[Natural Cat Food, 100% natural ingredients, a wide range ...](#) This yielded 27 studies. Analysis of those studies found the natural diet of a domestic feral cat, on average, is (on a dry matter basis) 62.7% protein. 22.8% fat. 11.8% minerals. 2.8% carbohydrates. The amount of carbohydrates cats naturally eat is very, very small. [The Natural Diet of the Cat - Food Fur Life](#) [Natural Instinct](#) is Biologically Appropriate Raw Feed ("BARF") for dogs and cats providing a balanced nutritional and delicious diet. [Recipes & Ingredients](#) All recipes contain the

finest ingredients and are available in a wide variety of flavours catering for all your dogs and cats individual tastes and needs. Natural Cat Food - BARF Diet For Cats | Natural Instinct The domestic cat's natural diet consists of small rodents and mammals. On average a prey item is 62% animal derived protein, 10% fat with 14% ash, which is mainly mineral content from bone (see the table below). The Essential Guide To Cat Food Diets | Vet's Kitchen Blog It is widely known that cats have a dietary need for both calcium and phosphorous. Calcium is required by the body, not only for bones, but also for muscle control and ion balance. Feline Nutrition - The Most Important Decision Keep in mind, however, that the best carbohydrates for cats are digestible sources like cooked brown rice or oatmeal - gluten-free and grain-free options like tapioca, sweet potato, or fresh fruits and vegetables are also a good option. Ideally, however, your cat's diet should contain no more than 10% carbohydrate from any source. Best Holistic Cat Food 2020 - Kitty Catter While insulin may be necessary to ensure effectiveness in managing diabetes in cats, pet parents can also take a natural approach to diet and lifestyle changes following a diabetes diagnosis. Raines recommends a low-carb diet without the addition of grains, sweet potatoes, potatoes, and green peas.

Cats will naturally eat several small meals per day and making sure that your cat enjoys a balanced diet suitable for their age, health status and lifestyle will keep them fit and strong. Top tips for feeding cats: Without drinking water, your cat could become severely ill within hours. Give your cat constant access to clean drinking water.
