Winner of the ALA Coretta Scott King–John Steptoe New Talent Award, *The Rock and the River* was described in a Booklist starred review as a “taut, eloquent first novel [that] will make readers feel what it was like to be young, black, and militant.” *The Time: 1968 The Place: Chicago* For thirteen-year-old Sam it’s not easy being the son of known civil rights activist Roland Childs. Especially when his older (and best friend), Stick, begins to drift away from him for no apparent reason. And then it happens: Sam finds something that changes everything forever. Sam has always had faith in his father, but when he finds literature about the Black Panthers under Stick’s bed, he’s not sure who to believe: his father or his best friend. Suddenly, nothing feels certain anymore. Sam wants to believe that his father is right: You can effect change without using violence. But as time goes on, Sam grows weary of standing by and watching as his friends and family suffer at the hands of racism in their own community. Sam begins to explore the Panthers with Stick, but soon he’s involved in something far more serious—and more dangerous—than he could have ever predicted. Sam is faced with a difficult decision. Will he follow his father or his brother? His mind or his heart? The rock or the river?

"A 22-volume, highly illustrated, A-Z general encyclopedia for all ages, featuring sections on how to use World Book, other research aids, pronunciation key, a student guide to better writing, speaking, and research skills, and comprehensive index"--*James Town 1607* Simon and Schuster
Named one of the Top 12 Mysteries of 2011 by Kirkus Reviews
Finalist in the Benjamin Franklin Awards (Mystery) It's 1964: farmer and part-time Constable Ned Parker combines forces with John Washington, the almost mythical black deputy sheriff from nearby Paris, to track down a disturbed individual who is rapidly becoming a threat to the small Texas community of Center Springs. Summoned to a hot cornfield one morning to examine

the remains of a tortured bird dog, Ned finds a dark presence in their quiet community. Ned is usually confident when it comes to handling moonshiners, drunks, and domestic disputes. But when the animal atrocities turn to murder, the investigation spins beyond his abilities. After a dizzying series of twists, eccentric characters, and dead ends, Judge O.C. Rains is forced to contact the FBI. Worse, sinister warnings that Ned's family has been targeted by the killer lead the old lawman to become judge and jury in order to end the murder spree in the Red River bottomlands.

On the evening of May eighteenth, a young woman named Cass walks alone into the small village of Chimney Rock, North Carolina, intending to stay for exactly one year. She is in search of somewhere with peace, a place where she can safely picture herself and escape, shielding herself from recollections of the past. Cass soon meets two precocious children, their mother, a caring and generous business owner, and the neighboring town’s chief of police. Family and loss make up many of their stories, and while these people and others attempt to get to know and help Cass, the history and troubled memories of what led her to this place begin to gradually unfold. As the date of her planned departure approaches, the potential for love and a path to healing become clearer. Cass and those around her must decide how forcefully they are willing to hold on: to the past, to the pain, and to the person. This novel examines the true test of strength in the deepest depths of sorrow and reminds us of the overwhelming power of comforting influences in all of our lives, as our human souls struggle, against all odds, to survive.

Book 2 of Virgin River series Thorndike Striving Reader

When Dr. Tobi Robinson returns to Whiskey River, Travis Sullivan is the only person to recognize that the smokin' hot babe at the gala is actually his high school tomboy buddy. Time away has changed them both. Tobi, the prospective business major,

became a doctor, while Travis, his pro baseball career ended by injury, converted his passion for flying into a charter flight business and flight school. The easy friendship they enjoyed in high school soon deepens into desire and then love. But Tobi didn't turn to medicine by chance—a horrific accident has left her unable to tolerate even approaching an airplane. As strongly as Travis draws her, Tobi isn't sure she can ever trust her heart to a pilot. Can Travis convince the woman he's discovered he can't live without that their love can conquer every trauma?

The Bark River valley in southeastern Wisconsin is a microcosm of the state's - indeed, of the Great Lakes region's - natural and human history. "The Bark River Chronicles" reports one couple's journey by canoe from the river's headwaters to its confluence with the Rock River and several miles farther downstream to Lake Koshkonong. Along the way, it tells the stories of Ice Age glaciation, the effigy mound builders, the Black Hawk War, early settlement and the development of waterpower sites, and recent efforts to remove old dams and mitigate the damage done by water pollution and invasive species. Along with these big stories, the book recounts dozens of little stories associated with sites along the river. The winter ice harvest, grain milling technology, a key supreme court decision regarding toxic waste disposal, a small-town circus, a scheme to link the Great Lakes to the Mississippi River by canal, the murder of a Chicago mobster, controversies over race and social class in Waukesha County's lake country, community efforts to clean up the river and restore a marsh, visits to places associated with the work of important

Wisconsin writers - these and many other stories belong to the Bark River chronicles. For the two voyageurs who paddle the length of the Bark, it is a journey of rediscovery and exploration. As they glide through marshes, woods, farmland, and cities, they acquire not only historical and environmental knowledge but also a renewed sense of the place in which they live. Maps and historical photographs help the reader share their experience.

ONE OF BARACK OBAMA'S FAVORITE BOOKS OF THE YEAR NAMED A BEST BOOK OF THE YEAR BY NPR, PARADE, REAL SIMPLE, and BUZZFEED AN INSTANT NEW YORK TIMES BESTSELLER A GOOD MORNING AMERICA BOOK CLUB PICK "[Moore's] careful balance of the hard-bitten with the heartfelt is what elevates Long Bright River from entertaining page-turner to a book that makes you want to call someone you love." - The New York Times Book Review "This is police procedural and a thriller par excellence, one in which the city of Philadelphia itself is a character (think Boston and Mystic River). But it's also a literary tale narrated by a strong woman with a richly drawn personal life - powerful and genre-defying." - People "A thoughtful, powerful novel by a writer who displays enormous compassion for her characters. Long Bright River is an outstanding crime novel... I absolutely loved it." —Paula Hawkins, #1 New York Times bestselling author of *The Girl on the Train* Two sisters travel the same streets, though their lives couldn't be more different. Then one of them goes missing. In a Philadelphia neighborhood rocked by the opioid crisis, two

once-inseparable sisters find themselves at odds. One, Kacey, lives on the streets in the vise of addiction. The other, Mickey, walks those same blocks on her police beat. They don't speak anymore, but Mickey never stops worrying about her sibling. Then Kacey disappears, suddenly, at the same time that a mysterious string of murders begins in Mickey's district, and Mickey becomes dangerously obsessed with finding the culprit--and her sister--before it's too late. Alternating its present-day mystery with the story of the sisters' childhood and adolescence, *Long Bright River* is at once heart-pounding and heart-wrenching: a gripping suspense novel that is also a moving story of sisters, addiction, and the formidable ties that persist between place, family, and fate.

A Rock is a River, a new book by Swiss artist Maya Rochat, binds the alchemy of photography with the physicality of painting. Rochat creates organic patterns, chromatic alterations and visual ruptures that generate a slow, ongoing process of images mutating, reflecting a world in permanent flux. In the long tradition of artists' books as artworks in their own right, Rochat understands the space of a publication as site-specific, and has conceived a series of works for the form of the publication, taking into account the possibilities of layout and printing experimentation. Drawing from the past two years of her photographic production, she revisits and interweaves images in various scales and rhythms to create an ongoing, unfolding collage in book form. The name derives from the collection of raw material Rochat gathered to create the book. Much of it was shot in Valle Verzasca, in the Locarno district of her native Switzerland, as well as within other landscapes she has a direct connection to such as Peru, where her father lives. Inspired by the altering states of matter transforming in the natural world - the sculpting forces of continually moving water, rocks transformed by rivers, solids turning to liquids and back again - Rochat works layers of transformation into each her own works, in her own process of sedimentation.

Book 1 of Virgin River series The Rock and the River

Winner of the Labriola Center American Indian National Book Award 2017 Mohawk midwife Katsi Cook lives in Akwesasne, an indigenous community in upstate New York that is downwind and downstream from three Superfund sites. For years she witnessed elevated rates of miscarriages, birth defects, and cancer in her town, ultimately drawing connections between environmental contamination and these maladies. When she brought her findings to environmental health researchers, Cook sparked the United States' first large-scale community-based participatory research project. In *The River Is in Us*, author Elizabeth Hoover takes us deep into this remarkable community that has partnered with scientists and developed grassroots programs to fight the contamination of its lands and reclaim its health and culture. Through in-depth research into archives, newspapers, and public meetings, as well as numerous interviews with community members and scientists, Hoover shows the exact efforts taken by Akwesasne's massive research project and the grassroots efforts to preserve the Native culture and lands. She also documents how contaminants have altered tribal life, including changes to the Mohawk fishing culture and the rise of diabetes in Akwesasne. Featuring community members such as farmers, health-care providers, area leaders, and environmental specialists, while rigorously evaluating the efficacy of tribal efforts to preserve its

culture and protect its health, *The River Is in Us* offers important lessons for improving environmental health research and health care, plus detailed insights into the struggles and methods of indigenous groups. This moving, uplifting book is an essential read for anyone interested in Native Americans, social justice, and the pollutants contaminating our food, water, and bodies.

The visionary author's masterpiece pulls us—along with her Black female hero—through time to face the horrors of slavery and explore the impacts of racism, sexism, and white supremacy then and now. Dana, a modern Black woman, is celebrating her twenty-sixth birthday with her new husband when she is snatched

abruptly from her home in California and transported to the antebellum South. Rufus, the white son of a plantation owner, is drowning, and Dana has been summoned to save him. Dana is drawn back repeatedly through time to the slave quarters, and each time the stay grows longer, more arduous, and more dangerous until it is uncertain whether or not Dana's life will end, long before it has a chance to begin.

How It Went Down Harlequin

From the acclaimed author of *Floating in My Mother's Palm* and *Children and Fire*, a stunning story about ordinary people living in extraordinary times—"epic, daring, magnificent, the product of a defining and mesmerizing vision" (Los Angeles Times). Trudi Montag is a Zwerg—a dwarf—short, undesirable, different, the

voice of anyone who has ever tried to fit in. Eventually she learns that being different is a secret that all humans share—from her mother who flees into madness, to her friend Georg whose parents pretend he's a girl, to the Jews Trudi harbors in her cellar. Ursula Hegi brings us a timeless and unforgettable story in Trudi and a small town, weaving together a profound tapestry of emotional power, humanity, and truth.
