A water crisis
on our
immediate
horizon is
destined to
hurt, even kill,

millions of
children, and
the window of
opportunity to
do something
about it is
rapidly
closing. There
is, however, a
glimmer of

hope that could turn into rays of sunshine. Water is a commodity, and we have just come through some painful times dealing with the shortage of another commodity energy. For those who lived through the "energy crisis," this book offers a brief trip down memory lane.

How Tragedy Sparked a Movement

JA Andrews
In 1964, Joe is pleased that a new law will allow his best friend John

Henry, who is black, to share the town pool and other public places with him, but he is dismayed to find that prejudice still exists. *Where's Glimmer?* Razorbill Courtney Kelly has a shop full of delights, a cat named Pixie, a green thumb—and a magical touch when it comes to garden design. But in Carmel-by-the-Sea, things aren't all sweetness and fairy lights . . . When Courtney's

friend Wanda gets into a ponytail-pulling wrestling match in public with a nasty local art critic, Courtney stops the fight with the help of a garden hose. But Lana Lamar has a talent for escalating things and creating tension, which she succeeds in doing by threatening a lawsuit, getting into yet another scuffle—in the midst of an elegant fundraiser, no less—and lobbying insults

around like
pickleballs.
Next thing
Courtney
knows, Lana is
on the floor,
stabbed with a
decorative
letter opener
from one of
Courtney's
fairy gardens,
and Wanda is
standing by
asking "What
have I done?"
But the
answer may
not be as
obvious as it
seems, since
Wanda is
prone to
sleepwalking
and appears
to be in a
daze. Could
she have risen
from her nap
and
committed
murder while

unconscious?
Or is the guilty
party
someone else
Lana's ticked
off, like her
long-suffering
husband? To
find out,
Courtney will
have to dig up
some dirt . . .

Healing is a
birthright to
all humanity.
Our intricate
design was
meticulously
created to
operate in a
way, in which
our minds and
bodies have
the ability to
heal itself.
However,
when we
began to
worry and
allow our mind
to stress, we
create an
hostile
environment
that makes it
difficult for the
body to
achieve
wholeness.
"Dis-ease" and
illness

happens when the mind, body and spirit reaches an unbalanced state. To restore ourselves to our natural order, we must begin by believing and operating in a way that healing is possible; through our own power of being optimistic and spreading positive energy to all things we come in contact with. "Even a tree has more hope. If it is cut down, it will sprout again and

grow new branches." Job 14:7 NLT

Jocelyn Nicole
Johnson's
precisely
imagined
debut
explores
burdened
inheritances
and
extraordinary
pursuits of
belonging. Set
in the near
future, the
eponymous
novella, "*My
Monticello*,"
tells of a

diverse group of Charlottesville neighbors fleeing violent white supremacists. Led by Da'Naisha, a young Black descendant of Thomas Jefferson and Sally Hemings, they seek refuge in Jefferson's historic plantation home in a desperate attempt to outlive the long-foretold racial and environmental unravelling within the nation. In "Control Negro," hailed by Roxane

Gay as "one hell of a story," a university professor devotes himself to the study of racism and the development of ACMs (average American Caucasian males) by clinically observing his own son from birth in order to "painstakingly mark the route of this Black child too, one whom I could prove was so strikingly decent and true that America could not find fault

in him unless we as a nation had projected it there." Johnson's characters all seek out home as a place and an internal state, whether in the form of a Nigerian widower who immigrates to a meager existence in the city of Alexandria, finding himself adrift; a young mixed-race woman who adopts a new tongue and name to escape the landscapes of rural Virginia and her family; or a single mother who seeks

salvation through “Buying a House Ahead of the Apocalypse.” United by these characters’ relentless struggles against reality and fate, *My Monticello* is a formidable book that bears witness to this country’s legacies and announces the arrival of a wildly original new voice in American fiction. *Glimmer of Hope* Penguin This open access book contains the oral histories

that were inspired by the work of the Special Olympics in conjunction with the 50th anniversary of its founding. The foreword and prefatory materials provide an overview of the Special Olympics and its growth in the Peoples Republic of China. The sections that follow record interview transcripts of individuals with intellectual disabilities living in Shanghai. In addition to chronicling

the involvement of these individuals and their families in the Special Olympics movement, the interview transcripts also capture their daily lives and how they have navigated school and work.

Glimmer of Hope Simon and Schuster William is a bright young boy who gets drawn into an alternate reality, within which; he is the single hope of a goddess. **Glimmer**

murder. Dessa
can't be sure

who's guilty. But it doesn't take a psychic to discover that everyone from Charlie's much-abused staff to his long-suffering younger wife had multiple reasons to want him dead. And as Dessa follows a trail of lies through blackmail, dead-end clues, and corruption, she needs to see the truth fast—or a killer will bury her deep down with it.

A Glimmer of Hope

Glimmer of Hope
How Tragedy

Sparked a Movement Following a nuclear holocaust, Nathan Taylor and his family face grim choices in order to stay alive. Fleeing deadly radiation, plague and desperate men, Nathan, an army officer, leads his wife and their two teenage sons away from chaos and madness toward his ancestral home in Kentucky. Horrors lie in their path. From the prison

struggling to maintain control of its inmates, to the desperadoes who enslave anyone who comes their way, even survival may cost Nathan his humanity...or that of his sons, Joshua and David. Nathan struggles to keep his family intact, but it requires making brutal choices. He wants to protect his sons, but knows they now must be deadly and cold at times. Nathan's

home has been spared from the worst of the destruction, but a larger conflict over scarce resources erupts. For the survivors to have any chance they will have to fight and the desperate journey has transformed young Joshua and David into men called upon to lead and sacrifice. Torn between harsh realities, and wanting to hold onto fleeting childhoods, they are often conflicted and

angry about the roles thrust upon them. Much will depend on how Nathan and his sons respond to a madman and his military regime seeking to conquer the fledgling community they are helping to build. GLIMMER OF HOPE is an epic tale of one family's endurance and triumph after tomorrow's apocalypse. *A Glimmer of Hope: 5,500 Miles Across the USA* CreateSpace

Many African countries achieved independence from their colonisers over five decades ago, but the people and the continent largely remain mere spectators in the arena of their own dance. The post-independence states are supposed to be sovereign, but the levers of economic and political powers still reside in the donor states. Not in many fora is the complex reality that

defines Africa more trenchantly articulated than in imaginative literature produced about and on the continent. This is the crux of the essays collected in African Literature and the Future. The book reflects on Africa's past and present, addressing anxieties about the future through the epistemological lens of literature. The contributors peep ahead from a

backward glance. They dissect the trend and tenor of politics and their impact on the socio-cultural and economic development of the continent as portrayed in imaginative writings over the years. One salient feature of African literature is the close affinity between art and politics in its polemics. This is well established in all the six essays in the book as the authors stress the

interconnections between literature and society in their textual analyses. On the whole, there is an overwhelming feeling of angst and pessimism, but the authors perceive a glimmer of hope despite daunting odds, under different conditions. Thus, they depict the plausible fate of Africa in the twenty-first century, as informed by its ancient and recent past, gleaned from primary texts.

Review
Sometimes
chasing a
dream can
become a
nightmare...
Alecia Preen is
living in
poverty and
desperate to
make a better
life for herself.
Having moved
to a new area
for new
beginnings
after being
disowned by
her family,
money was
fast running
out. She is
struggling to
make ends
meet. With
the intention
of charging
lonely men
online for her

services, Alecia realises she can supplement her income by being unscrupulous. In meeting Jake Parker he requests that she role-plays as a psychiatrist, but he makes her aware of an underground millionaires playground called Sordida. He warns her to stay away. As Alecia's curiosity gets the better of her, she is amazed by the wealth and decadence on offer. Sordida is not the club

she had anticipated because behind the legendary name lurks a very dark secret. A secret that could cost her everything. He pays by the hour and Alecia pays in ways she had never imagined. A gripping thriller novella with a nail-biting twist. Readers of K.L. Slater and T.M. Logan will not be able to put this one down. Readers can't get enough of J A Andrews psychological thrillers:

'WOW!!! JA Andrews has an incredible gift of writing psychological thrillers...I was just blown away by everything in this book and need to read more by this author.

Needless to say I am an instant huge fan!!'

of the bilateral relationship is the culmination of years of disputes, disillusionment, disappointment, and distrust between the two countries. Washington has legitimate concerns about Beijing's excessive domestic political control and aggressive foreign policy stances, just as Chinese leaders believe the United States still has futile designs on blocking their country's

inevitable rise to great-power status. Cheng Li's Middle Class Shanghai argues that American policymakers must not lose sight of the expansive dynamism and diversity in present-day China. The caricature of the PRC as a monolithic Communist apparatus set on exporting its ideology and development model is simplistic and misguided. Drawing on empirical research in the realms of

higher education, avant-garde art, architecture, and law, this unique study highlights the strong, constructive impact of bilateral exchanges. Combining eclectic human stories with striking new data analysis, this book addresses the possibility that the development of China's class structure and cosmopolitan culture—exemplified and led by Shanghai—co

uld provide a force for reshaping U.S.-China engagement. Both countries should build upon the deep cultural and educational exchanges that have bound them together for decades. The author concludes that U.S. policymakers should neither underestimate the role and strength of the Chinese middle class, nor ostracize or alienate this force with policies that push it toward jingoistic nationalism to

the detriment of both countries and the global community. With its unique focus, this book will enlighten policymakers, scholars, business leaders, and anyone interested in China and its increasingly fraught relations with the United States.
