BARKER ANTONY

Cambridge English Empower Pre-intermediate Student's Book
 Cambridge University Press
 “We think of English as a fortress to be defended, but a better analogy is to think of English as a child. We love and nurture it into being, and once it gains gross motor skills, it starts going exactly where we don’t want it to go: it heads right for the goddamned electrical sockets.” With wit and irreverence, lexicographer Kory Stamper cracks open the obsessive world of dictionary writing, from the agonizing decisions about what to define and how to do it to the knotty questions of ever-changing word usage. Filled with fun facts—for example, the first documented usage of “OMG” was in a letter to Winston Churchill—and Stamper’s own stories from the linguistic front lines (including how she became America’s foremost “irregardless” apologist, despite loathing the word), *Word by Word* is an endlessly entertaining look at the wonderful

complexities and eccentricities of the English language.

Cambridge Advanced Learner's Dictionary Vintage

A dictionary records a language and a cultural world. This global history of lexicography is the first survey of all the dictionaries which humans have made, from the ancient civilizations of Mesopotamia, Egypt, China, India, and the Greco-Roman world, to the contemporary speech communities of every inhabited continent. Their makers included poets and soldiers, saints and

courtiers, a scribe in an ancient Egyptian 'house of life' and a Vietnamese queen. Their physical forms include Tamil palm-leaf manuscripts and the dictionary apps which are supporting endangered Australian languages. Through engaging and accessible studies, a diverse team of leading scholars provide fascinating insight into the dictionaries of hundreds of languages, into the imaginative worlds of those who used or observed them, and into a dazzling variety of the literate cultures of humankind.
