Estate Exam Professionals, Ltd.

Principles of Real Estate Practice by  
Mettling and Cusic is a modern learning  
tool for the student preparing to enter  
the real estate business as a licensed  
professional. The textbook contains the  
essentials of real estate law, principles,  
and practices taught in real estate  
schools and colleges across the country,

including all those fundamentals that real estate educators, practicing professionals, national testing services, and state licensing officials agree are necessary for basic competence. Principles of Real Estate Practice covers the national requirements for the initial 30-90+ hours of classroom study, or its equivalent, mandated by state license laws across the country. Principles of Real Estate Practice is tailored to the needs of the pre-license student. The textbook is designed to make it easy for students to learn the material -prepare students for numerous career applications -stress practical, rather than theoretical, skills and knowledge. It is more streamlined, direct and to-the-point than other books. It includes more learning reinforcements. It has a

student-oriented organization, both within each chapter and from chapter to chapter. Its examples and exercises are grounded in the authors' fifty combined years in real estate education. Table of Contents of the 6th Edition The Real Estate Business Rights in Real Estate Interests and Estates Ownership Encumbrances and Liens Transferring and Recording Title to Real Estate Real Estate Leases Land Use Planning and Control Legal Descriptions Real Estate Contract Law Agency Listing Agreements The Brokerage Business Contracts for the Sale of Real Estate Real Estate Market Economics Appraising and Estimating Market Value Real Estate Finance Real Estate Investment Real Estate Taxation Professional Practices Closings Real Estate Licensing and

Regulation Risk Management Property Management Real Estate Mathematics and Formulas Glossary of Residential Style and Construction Terms Glossary of General Real Estate Terms Index Note: For some states, we have state-specific versions of Principles of Real Estate Practice. We also publish the Real Estate License Exam Prep (RELEP) Series of exam prep books.

The Future of Nursing explores how nurses' roles, responsibilities, and education should change significantly to meet the increased demand for care that will be created by health care reform and to advance improvements in America's increasingly complex health system. At more than 3 million in number, nurses make up the single largest segment of the health care work

force. They also spend the greatest amount of time in delivering patient care as a profession. Nurses therefore have valuable insights and unique abilities to contribute as partners with other health care professionals in improving the quality and safety of care as envisioned in the Affordable Care Act (ACA) enacted this year. Nurses should be fully engaged with other health professionals and assume leadership roles in redesigning care in the United States. To ensure its members are well-prepared, the profession should institute residency training for nurses, increase the percentage of nurses who attain a bachelor's degree to 80 percent by 2020, and double the number who pursue doctorates. Furthermore, regulatory and institutional obstacles --

including limits on nurses' scope of practice -- should be removed so that the health system can reap the full benefit of nurses' training, skills, and knowledge in patient care. In this book, the Institute of Medicine makes recommendations for an action-oriented blueprint for the future of nursing.

Mastering Assessment: A Self-Service System for Educators, 2/e (hereafter referred to as MA) is a set of 15 booklets intended to be the grist for a wide variety of professional development programs focused on educational assessment. Each of the MA booklets was deliberately written to permit a one-sitting or two- sittings reading by busy

educators. The resultant brevity of the MA booklets, coupled with their being provided as separate documents, is intended to provide users of the MA system with considerable latitude in determining how best to use the booklets. A Facilitator's Guide is available to guide educators in using the 15 booklets in their professional development programs and can be downloaded at no additional charge from Pearson's Instructor Resource Center. Mastering Assessment boxset includes: • Appropriate and Inappropriate Tests for Evaluating Schools • Assessing Students' Affect • Assessing Students with Disabilities • Assessment Bias: How to Banish It • Classroom Evidence of Successful Teaching • College Entrance Examinations: The SAT and the ACT •

Constructed-Response Tests: Building and Bettering • How Testing Can Help Teaching • Interpreting the Results of Large-Scale Assessments • Portfolio Assessment and Performance Testing • Reliability: What Is It and Is It Necessary? • Selected-Response Tests: Building and Bettering • The Role of Rubrics in Testing and Teaching • Test Preparation: Sensible or Sordid? • Validity: Assessment's Cornerstone

*The Appraisal of Real Estate Dearborn Real Estate*

"Pay for performance" has become a buzzword for the 1990s, as U.S. organizations seek ways to boost employee productivity. The new emphasis on performance appraisal and merit pay calls for a thorough examination of their effectiveness. Pay for Performance is the best resource to date on the issues of whether these concepts work and how they can be

applied most effectively in the workplace. This important book looks at performance appraisal and pay practices in the private sector and describes whether--and how--private industry experience is relevant to federal pay reform. It focuses on the needs of the federal government, exploring how the federal pay system evolved; available evidence on federal employee attitudes toward their work, their pay, and their reputation with the public; and the complicating and pervasive factor of politics.

Doctors in the UK are required to provide evidence of their fitness to practice—all doctors registered with the General Medical Council (GMC) need to revalidate to maintain their registration. *How to Succeed at Revalidation* contains up-to-

date information on the current regulatory framework and step-by-step guidance to the entire revalidation process. Offering expert advice on how to undertake the process from the perspective of the appraisee, the appraiser, and the employer, this practical, quick-reference guide covers each of the Good Medical Practice (GMP) domains: Knowledge, Skills and Performance; Safety and Quality; Communication, Partnership and Team Work; and Maintaining Trust. Throughout the text, numerous examples describe different models of appraisal and reflection, identify activities that map to each domain, and demonstrate how

revalidation requirements can be achieved in the course of daily practice. This much-needed guide: Covers regulatory processes in medicine and healthcare from both UK and international perspectives Reviews the background that led to the implementation of revalidation Discusses the new GMP requirements for all doctors in the UK Explores the possible future of revalidation How to Succeed at Revalidation is essential reading for all qualified and trainee doctors, undergraduate and postgraduate learners, tutors and trainers seeking to navigate the revalidation process in the UK.
