Reference India: M-R Lonely Planet Aesthetic theory in the West has, until now, been dominated by ideas of effect, autonomy, and reception. Transformative Aesthetics uncovers these theories' mutual concern with the transformation of those involved. From artists to spectators, readers, listeners, or audiences, the idea of transformation is one familiar to cultures across the globe. Transformation of the individual is only one part of this aesthetic phenomenon, as contemporary artists are increasingly called upon to have a transformative, sustainable impact on society at large. To this end, Erika Fischer Lichte and Benjamin Wihstutz present a series of fresh perspectives on the

discussion of aesthetics, uniting Western theory with that of India, China, Australia, and beyond. Each chapter of Transformative Aesthetics focuses on a different approach to transformation, from the foundations of aesthetics to contemporary theories, breaking new ground to establish a network of thought that spans theatre, performance, art history, cultural studies, and philosophy. For Annual Convention Held in 2003 at Princeton, New Jersey Art Media Resources Limited Lonely Planet's India is your passport to the most relevant, up-to-date advice on what to see and skip, and what hidden discoveries await you. Kathak, the Indian classical dance form prevalent in the North, has a long past. Nurtured in the holy precincts of the Hindu temples, Kathak dance has over the centuries, attained refinement and enriched itself with various hues and

embellishments. The art of story-telling which found expression in various forms like the Akhyana by the Manabhattas of Gujarat, the Pandavani by the artistes telling stories in Madhya Pradesh, the Harikathas and Kalakshepams of the South, the Kirtanas of the West, the art of Wari-liba, story-telling of the North-East, specially of Manipur, reflects the rich heritage Kathak has inherited over the years. In forms such as Baithakachi Lavani and the bhava to the Ghazals the range is both varied and vast. Though essentially seen in its solo form, Kathak in its Natya aspects shares a large corpus of the Rasalilas of Brindavan. Its journey from the Hindu temples to the courts of the Mughals is quite fascinating and the various elements it has imbibed over the different periods in history have given Kathak an exquisite character. The Persian influence, the patronage of the Muslim kings, the flowering of the two main gharanas (schools), the Jaipur and the Lucknow, and the contribution of the Maharaj Brothers, the famous descendants of Kalka-Bindadin, viz.; Acchan Maharaj, Shambhu Maharaj, Lacchu Maharaj and Birju Maharaj, the great gurus of Jaipur like Jailalji and Sunder Prasadji portray Kathak as it has developed in recent times.

Whereas the Choreographic attempts by Madame Menaka and later on by Birju Maharaj and Kumudini Lakhia provide a perspective for viewing Kathak in its many-faceted forms. The footwork, the nritta pieces like tode, tukde, parans, the improvisational aspects and the simple graceful gats and gat-nikas, the illusion of miniature paintings coming to life and many other aspects are vividly captured in this most comprehensive and thorough;y researched book on Kathak. It has an attractive section on the contemporary practitioners ranging from Birju Maharaj, Sitara Devi, Damayanti Joshi, Kumudini Lakhia, Rohini Bhate, Roshan Kumari, Gopi Krishna, Durgalal to the young exponents who carry forward the tradition in the present times. Lavishly illustrated with colour and black and white photographs and designed by Dolly Sahiar the many-splendoured beauty of Kathak is captured in this volume, which should appeal to the cognoscenti and lay readers alike.

Jay Pather, Performance and Spatial Politics in South Africa offers the first full-length monograph on the award-winning choreographer, theater director, curator, and creative artist in contemporary global performance. Working within the contexts of African studies, dance, theater, and performance, Ketu H. Katrak explores the extent of Pather's productive career but also places him and his work in the South African and global arts scene, where he is considered a visionary. Pather, a South African of Indian heritage, is known as a master of space, site, and location. Katrak examines how Pather's performance practices place him in the center of global trends that are interdisciplinary,

multidisciplinary, collaborative, and multimedia and that cross borders between dance, theater, visual art, and technology. Jay Pather, *Performance and Spatial Politics in South Africa* offers a vision of an artist who is strategically aware of the spatiality of human life, who understands the human body as the nation's collective history, and who is a symbol of hope and resilience after the trauma of violent segregation. Presenting an alternative perspective, this book proposes that performing arts forge an emotional bond between the performer and the audience, making the act of performance a therapeutic and restorative experience, and not merely recreational. Studying the life-experiences of six artists, and their unique engagement with three art forms — music, drama and dance — the book highlights the physical, emotional, mental, and spiritual effects of performing arts both on the performers and the audience. More importantly, it takes the current understanding of the therapeutic role of arts beyond a deficit model of health that focuses on their use in curing illnesses, disabilities and imbalances, towards a more positive growth-centric model that relates them to promoting holistic mental health, well-being and happiness. It thus bridges the gap between the theoretical understanding of creative arts therapy and the practical experience of performing arts in non-therapeutic settings. Further, it assumes increasing relevance with respect to fast-changing lifestyles to which stress and ill-health are often attributed. The book will appeal to artists, educators and researchers of performing arts, applied psychology, counselling and therapy, and cultural studies, as well as interested general readers.

Flexible Bodies honors the lives and labor of British South Asian dancers and celebrates their contributions to a distinct and dynamic sector of British dance. Drawing on expertise gained from over seven years dancing in Britain, author Anusha Kedhar presents a multifaceted picture of British South Asian dance as its own distinctive genre. Analyzing dance works, dance films, rehearsals, and touring - alongside immigration policy, arts funding initiatives, and global economic conditions - *Flexible Bodies* traces shifts in British South Asian dance from 1990s "Cool Britannia" multiculturalism to fallout from the 2008 global financial crisis and, more recently, the anti-immigration rhetoric leading up to the Brexit referendum in 2016. Kedhar draws on over

a decade of interviews and conversations with dancers in Britain as well as in-depth choreographic analysis of major dance works to reveal the creative ways in which British South Asian dancers negotiate neoliberal, multicultural dance markets through an array of flexible bodily practices. Providing a new, critical dance studies lens through which to view the precarious economic, racial, national, and legal positions of South Asians in Britain, *Flexible Bodies* ultimately argues for centering dance labor in studies of neoliberalism.

New Interpretations of Meaning, Aesthetics, and Art Partridge Publishing
This book explores cinema and film theory through classical Indian theories. While non-Western philosophies have largely been ignored by existing paradigms, Gopalan Mullik responds through an interrogation of how audio-visual images are processed by the audiences at the basic level of their being outside of Western experience. In the process, this book moves away from the heavily Eurocentric film discourse of today while also detailing how this new platform for understanding cinema at the most basic level of its meaning can build upon existing film theories rather than act as a replacement for them.
