He opened his eyes as she stepped into the bath. She had lit a lamp but turned the wick low. She was black with silvery glints of mica, and her hair was twisted up and pinned. She washed with a sponge and cloth, watching in a full-length mirror not in admiration but because fine coal dust had insinuated itself completely into the pores of her skin. As she washed she progressed from ebony to blue, and from blue to olive, like a watercolour turning to a lighter colour... Rose said, 'What's your name? You know mine, I don't know yours.' 'Blair.' 'You're a bastard, Mr Blair.' Rose is a searing love story, a gripping adventure and a haunting mystery. It is the story of Jonathan Blair, an American adventurer cast adrift in Victorian England who must travel north to solve the mysterious disappearance of a

young cleric... and confront his own heart of darkness...

NEW YORK TIMES BESTSELLER In this explosive book, New York Times bestselling author and president of Judicial Watch Tom Fitton explains how the Radical Left and the Deep State destroyed the Trump presidency. With his trademark "readable, engaging, persuasive" (The Washington Times) writing, Tom Fitton identifies the major forces posing a continued threat to American democracy. Hillary Clinton Email Scandal: How the Clinton team and senior officials at the Obama State Department conspired to cover up Hillary Clinton's secret email system—and shocking revelations that tie the Obama White House to the cover-up! Voter Fraud: How Soros-funded groups attack states that seek to protect clean elections by challenging voter ID laws, and how the Left is cynically peddling COVID-19 crisis electoral "reforms," such as mail-in voting, which could increase voter fraud and election chaos. And shocking numbers about dirty voting rolls across the nation! Illegal Immigration: How deadly illegal "sanctuary" policies are exploding across America, and how our nation's sovereignty has been under assault by radical open-border advocates. Subversive Deep State collaborators with ties to the Clinton and Obama machines not only launched countless—often illegal—operations to stop and then remove Trump, but even more alarmingly, are working to transform the United States into something truly unrecognizable to all who believe in liberty and the rule of law. "This is must reading for every American who wants to save our nation" (Sean Hannity, #1 New York Times bestselling author).

AN ARKADY RENKO NOVEL: #8 'One of those writers that anyone who is serious about their craft views with respect bordering on awe' Val McDermid 'Makes tension rise through the page like a shark's fin' Independent *** When the brilliant and fearless young reporter Tatiana Petrovna falls to her death from a sixth-floor window in Moscow in the same week that notorious mob billionaire Grisha Grigorenko is shot in the back of the head, Renko finds himself on the trail of a mystery as complex and dangerous as modern Russia itself. The body of an elite government translator shows up on the sand dunes of Kalingrad: killed for nothing but a cryptic notebook filled with symbols. A frantic hunt begins to locate and decipher this notebook. In a fast-changing and lethal race to uncover what this translator knew, and how he planned to reveal it to the world, Renko makes a startling discovery that propels him deeper into Tatiana's past - and, at the same time, paradoxically, into Russia's future. From the spymaster and inspiration for the movie *Argo*, discover the "real-life spy thriller" of the brilliant but under-supported CIA operatives who developed breakthrough spy tactics that helped turn the tide of the Cold War (Malcolm Nance). Antonio Mendez and his future wife Jonna were CIA operatives working to spy on Moscow in the late 1970s, at one of the most dangerous moments in the Cold War. Soviets kept files on all foreigners, studied their patterns, and tapped their phones. Intelligence work was effectively impossible. The Soviet threat loomed larger than ever. *The Moscow Rules* tells the story of the intelligence breakthroughs that turned the odds in America's favor. As experts in disguise, Antonio and Jonna were instrumental in developing a series of tactics -- Hollywood-inspired identity swaps, ingenious evasion techniques, and an armory of James Bond-style gadgets -- that allowed CIA officers to outmaneuver the KGB. As Russia again rises in opposition to America, this remarkable story is a tribute to those who risked everything for their country, and to the ingenuity that allowed them to succeed.

A Nazi conspiracy in the heart of modern-day Manhattan—the blockbuster New York Times bestseller that became the classic film thriller. At Columbia University, Thomas “Babe” Levy, a postgrad history student and aspiring marathon runner, is working to clear his late father's name after the scandal of his suicide, triggered by the McCarthy hearings and accusations of Communist affiliations. In Paraguay, Dr. Christian Szell, former Nazi dentist and protégé of Josef Mengele, has been in exile for decades. Infamous as the “White Angel of Auschwitz,” he's leaving his South American sanctuary to smuggle a fortune in gems out of New York City. Meanwhile, in London's Kensington Gardens, an international assassin known only as Scylla has completed a hit. A man with too many secrets and twice as many enemies, Scylla has become a target himself, with only one place left to turn. Then, when Babe's revered older brother, Doc, pays him a fateful and unexpected visit, it sets in motion a chain of events plunging Babe into a paranoid nightmare of family betrayal, international conspiracy, and the dark crimes of history. Now, the marathon man is running for his life, and closer to answering a single cryptic and terrifying question: “Is it safe?” William Goldman's *Marathon Man* was adapted by the author for the award-winning 1976 film starring Dustin Hoffman and Laurence Olivier. Upon its publication, the Washington Post called it “one of the best novels of the year,” and it remains a powerful, horrifying read. In the words of #1 New York Times–bestselling author Harlan Coben: “I found myself racing through it. You could have put a gun to my head, and I wouldn't have been able to put [Marathon Man] down.” This ebook features a biography of William Goldman.

In an effort to end the world, an unhappy, aging Native American shaman invokes the Hopi god of death. Those around him remain skeptical, dismissing him as crazy old man. Then they discover his mutilated, bloody body and soon other similarly disfigured bodies begin to appear. Horses, sheep, cattle—no living thing is safe. But what is causing the horrible deaths? Deputy Sheriff Duran is called back to the reservation to investigate. Immediately, Duran recognizes the significance of the shaman's spell and, with the help of two scientists, he works to combat the supernatural scourge—before there's nothing left to save.
