2006 ASHRAE Handbook Courier Corporation  
 Practical Science is an exciting new science course for Lower Secondary. The books are structured simply, and feature a wealth of full-colour photographs, diagrams and illustrations which will engage students and help bring science to life. Each unit states the outcomes as

detailed in the syllabus and takes account of the skills, attitudes and values required. At the conclusion of each topic is a summary of main ideas. The Grade 9 book also includes a fascinating section showcasing real PNG scientists and their work at home and abroad. Practical Science Amer Society of Heating Clear treatment of systems and first and second laws of thermodynamics features informal language, vivid and lively examples, and fresh perspectives. Excellent supplement for undergraduate

science or engineering class.
