The first bite is only the beginning. Twenty of today's favorite writers explore the intersections between the living, dead, and undead. Their vampire tales range from romantic to chilling to gleeful—and touch on nearly every emotion in between. Neil Gaiman's vampire-poet in "Bloody Sunrise" is brooding, remorseful, and lonely. Melissa Marr's vampires make a high-stakes game of possession and seduction in "Transition." And in "Why Light?" Tanith Lee's lovelorn vampires yearn most of all for the one thing they cannot have—daylight. Drawn from folk traditions around the world, popular culture, and original interpretations, the vampires in this collection are enticingly diverse. But reader beware: The one thing they have in common is their desire for blood. . . . *Jack and Jill* Harper Collins  
 Edmund Fitz Clare has kept his vampire nature a secret from his family-and Estelle Berenger, the

woman he loves. But a vampire war threatens to expose him and destroy all he holds dear.

A supplemental textbook for middle and high school students, Hoosiers and the American Story provides intimate views of individuals and places in Indiana set within themes from American history. During the frontier days when Americans battled with and exiled native peoples from the East, Indiana was on the leading edge of America's westward expansion. As waves of immigrants swept across the Appalachians and eastern waterways, Indiana became established as both a crossroads and as a vital part of Middle America. Indiana's stories illuminate the history of American agriculture, wars, industrialization, ethnic conflicts, technological improvements, political battles, transportation networks, economic shifts, social welfare initiatives, and more. In so doing, they elucidate large national issues so that students can relate personally to the ideas and events that comprise American history. At the same time, the stories shed light on what it means to be a Hoosier, today and in the past.

A deliciously steamy gothic romance for fans of EL James and Sylvia Day Remy Davies is under pressure, as the designer for an opulent gothic wedding. There's the over-stressed bride, a trinity of vampire-obsessed bridesmaids, a wayward groom, and then there's the best man . . . Silk looks like he's been drawn by a manga artist; beautiful, exotic, and with a predatory sexuality. Remy has to have him, in her bed and between the pages of her new catalogue. Remy is about to launch herself into the alternative fashion world, and Silk is going to sell it for her whether he knows it or not. Which sort of seducer could you be? Siren? Rake? Cold Coquette? Star? Comedian? Charismatic? Or Saint? This book will show you which. Charm, persuasion, the ability to create illusions: these are some of the many dazzling gifts of the Seducer, the compelling figure who is able to manipulate, mislead and give pleasure all at once. When raised to the level of art, seduction, an indirect and subtle form of power, has toppled empires, won elections and enslaved great minds. In this beautiful, sensually designed book, Greene unearths the two sides of seduction: the characters and the process. Discover who you, or your pursuer, most resembles. Learn, too, the pitfalls of the anti-Seducer. Immerse yourself in the twenty-four manoeuvres and strategies of the seductive process, the ritual by which a seducer gains mastery over their target. Understand how to 'Choose the Right Victim', 'Appear to Be an Object of Desire' and 'Confuse Desire and Reality'. In addition, Greene provides instruction on how to identify victims by type.
