Disturbing True Ghost Stories, True Paranormal Hauntings And Scary Unexplained Phenomena From The Last 300 Years Legends and folklore are old tales and still are a definite part of our lives. Wherever we go, there will always be stories that the person telling you has heard from someone else or from their ancestors. Due to the passing down of these stories from one person to the other the true story often changes and becomes rather distant from the original. Over the last 300 years, there have been a lot of cases and stories that have been passed from generation to generation. Some of these stories are not traceable anymore. One cannot possibly trace the true root of the story and why it actually happened. Sometimes, one cannot even

know for sure if it really happened.....

True Ghost Stories is a collection of real and frightening paranormal accounts from real people. Each story is unique in its own personal experience and has been told to the author, Selinda Hart. Having worked as an investigator and as a researcher for the paranormal radio show "Tia Maria" she has brought together some of the best hauntings, accounts of paranormal mysteries, and true ghost stories in this collection. The sixteen stories in this book include diverse paranormal phenomenon and unexplained mysteries set in different locations in the United States, and one compelling frightening story from Spain. As one former skeptic reports from his scary experience, "I was never a believer in the paranormal and I thought ghosts

were simply a figment of someone's overactive imagination. I no longer scoff at people who claim to see ghosts. I never found out who or what was haunting that house. But I wasn't going to stay and find out." "The House off Greenville," "Red Balloon," "Ghost in the Bedroom," and "Who's been playing with my kids?" are real stories about events and paranormal activity that took place in the Dallas house where the author lived in as a single mom for over five years. Her children are grown now, but to this day they do not like talking about the strange activity and events that took place in that house. If you like reading scary stories, paranormal mysteries, and unexplained phenomenon, then "True Ghost Stories" will leave you with chills. So snuggle up, get under the covers and

get ready for some serious goosebumps!

Looking for a Scare? Then Read These 17 Spine-chilling Stories If you like real ghost stories and are ready for something besides haunted buildings, this book is definitely for you. Within these pages are the stories of true hauntings occurring in forests to this very day across the world. Some of these eyewitness accounts go back hundreds of years and, in some cases,

the ghosts involved may go back even further. Imagine going for a calm, peaceful hike in the woods when a cloud of pitch black smoke appears before you, swirling and rising until it takes the form of a person and then disappears just as quickly. Or walking along a forested path when you feel a powerful, yet invisible, hand grip your ankle and throw you to the ground violently. Do not ignore the nightmarish, gurgling cry of a long-dead little girl still seeking her mother from deep within swampy waters. Maybe you will pay a visit to one particularly infamous forest only to find yourself lost and your electronic devices malfunctioning while a sense of despair and hopelessness begins to drive you almost to the point of suicide. Think of what it would be like seeing someone

leap off from the edge of a cliff, but when you rush to look over the cliff to help, the "person" disappeared-without a footprint left behind. How would you respond to a woman's horrific cries for help, only to discover a clearing where the surrounding trees are covered in so much blood you could smell it? These true stories are about forests in places as diverse as India, England, Canada, and the United States. Some of the ghosts were murder victims, others fell in battle or were criminals of vigilante justice, and many are still mourning the dead. Some spirits will not even be aware of your presence; while others are so intent you can sense their presence even when they cannot be seen. In many of these forests you will hear blood-curdling sounds, such as the

slaughtering of nonexistent animals, the drums of ancient warriors still marching into battle, the pounding hooves of powerful, yet dead, horses, and many, many unusual types of screams and cries. The next time you pay a visit to the woods for a hike or perhaps a pleasant walk, just remember things may not be as quiet and peaceful as they seem for there are ghosts within the forests. Ready to scare yourself senseless? Scroll to the top of the page and hit buy!
