! uses a solid four-skills approach with a difference: the vocabulary, grammar, and reading sections are integrated with authentic materials, allowing students to learn language and culture simultaneously. German materials (advertisements, menus, newspaper articles, etc.) are used to present new vocabulary, introduce grammar points, and launch communicative activities. A listening-comprehension tape is tied to the text-book to help students improve listening skills.

Rare edition with unique illustrations. When Jacob and Wilhelm Grimm published their Children's and Household Tales in 1812, followed by a second volume in 1815, they had no idea that such stories as "Rapunzel," "Hansel and Gretel," and "Cinderella" would become the most celebrated in the world. From "The Frog King" to "The Golden Key," wondrous worlds unfold--heroes and heroines are rewarded, weaker animals triumph over the strong, and simple bumpkins prove themselves not so simple after all. A delight to read, The Original Folk and Fairy Tales of the Brothers Grimm presents these peerless stories to a whole new generation of readers. Mother Holle is a German fairy tale collected by the Brothers Grimm and first published in 1812 as part of Children's and Household Tales. It was originally known as Frau Holle and is

tale number 24 Mother Holle is one of Germany's most durable female legendary figures and one who without doubt[citation needed] represents a pre-Christian deity who survived in popular

belief and in the memory of common people well into the nineteenth century. Mother Holle is featured in Grimm's Fairy Tale Classics.
