American English File Second Edition retains the popular methodology developed by world-renowned authors Christina Latham-Koenig and Clive Oxenden: language + motivation = opportunity. With grammar, vocabulary, and pronunciation practice in every lesson, students are equipped with a solid foundation for successful speaking. Plus - an array of digital resources provides even more choice and flexibility. Students can learn in the classroom or on the move with Online Practice. language assessment. The first goal is to explore the difference between fairness and justice in language assessment. The authors distinguish internal and external dimensions of the equitable and just treatment of individuals taking language tests which are used as gatekeeping devices to determine access to education and employment, immigrant status, citizenship, and other rights. The second goal is to show how the extent of test fairness can be demonstrated and improved using the tools of psychometrics, in particular the models collectively known as Rasch measurement. "This book will have an enormous impact on the field of language assessment. Using Rasch analysis models to explore and identify sources of unfairness, the authors make a compelling case for fairness in the design and implementation of language assessment instruments and for justice in the interpretation and use of test results. A real strength of the book is that it guides readers through analytical techniques in an accessible way." Dan Douglas, Professor Emeritus, Applied Linguistics Program, Iowa State University. *Magic Time 1* Oxford University Press, USA
A two-level introductory series for kindergarten and early elementary students studying English for the first time.

Our World 3 OXFORD University Press

Everybody Up motivates children to learn by linking the English classroom to the wider world. The more links you make, the more children are likely to remember. It's the way they naturally learn. Links to other school subjects Colorful cross-curricular lessons at the end of every unit provide a practical link to other school subjects. Learning content through English is meaningful and inspiring to children. Links to values and real life Real-life stories teach important life lessons such as being helpful. Values and good citizenship will please parents and help teachers with classroom management. Links between school and home A special Everybody Up Friend in each lesson provides children with language they can take home and demonstrate to their parents. Plus, the songs are so catchy they will want to practice them at home. Links with students around the world Join our Global Sing-along and sing along with children in other countries! The songs in Everybody Up are written by award-winning songwriters, each with a different style. There's something for everyone. Links to standardized English tests Everybody Up helps prepare children for standardized tests through the Test Center CD-ROM and the skills focus in Levels 5 and 6.

Show and Tell taps into children's natural curiosity, asking a question such as "who makes you happy?" or "what do our senses tell us?" as the focus for each unit. Activities encourage children to explore the question while learning the language they need to think and talk about it. End-of-unit class projects consolidate learning and encourage children to work collaboratively. Opportunities to "Show and Tell" allow them to present their projects in class or at home, and to talk about what they have learned - in English! Stories, hand-eye coordination practice and letter formation activities lead to reading and writing simple sentences. Problem-solving activities encourage children to think critically and creatively. Values lessons teach children how to behave both inside and outside the classroom.

Everybody Up, Level 3 Penguin

Vexillology, or the study of flags is a fascinating and ever-changing subject. The Complete Flags of the World presents a detailed and compelling overview of the history behind the development of world flags. Each national flag is fully described with text and annotations that describe its history, the development of its design, the significance of colors, symbols, and crests. Even the smallest countries are given a full page, and the story of each flag is analyzed consistently to make comparisons simple. The attractive format and handy pocket size will make this an ideal gift or reference for anyone who is interested in flags.

The English Connection, an integrated skills course, highlights the

holistic approach to language teaching and learning. The underlying principles of language learning advocated by the CBSE, i.e., learner autonomy, reflective thinking, creativity, and interactive learning, have been incorporated in the pedagogy that is embedded in the course content of the series.

Making it All Work Cambridge University Press

Using an inquiry-based approach to learning, Oxford Discover develops the communication skills and thinking skills students need for success in the 21st century. Who are your family and friends? Where can we see colors? How can we make music? Oxford Discover uses Big Questions such as these to tap into students' natural curiosity. It enables them to ask their own questions, find their own answers, and explore the world around them. This approach to language learning and literacy, supported by a controlled grammar and skills syllabus, helps students achieve near-native fluency in English. Oxford Discover gives teachers the tools to develop children's 21st century skills, creating young thinkers with great futures. Use with Show and Tell as part of 9-level course.

ONE OF BUSINESS INSIDER'S BEST BUSINESS BOOKS TO READ

THIS SUMMER A guide to the early morning habits that boost your productivity and relax you—featuring interviews with leaders like Arianna Huffington, General Stanley McChrystal, Marie Kondo, and more. Marie Kondo performs a quick tidying ritual to quiet her mind before leaving the house. The president of Pixar and Walt Disney Animation Studios, Ed Catmull, mixes three shots of espresso with three scoops of cocoa powder and two sweeteners. Fitness expert Jillian Michaels doesn't set an alarm, because her five-year-old jolts her from sleep by jumping into bed for a cuddle every morning. Part instruction manual, part someone else's diary, the authors of My Morning Routine interviewed sixty-four of today's most successful people, including three-time Olympic gold medalist Rebecca Soni, Twitter cofounder Biz Stone, and General Stanley McChrystal—and offer timeless advice on creating a routine of your own. Some routines are all about early morning exercise and spartan living; others are more leisurely and self-indulgent. What they have in common is they don't feel like a chore. Once you land on the right routine, you'll look forward to waking up. This comprehensive guide will show you how to get into a routine that works for you so that you can develop the habits that move you forward. Just as a Jenga stack is only as sturdy as its foundational blocks, the choices we make throughout our day depend on the intentions we set in the morning. Like it or not, our morning habits form the stack that our whole day is built on. Whether you want to boost your productivity, implement a workout or meditation routine, or just learn to roll with the punches in the morning, this book has you covered.
