Belbin Team Role Theories Notion  
A widely recognised team role theory was suggested by Belbin in 1981. Belbin believes that each of us possesses a pattern of behaviour that characterises one person's behaviour in relationship to another in facilitating the progress of a team. Dr Meredith Belbin defines a team role as: "A tendency to behave, contribute and interrelate with others in a particular way."  
Belbin team Role Theories - Notion Coaching  
Team Roles refer to the kind of behaviour individuals display, when they are part of a team. Dr. Belbin defines 9 roles that can be recognised when individuals work in teams. The Implementer. Believes in converting ideas into briefs, and then working through the brief, systematically. Strengths: Practical, systematic, efficient, and reliable.  
Belbin Team Roles Definition and Theory Explained  
Dr Meredith Belbin and his team discovered that there are nine clusters of behaviour - these were called ' Belbin Team Roles' (see descriptions below). Each team needs access to each of the nine Belbin Team Role behaviours to become a high performing team. However, this doesn't mean that every team requires nine people! Most people will have two or three Belbin Team Roles that they are most comfortable with, and this can change over time.
