How do you keep your employees engaged, creative, innovative, and productive? Simple: Work human! From the pioneers of the management strategy that's transforming businesses worldwide, *Making Work Human* shows how to implement a culture of performance and gratitude in the workplace—and seize a competitive edge, increase profitability, and drive business momentum. Leaders of *Workhuman*, the world's fastest-growing social recognition and continuous performance management platform, Eric Mosley and Derek Irvine use game-changing data analytics to prove that when a workplace becomes more “human”—when it's fueled by a culture of gratitude—measurable business results follow. In *Making Work Human*, they show you how to: Apply analytics and artificial intelligence in ways that make work more human, not less Expand equity, diversity, and inclusion initiatives and strategies to include a wider range of backgrounds, life experiences, and capabilities Use recognition as an actionable strategy to create a truly inclusive, connected culture “The qualities that make us most human—connection, community, positivity, belonging, and a sense of meaning—have become the corporate fuel for getting things done—for innovating, for thriving in the global marketplace, and for outperforming the competition,” the authors write. By building a sense of belonging, purpose, meaning, happiness, and energy in every employee, you'll create a profound connection between your organization and its goals. And *Making Work Human* provides everything you need to get there.

Pop-topping! Simon and Schuster

Two decades ago, this book (and its companion volume, *The New Bottoming Book*) began teaching tens of thousands of people the joyous arts of BDSM topping and bottoming - not just "how-to," but "why-to"... the insider details of emotional support and ethical interaction during kinky play. Since then, the growing popularity of BDSM, and the blossoming of the Internet as a source of information and connection, have created a whole new universe of possibilities for players. Now, the completely updated revised *New Topping Book* gives even more insights and ideas, updated for a new millennium, about how to be a successful, popular player! "Easton and Hardy tackle the Top... and bring that elusive critter down neatly and with a certain flair. This is good stuff, important stuff... an excellent guide to topping, both for the rank novice and for the player who just wants words to put to all the thoughts and feelings that have resisted categorization." - Laura Antoniou, *Sandmutopian Guardian*

The New Bottoming Book Independently Published

Offers insight into the man behind his denim-clad, mustached persona, covering such topics as the inspirations for his most famous songs, the exhaustion that overshadowed his success, and the 1973 plane crash that ended his life.

Chart topping-and headline-making-rap artist Eminem shares his private reflections, drawings, handwritten lyrics, and photographs in his New York Times bestseller *The Way I Am* Fiercely intelligent, relentlessly provocative, and prodigiously gifted, Eminem is known as much for his enigmatic persona as for being the fastest-selling rap artist and the first rapper to ever win an

Oscar. Everyone wants to know what Eminem is really like-after the curtains go down. In *The Way I Am*, Eminem writes candidly, about how he sees the world. About family and friends; about hip-hop and rap battles and his searing rhymes; about the conflicts and challenges that have made him who he is today. Illustrated with more than 200 full-color and black-and-white photographs-including family snapshots and personal Polaroids, it is a visual self-portrait that spans the rapper's entire life and career, from his early childhood in Missouri to the basement home studio he records in today, from Detroit's famous Hip Hop Shop to sold-out arenas around the globe. Readers who have wondered at Em's intricate, eye-opening rhyme patterns can also see, first-hand, the way his mind works in dozens of reproductions of his original lyric sheets, written in pen, on hotel stationary, on whatever scrap of paper was at hand. These lyric sheets, published for the first time here, show uncut genius at work. Taking readers deep inside his creative process, Eminem reckons with the way that chaos and controversy have fueled his music and helped to give birth to some of his most famous songs (including "Stan," "Without Me," and "Lose Yourself"). Providing a personal tour of Eminem's creative process, *The Way I Am* has been hailed as "fascinating," "compelling," and "candid."

The Ultimate Guide to Kink is the first major guide to BDSM in a generation—a bold and sexy collection of essays that run the gamut from expert how-to tutorials to provocative essays that delve into complex questions about desire, power, and pleasure. The book brings together diverse voices from the kink community in an unprecedented way: each chapter is written by a different sexuality/BDSM educator. Divided into two sections, the first section features thorough, thoughtful pieces—on everything from flogging to bondage—packed with techniques and beautifully illustrated with original images from artist Katie Diamond. The second section is dedicated to role-playing fantasies and personal manifestos. From age play to masochism, these chapters cover some of the edgiest, most taboo and controversial elements of kink in depth. *The Ultimate Guide to Kink* features the expertise of renowned educators writing passionately on their favorite subjects, including Patrick Califia, Midori, Laura Antoniou, Barbara Carrellas, Lee Harrington, Jack Rinella, Lolita Wolf, Madison Young, Hardy Haberman, Felice Shays, Ignacio Rivera, Sarah Sloane, Mollena Williams, FifthAngel, and Edge. It will educate, inspire, and challenge both newcomers to the world of kink and experienced BDSM players.

The Romance and Sexual Sorcery of Sadomasochism Penguin

While the world of kink and BDSM is far from new, the language we use to discuss it is constantly evolving and growing while we gain a better understanding of ourselves and the world around us. What was once a binary system with assumed roles based on gender, we now have fluidity and questions before assumption, or at least we're doing what we can to help that shift so that all consenting adults are included rather than shamed or outcast because they don't fit the mold. This dictionary, the "Kinktionary," is created with this positive growth in mind. A dictionary that updates our old definitions while also providing space for new words and phrases as you come across them. Every section has designated space so you can continue to update definitions as they change, add new words that may be added to our lexicon, and watch your dictionary grow along with you. Newbies fear not, with over 400 words and phrases contained in "Kinktionary" you're sure to start with a solid foundation for your kink journey. Already an experienced kinkster? Keep "Kinktionary" on hand for quick reference material and add to it to your heart's content. So, get out your favorite pens, start clipping images of your favorite gear or inspiration for play you love, this isn't your standard school dictionary; in this book you're encouraged to write, draw, scribble, and make it your own!

For millennia, seekers have used physical and emotional extremes to achieve transcendence and

exaltation. Today, many BDSM and leather practitioners are discovering the potential of SM practice to reach personal, interpersonal and spiritual goals. In *Radical Ecstasy*, bestselling BDSM/sexuality authors Easton and Hardy document their own journeys into the transcendent realm of kink. With their trademark frankness and humor, they share their own stories and philosophies. They also share techniques that have worked for them - techniques which combine tantric breathing, visualization and movement with a combined half-century of BDSM experience - to create states of transcendence during solo and partnered sexual and BDSM practice. As outrageously revolutionary as any sex book published in the last decade, *Radical Ecstasy* sets the stage for the new millennium in BDSM and sacred-sex practices - a "must" for any kink, tantra, pagan or sacred-sex practitioner. "Amazingly mindful exploration of that which cannot be easily put into words... the ecstatic experience from sex to sadomasochism, from trance to intuition to archetypes and spiritual awakening. Totally real and personal. Not a 'how to' but a nurturing 'can do' book." - Fakir Musafar, father of the modern primitive movement. "Progressive, deliciously honest, and HOT HOT HOT! Dossie and Janet ask difficult questions about the nature of sex, intimacy and ecstasy, then they actually manage to answer the questions, plus turn us on when they do. These two erotically gifted women have a way with words - and sex. They raise the bar on erotic writing and sex education to new heights. I'm in awe." - Annie Sprinkle, Ph.D., prostitute/porn star turned sex guru/sexologist "Fascinating, heartfelt, honest, real stories of the heart/spirit/energy connection experienced in the passionate rituals of intimate consensual power play. These two courageous women write brilliantly of how erotic energies connect us with the big love we all seek from the source." - Cleo Dubois, educator, ritualist, video producer/star

Girlfags are women who love, are attracted to and identify with gay men; they are a growing community edging their way into mainstream gender politics. These girlfags are not 'faghags', for while they enjoy the company of gay men, girlfags also enjoy them as bedmates and peers; indeed they may identify themselves as a gay man trapped in a woman's body, feeling a strong sense of sexual attraction to men. This memoir blasts through the binaries of gender and orientation and explores a fascinating sub-culture that is only just being exposed in mainstream culture.

The second installment in Jasper Fforde's New York Times bestselling series follows literary detective Thursday Next on another adventure in her alternate reality of literature-obsessed England—from the author of *The Constant Rabbit* The inventive, exuberant, and totally original literary fun that began with *The Eyre Affair* continues with New York Times bestselling author Jasper Fforde's magnificent second adventure starring the resourceful, fearless literary sleuth Thursday Next. When Landen, the love of her life, is eradicated by the corrupt multinational Goliath Corporation, Thursday must moonlight as a Prose Resource Operative of Jurisdiction—the police force inside the BookWorld. She is apprenticed to the man-hating Miss Havisham from Dickens's *Great Expectations*, who grudgingly shows Thursday the ropes. And she gains just enough skill to get herself in a real mess entering the pages of Poe's "The Raven." What she really wants is to get Landen back. But this latest mission is not without further complications. Along with jumping into the works of Kafka and Austen, and even Beatrix Potter's *The Tale of the Flopsy Bunnies*, Thursday finds herself the target of a series of potentially lethal coincidences, the authenticator of a newly discovered play by the Bard himself, and the only one who can prevent an unidentifiable pink sludge from engulfing all life on Earth. It's another genre-bending blend of crime fiction, fantasy, and top-drawer literary entertainment for fans of Douglas Adams and P. G. Wodehouse. Thursday's zany investigations continue with *The Well of Lost Plots*.

Whether you're a trembling novice or a jaded expert, there's always something new to be discovered in the endlessly changing, complex and titillating world of kink. While there are plenty of other books out there that explain how to give a spanking or tie a half-hitch, *Playing Well With Others* is the first book that explains kink *culture* -- the munches, parties, leather bars, conferences, workshops, fetish nights, exploratoriums and all the other gatherings of kinksters that turn BDSM and leather from a bedroom predilection to a lifestyle and a community. You'll learn to:

- Examine your own motivations, needs, wants and desires
- Ease your way into established communities
- Understand etiquette in different adventurous sex communities
- Familiarize yourself with the many types of events available to you
- Care for your relationships as you explore new territory
- Negotiate for play and aftercare
- Go back to the "world at large" without ruffling feathers

The beloved sequel to the bestselling classic, *Mastering the Art of French Cooking, Volume II* presents more fantastic step-by-step French recipes for home cooks. Working from the principle that "mastering any art is a continuing process," Julia Child and Simone Beck gathered together a brilliant selection of new dishes to bring you to a yet higher level of culinary mastery. They have searched out more of the classic dishes and regional specialties of France, and adapted them so that Americans, working with American ingredients, in American kitchens, can achieve the incomparable flavors and aromas that bring up a rush of memories—of lunch at a country inn in Provence, of an evening at a great Paris restaurant, of the essential cooking of France. From French bread to salted goose, from peasant ragoûts to royal Napoleons, recipes are written with the same detail, exactness, and clarity that are the soul of *Mastering the Art of French Cooking*.

At the end of the Vietnam War, Pan American World Airways successfully evacuated 463 American and Vietnamese civilians on April 24, 1975, aboard a Boeing 747-the last plane out. At the time, Allen H. Topping was serving as the Pan Am Director of South Vietnam and Cambodia and was instrumental in the success of that last flight. Topping lived and worked in South Vietnam for two and a half years. In addition to its global network of scheduled services, Pan Am was also involved in many other rescue and humanitarian operations throughout the world. These operations and missions included the Berlin Airlift, rescue operations from Tehran, operational support for US forces in WW II, the Korean War, the Vietnam War and, most recently, the Gulf War. Prior to joining Pan Am Allan Topping worked for the Institute of International Education on and United Airlines in New York City. He joined Pan Am on June 2, 1969 as a sales representative, assigned to the San Francisco sales office. In November of 1972, Al became the Director of Vietnam and Cambodia, based in Saigon, South Vietnam. After managing operations at various stations overseas for almost eight years, he returned to the U.S. in 1982, Pan Am appointed him as Assistant to The Chairman Consumer Affairs. Topping continued to hold other management positions until the company ceased operations on December 4, 1991. For the next 23 years he worked for The Miami-Dade School Board Administration, The Miami Herald and the Miccosukee Golf & Country Club in Miami, Florida. Now fully re-redded Topping is playing lots of golf in Ocala, Florida.

How to educate the next generation of college students to invent, to create, and to discover—filling needs that even the most sophisticated robot cannot. Driverless cars are hitting the road, powered by artificial intelligence. Robots can climb stairs, open doors, win Jeopardy, analyze stocks, work in factories, find parking spaces, advise oncologists. In the past, automation was considered a threat to low-skilled labor. Now, many high-skilled functions, including interpreting medical images, doing legal research, and analyzing data, are within the skill sets of machines. How can higher education prepare students for their professional lives when professions themselves are disappearing? In *Robot-Proof*, Northeastern University president Joseph Aoun proposes a way to educate the next generation of college students to invent, to create, and to discover—to fill needs in society that even the most sophisticated artificial intelligence agent cannot. A "robot-proof" education, Aoun argues, is not concerned solely with topping up students' minds with high-octane facts. Rather, it calibrates them with a creative mindset and the mental elasticity to invent, discover, or create something valuable to society—a scientific proof, a hip-hop recording, a web comic, a cure for cancer. Aoun lays out the framework for a new discipline, humanics, which builds on our innate strengths and prepares students to compete in a labor market in which smart machines work alongside human professionals. The new literacies of Aoun's humanics are data literacy, technological literacy, and human literacy. Students will need data literacy to manage the flow of big data, and technological literacy to know how their machines work, but human literacy—the humanities, communication, and design—to function as a human being. Life-long learning opportunities will support their ability to adapt to change. The only certainty about the future is change. Higher education based on the new literacies of humanics can equip students for living and working through change.
