A Novel Harlequin

Calling all Raina Telgemeier fans! It's back to school for Katie the Catsitter in this purr-fectly irresistible graphic novel series about friendship, heroes, and cats (lots of cats)! Katie loves skating with the Wheelas and the fact that she's officially a superhero sidekick. But now that school's starting, everything's changing. The Mousetress is getting blamed for things Katie knows she didn't do. Sidekick training is NOT as exciting as she'd hoped.

Katie's best friend Beth is back in town and Beth's new boyfriend is always hanging around (ugh!). Not to mention that all of Katie's friends are mad at her. Fixing this will be harder than any skateboarding trick. But with the help of 217 slightly out of the ordinary cats, Katie's going to try! Can she clear the Mousestress's name, uncover the real supervillain, and become the sidekick (and the friend) she's always dreamed of being? "Readers will revel in the heroic antics." -The New York Times

Massie a hero for hosting the first boy/girl Halloween party of eighth grade. But her parents insist that she invite the entire class. Unfortunately for Massie, that means "everyone."

**Our Country Friends** Penguin

From the Booker Prize-winning author of *The Remains of the Day* and *When We Were Orphans*, comes an unforgettable edge-of-your-seat mystery that is at once heartbreakingly tender and morally courageous about what it means to be human. Hailsham seems like a pleasant English boarding school, far from the influences of the city. Its students are well tended and supported, trained in art and literature, and become just the sort of people the world wants them to be. But, curiously, they are taught nothing of the outside world and are allowed little contact with it. Within the grounds of Hailsham, Kathy grows from schoolgirl to young woman, but it's only when she and her friends Ruth and Tommy leave the safe grounds of the school (as they always knew they would) that they realize the full truth of what Hailsham is. *Never Let Me Go* breaks through the boundaries of the literary novel. It is a gripping mystery, a

beautiful love story, and also a scathing critique of human arrogance and a moral examination of how we treat the vulnerable and different in our society. In exploring the themes of memory and the impact of the past, Ishiguro takes on the idea of a possible future to create his most moving and powerful book to date.

An editor at *This American Life* reveals the searing story of the secret binge-eating that dominated her adolescence and shapes her still. "Her tale of compulsion and healing is candid and powerful." —People NAMED ONE OF THE BEST BOOKS OF THE YEAR BY MARIE CLAIRE For almost thirty years, Susan Burton hid her obsession with food and the secret life of compulsive eating and starving that dominated her adolescence. This is the relentlessly honest, fiercely intelligent story of living with both anorexia and binge-eating disorder, moving past her shame, and learning to tell her secret. When Burton was thirteen, her stable life in suburban Michigan was turned upside down by her parents' abrupt divorce, and she moved to Colorado with

her mother and sister. She seized on this move west as an adventure and an opportunity to reinvent herself from middle-school nerd to popular teenage girl. But in the fallout from her parents' breakup, an inherited fixation on thinness went from "peculiarity to pathology." Susan entered into a painful cycle of anorexia and binge eating that formed a subterranean layer to her sunny life. She went from success to success—she went to Yale, scored a dream job at a magazine right out of college, and married her college boyfriend. But in college the compulsive eating got worse—she'd binge, swear it would be the last time, and then, hours later, do it again—and after she graduated she descended into anorexia, her attempt to "quit food." Binge eating is more prevalent than anorexia or bulimia, but there is less research and little storytelling to help us understand it. In tart, soulful prose Susan Burton strikes a blow for the importance of this kind of narrative and tells an exhilarating story of longing, compulsion and hard-earned self-revelation.

Revenge of the Wannabes Head of Zeus Ltd

INSTANT NEW YORK TIMES BESTSELLER

This unflinching "master class" (The New York Times) of a memoir from two-time

Olympic gold medalist and NBA Hall of Famer reveals how Scottie Pippen, the youngest of twelve, overcame two family tragedies and universal disregard by college scouts to become an essential component of the greatest basketball dynasty of the last fifty years. Scottie Pippen has been called one of the greatest NBA players for good reason. Simply put, without Pippen, there are no championship banners—let alone six—hanging from the United Center rafters. There's no Last Dance documentary. There's no "Michael Jordan" as we know him. The 1990s Chicago Bulls teams would not exist as we know them. So how did the youngest of twelve go from growing up poor in the small town of Hamburg, Arkansas, enduring two family tragedies along the way, to become a revered NBA legend? How did the scrawny teen, overlooked by every major collegiate basketball program, go on to become the fifth overall pick in the 1987 NBA Draft? And, perhaps most compelling, how did Pippen set aside his ego (and his own limitless professional ceiling) in order for the Bulls to become the most dominant basketball dynasty of the last half century? In Unguarded, the

six-time champion and two-time Olympic gold medalist finally opens up to offer pointed and transparent takes on Michael Jordan, Phil Jackson, and Dennis Rodman, among others. Pippen details how he cringed at being labeled Jordan's sidekick, and discusses how he could have (and should have) received more respect from the Bulls' management and the media. Pippen reveals never-before-told stories about some of the most famous games in league history, including the 1994 playoff game against the New York Knicks when he took himself out with 1.8 seconds to go. He discusses what it was like dealing with Jordan on a day-to-day basis, while serving as the facilitator for the offense and the anchor for the defense. Pippen is finally giving millions of adoring basketball fans what they crave; an unvarnished, "closely observed, and uncommonly modest" (Kirkus Reviews) look into his life and role within one of the greatest, most popular teams of all time.

A compelling #ownvoices story about friendship, rivalry, and sacrifice, original for our Point line.

*The Clique* Scholastic Inc.

In the second book starring Westchester County's most privileged middle schoolers, the Clique declares Massie a hero for hosting the first boy/girl Halloween party of 8th grade. Massie's already hired Landon Dorsey, the hottest party planner in the 9-1-4 area code, but her parents insist she has to invite the entire class. Unfortunately that means everyone. Layne is bummed that the boys will be there -- she IMs Claire that's so "DESPR8" -- as Claire wonders if maybe a boyfriend will make her happy. Meanwhile, Massie and the Clique are fighting over who gets to invite Derek Herrington. Dylan thought it

was obvious that she was the one who danced all night with Derek at the OCD benefit last month, but says "Whatevs" when Kristen gets all weird about it. Fine, she can have him. He was a terrible dancer anyway and there will be tons of guys to choose from at the party....

Massie Block: The Briarwood boys have invaded OCD and are taking over everything. Worse, the soccer boys have become so popular that the Pretty Committee's alpha status is in serious jeopardy. So Massie lays out a New Year-New Pretty Committee rule: Anyone caught crushing on a boy will be thrown out of the NPC-forever. But will she be able

to follow her own decree when she sees that Derrington has ditched his shorts-obsession in favor of ah-dorable jeans? Alicia Rivera: Is the opposite of onboard with the boyfast. Her crush, the Ralph Lauren-luh-ving Josh Hotz, is more irresistible than crème brûlée fro-yo. But is he worth losing her spot in the NPC? And taking on the wrath of Massie? Dylan Marvil: Is so ready for the boyfast. She's straightened her unruly red hair and permanently pressed boys out of her life. If only she could do the same with curly fries and caramel popcorn. Kristen Gregory: Has traded her sporty-chic Pumas for Billabong board shorts and a shark tooth necklace. She claims she's sworn off boy-crushes, so what's with her Blue Crush makeover? Claire Lyons: Spent all summer thinking about Cam's one blue eye and one green eye. But now he's

moved on to a new girl faster than you can say cuh-yutest couple. At least Claire finally has a secure spot in the NPC-unless jealousy-flirting breaks the boyfast. . . . The Clique: The only thing harder than getting in is staying in.
