Most people in the United States have forgotten that tens of thousands of U.S. citizens migrated westward to California by way of Panama during the California Gold Rush. Decades before the completion of the Panama

Canal in 1914, this slender spit of land abruptly became the linchpin of the fastest route between New York City and San Francisco—a route that combined travel by ship to the east coast of Panama, an

overland crossing to Panama City, and a final voyage by ship to California. In *Path of Empire*, Aims McGuinness presents a novel understanding of the intertwined histories of the California Gold Rush, the course of U.S. empire, and anti-imperialist politics in Latin America. Between 1848 and 1856, Panama saw the building, by a U.S. company, of the first transcontinental railroad in world history, the final abolition of slavery, the establishment of universal manhood

suffrage, the foundation of an autonomous Panamanian state, and the first of what would become a long list of military interventions by the United States. Using documents found in Panamanian, Colombian, and U.S. archives, McGuinness reveals how U.S. imperial projects in Panama were integral to developments in California and the larger process of U.S. continental expansion. *Path of Empire* offers a model for the new transnational history by

unbinding the gold rush from the confines of U.S. history as traditionally told and narrating that event as the history of Panama, a small place of global importance in the mid-1800s. For more information about the United States in the World series, click here.

[A California Gold Rush History](#) Golden Owl Publishers

Uses primary source documents, narrative, and illustrations to recount how the mid-nineteenth century California gold rush affected Americans

and immigrants and how it shaped history.

American Alchemy

Macmillan Higher Education

A history of the California Gold Rush documents the first discovery of raw gold in 1848, the dangerous and lengthy routes to San Francisco, and the hordes of fortune-seeking people from all over the world who journeyed there.

Sisters of Fortune W.

W. Norton & Company

Uses more than 350 letters to reconstruct the lives of a trio of sister whose father, a U.S.

Congressman from New Hampshire, left them in 1850 for the Gold Rush.

Society in Grass Valley and Nevada City, California, 1849-1870

Sierra Oaks Publishing Company

As the army's topographical engineer in California from 1849 to 1851, George Horatio Derby wrote detailed reports on the region, its people, its resources, and its geography—providing critical information for an understaffed military charged with bringing order to a vast new

empire along the Pacific Slope. Early maps and reports by pioneers, trappers, and newspapermen, even by such professionals as John C. Frémont and William Emory, were limited in scope and often unreliable. In contrast, those authored by Derby and the army's other trained topographical engineers were remarkably accurate, extensive, and richly descriptive. Long buried in the files of the National Archives, they have also remained largely

unknown, even to historians. Collected and reproduced here for the first time, these journals and maps offer a new and unique perspective on California in the mid-nineteenth century. Derby's reports and journals appear alongside those of Robert Stockton Williamson, William H. Warner, Edward O. C. Ord, Nathaniel Lyon, Henry Walton Wessells, and Erasmus Darwin Keyes. These documents offer extraordinary firsthand views of the environment, natural resources,

geography, and early settlement, as well as the effects of disease on Native and white populations. The writers' detailed, often witty insights offer new understandings of life in California during an era of momentous change. Historian Gary Clayton Anderson and anthropologist Laura Lee Anderson provide historical, geographic, and biographical context in the book's introduction and in headnotes and annotations for each journal. With these

editorial enhancements, the documents reveal as much of the character of their authors and their time as of the land and peoples they so carefully describe.

The California Gold Rush: A Trans-Pacific Phenomenon-U.S Forge Books

Uses primary source documents, maps, charts, and statistics to trace the history and contributions of Hispanic Americans from their first travels across the Atlantic to the present day.

Stanford University Press Draws on personal correspondence and period diaries to present a history of the American Revolution that includes the siege of Boston, the American defeat at Brooklyn, the retreat across New Jersey, and the American victory at Trenton.

A Peter Fallon Novel of the California Gold Rush

University of Oklahoma Press Popular media depict miners as a rough-and-tumble lot who diligently worked the placers along

scenic rushing rivers while living in roaring mining camps in the foothills of the Sierra Nevada Mountains. Trafzer and Hyer destroy this mythic image by offering a collection of original newspaper articles that describe in detail the murder, rape, and enslavement perpetrated by those who participated in the infamous gold rush. "It is a mercy to the Red Devils," wrote an editor of the Chico Courier, "to exterminate them." Newspaper accounts of the era depict both the

barbarity and the nobility in human nature, but while some protested the inhumane treatment of Native Americans, they were not able to end the violence. Native Americans fought back, resisting the invasion, but they could not stop the tide of white miners and settlers. They became "strangers in a stolen land."

ABC-CLIO

The California gold rush of 1849 was a defining era in U.S. History. The discovery of gold led to a mass migration to the

country's west coast not only from the East Coast, but from all over the world. Travellers thronged to the area in the hope of becoming rich, but the truth is, few did. Many more made a living selling goods and services to the gold miners. This volume is packed with fascinating primary sources that bring the gold rush to life for readers. Readers will view and analyze numerous primary sources, including paintings, handwritten documents, political cartoons, photographs, and more. Sidebars

encourage students to ask and answer questions about primary sources surrounding the gold rush.

The Stampede that Changed the World

Macmillan Higher Education

"Skillfully selected, translated, and annotated, this compelling compendium of voices bear witness to the diversity and depth of the Chinese American experience and, significantly, its indispensable centrality to American life and history."--Gary Y. Okihiro,

author of *Common Ground: Reimagining American History* "Here at last is a wide-ranging record of Chinese American experiences from the viewpoints of the players. *Chinese American Voices* is an impressive feat of scholarship, an indispensable reference, and a compelling read."--Ruthanne Lum McCunn, author of *Thousand Pieces of Gold* and *The Moon Pearl* "This anthology offers a virtual "Gam Saan" (Gold Mountain) of original sources. The

stories burst with telling and re-affirm a vision of men and women as actors in history, who made themselves as Chinese Americans as they helped to make America itself."-- Ronald Takaki, author of *Strangers from a Different Shore: A History of Asian Americans* "This volume of sixty-two annotated documents, many translated from Chinese for the first time, is a boon to faculty and students interested in Chinese American history, Asian American history, U.S. immigration history, and

race and ethnic relations. The life stories, in particular, are appealing for students, the reading public, and scholars alike as they hear the voices of individuals long misunderstood, denigrated, and silenced. All of us owe a debt of gratitude to the three editors for their dedicated labor of love."--Sucheng Chan, author of *Chinese American Transnationalism: The Flow of People, Resources, and Ideas between China and America* during the

Exclusion Era "This is a superb collection."--Roger Daniels, author of *Guarding the Golden Door: American Immigration Policy and Immigrants since 1882 A Documentary History, 1849-1880* University of Oklahoma Press This comprehensive narrative history of the California Gold Rush describes daily life during this historic period, documenting its wide-reaching effects and examining the significant individuals and organizations of the time.

- Contains excerpts from California Gold Rush diaries and California Gold Rush era publications • Provides a chronology of the events leading up to the Gold Rush, the event itself, and the greater outgrowth of historical change afterwards • Includes maps distinguishing the location of the mining towns during the California Gold Rush as well as provocative vintage images from the Gold Rush era • An extensive bibliography provides primary and secondary

sources on the Gold Rush

- A comprehensive glossary defines Gold Rush terms

Eldorado Ashgate Publishing, Ltd.

Captures the multiethnic, multicultural world of the California Gold Rush, in a richly textured social history that profiles the era's diverse and colorful characters, the evolution of a unique society, and the sources of our legends and myths about the Gold Rush. Reprint.

They Saw the Elephant
UPNE

John A. Sutter

(1803-1880) could have become one of the richest men in California when gold was found on his property. Instead he lost his vast land holdings on the Sacramento and Feather Rivers and eventually left California penniless. Sutter always claimed to be the victim of charlatans, but he bore considerable responsibility for his downfall. He had amassed huge debts before the gold discovery and added even more afterward. In the rough dealings of frontier capitalism in gold

rush California, Sutter was easy prey. Soon after the gold discovery, Sutter's eldest son, John Jr., (1826-1897) arrived, but soon moved south to Mexico. Hoping to obtain compensation for the land that he and his father had lost, John, Jr., returned to California in 1855 to give his lawyer a thorough statement cataloging how both Sutters were swindled. This extensive document describes the dirty deals of the first great gold rush in the western United States. Sutter's statement has

not been available for sixty years. Editor Allan R. Ottley reproduced and annotated this statement, providing a full biographical context and offering an appendix, bibliography, and index. Albert L. Hurtado's introduction updates the book, originally published in 1942. [Read Along or Enhanced eBook](#) *The World Rushed In* The California Gold Rush Experience John Sutter's entrance into American history began because of a rocky situation. He fled

Switzerland in search of riches, leaving behind his wife and young children, because he owed people a great deal of money. After bartering his way from New York to the West Coast, Sutter started a settlement in California along the Sacramento River. The Gold Rush changed Sutter's life forever. Primary source documents and lively sidebars help tell this story of a man who made his mark on America. *The California Gold Rush* Greenwood Publishing Group

During the California gold rush, the state's population soared, its economy grew, new towns popped up, and its cities swelled. The state would not be what it is today without the gold rush. Help students achieve literacy in social studies through dynamic primary source documents! Primary sources provide authentic nonfiction reading materials, and help students understand continuity and change over time. The Gold Rush 6-Pack offers instructional

opportunities to guide students to increased fluency and comprehension of nonfiction text. Aligned to the National Council for Social Studies (NCSS) and other national and state standards, this nonfiction title includes essential text features like a glossary, index, captions, sidebars, and table of contents to increase understanding and build academic vocabulary. The Write It! culminating activity provides an opportunity for assessment that

challenges students to apply what they have learned in an interactive way. The Read and Respond activity immerses students in the content through diverse, engaging activities related to the content. This 6-Pack includes six copies of this title and a lesson plan. *The California Gold Rush and the New American Dream* U of Nebraska Press
This document collection examines the ways in which events in California resonated throughout the

Pacific Ocean, how different communities around the Pacific participated in and changed as a result of California's gold rush, and offers a perspective on the "Pacific World" as a place of connections, migration, and transits. Students are guided through their analysis of the primary sources with an author-provided learning objective, central question, and historical context.

Exterminate Them Wayne State University Press
The World Rushed In

California Gold Rush Experience University of Oklahoma Press
Roaring Camp Rosen Central
California during the gold rush was a place of disputed claims, shoot-outs, gambling halls, and prostitution; a place populated by that rough and rebellious figure, the forty-niner; in short, a place that seems utterly unconnected to middle-class culture. In *American Alchemy*, however, Brian Roberts offers a surprising challenge to this assumption. Roberts

points to a long-neglected truth of the gold rush: many of the northeastern forty-niners who ventured westward were in fact middle-class in origin, status, and values. Tracing the experiences and adventures both of these men and of the "unseen" forty-niners-- women who stayed back East while their husbands went out West--he shows that, whatever else the gold seekers abandoned on the road to California, they did not simply turn their backs on middle-class culture. Ultimately,

Roberts argues, the story told here reveals an overlooked chapter in the history of the formation of the middle class. While the acquisition of respectability reflects one stage in this history, he says, the gold rush constitutes a second stage--a rebellion against standards of respectability.

Being the True Story of how Three Motherless Sisters Saved Their Home in New England and Raised Their Younger Brother While Their Father Went

Fortune Hunting in the California Gold Rush

iUniverse

In January of 1848, James Marshall discovered gold at Sutter's Mill in the foothills of the Sierra Nevada. For a year afterward, news of this discovery spread outward from California and started a mass migration to the gold fields.

Thousands of people from the East Coast aspiring to start new lives in California financed their journey West on the assumption that they would be able to find

wealth. Some were successful, many were not, but they all permanently changed the face of the American West. In this text, Mark Eifler examines the experiences of the miners, demonstrates how the gold rush affected the United States, and traces the development of California and the American West in the second half of the nineteenth century. This migration dramatically shifted transportation systems in the US, led to a more powerful federal

role in the West, and brought about mining regulation that lasted well into the twentieth century. Primary sources from the era and web materials help readers

comprehend what it was like for these nineteenth-century Americans who gambled everything on the pursuit of gold.

The Social World of the California Gold Rush

Anchor

The first book to examine the glittering dreams and rigorous experiences of the 49ers from representative sections and classes of a single state.
