An auteur and the creator of multiple cinematic universes, James Wan has become one of the most successful directors in history, his films breaking box office records worldwide. Yet there is little scholarship on Wan's work. This collection of new essays fills the gap with contributions from around the globe offering analysis of his film and television productions, including *Saw* (2004), *Aquaman* (2018) and *The Conjuring Universe* franchise, along with less well-known works like *Death Sentence* (2007), *Dead Silence* (2007) and his pilot for the new *MacGyver* series. For the first time, Wan's films are explored in-depth from wide range of critical perspectives.

Animal Movies Guide Penguin

Only ten years ago, the entire nation was struck by a chemical weapon which destroyed most people's memories. Akiry, a young woman who makes her way smuggling amongst the lower caste of the rebuilt country, is haunted by dreams of a daughter she otherwise does not remember. As civil war erupts in the city around her, she takes the last chance she has to find the truth about her daughter and her past.

The Demonologist: The Extraordinary Career of Ed and Lorraine Warren Simon and Schuster

The inspiration for the film starring Anthony Hopkins, journalist Matt Baglio uses the astonishing story of one American priest's training as an exorcist to reveal that the phenomena of possession, demons, the Devil, and exorcism are not merely a remnant of the archaic past, but remain a fearsome power in many people's lives even today. Father Gary Thomas was working as a parish priest in California when he was asked by his bishop to travel to Rome for training in the rite of exorcism. Though initially surprised, and slightly reluctant, he accepted this call, and enrolled in a new exorcism course at a Vatican-affiliated university, which taught him, among other things, how to

distinguish between a genuine possession and mental illness. Eventually he would go on to participate in more than eighty exorcisms as an apprentice to a veteran Italian exorcist. His experiences profoundly changed the way he viewed the spiritual world, and as he moved from rational skeptic to practicing exorcist he came to understand the battle between good and evil in a whole new light. Journalist Matt Baglio had full access to Father Gary over the course of his training, and much of what he learned defies explanation. *The Rite* provides fascinating vignettes from the lives of exorcists and people possessed by demons, including firsthand accounts of exorcists at work casting out demons, culminating in Father Gary's own confrontations with the Devil. Baglio also traces the history of exorcism, revealing its rites and rituals, explaining what the Catholic Church really teaches about demonic possession, and delving into such related topics as the hierarchy of angels and demons, satanic cults, black masses, curses, and the various theories used by modern scientists and anthropologists who seek to quantify such phenomena. Written with an investigative eye that will captivate both skeptics and believers alike, *The Rite* shows that the truth about demonic possession is not only stranger than fiction, but also far more chilling.

The Apology Box Simon and Schuster

"The original prose novel featuring multiple illustrations by Hellboy artist Mike Mignola, plus the one-shot comic *The Widow and the Tank*"--Dark Horse website.

Used as a text in seminaries and classrooms, this is one book you can't put down. For over five decades Ed and Lorraine Warren have been considered America's foremost experts on demonology and exorcism. With over 3,000 investigations to their credit, they reveal what actually breaks the peace in haunted houses. Ever have a moment you wish you could undo? A wickedly brilliant tale of revenge, mystery, and fate, Antony Moore's *The Swap* is at once a gripping thriller and a hilarious black comedy—a book for anyone who's ever wondered what could have been. . . . Harvey Briscow—smoker, drinker, comic-shop owner—is facing another school reunion back in Cornwall. Having spent the last two decades second-guessing himself, Harvey isn't thrilled at the prospect of showing his classmates the mess

he's made of his life. But this is Harvey's twentieth reunion, a milestone that all but guarantees that Charles "Bleeder" Odd—the freakish reject who made off with Harvey's now-priceless Superman One comic in a school-yard swap—will be in attendance. But when Harvey returns to Cornwall, hoping to retrieve his comic, he's met with more than a few surprises. . . . Bleeder is now dazzlingly successful—and quite content to watch Harvey squirm, refusing to acknowledge their long-ago trade. And Harvey—fueled by drink and the promise of a beautiful woman—soon makes a fateful choice, one he instantly wishes he could undo. A dead body and an enraged husband further complicate matters . . . but there's a silver lining in this strange chain of events: suddenly one bad swap is the least of Harvey's regrets. . . .
