Communities
of Practice (Lave and
Wenger) Summary:
Etienne Wenger
summarizes
Communities of
Practice (CoP) as
"groups of people who
share a concern or a
passion for something
they do and learn how

to do it better as they interact regularly.”. This learning that takes place is not necessarily intentional. Communities of Practice (Lave and Wenger) – Learning Theories A community of practice is a group of people who "share a concern or a passion for something they do and learn how to do it better as they interact regularly". The concept was first proposed by cognitive anthropologist Jean Lave and educational theorist Etienne Wenger in their 1991 book *Situated Learning*. Wenger then significantly expanded on the concept in his 1998 book *Communities of Practice*. A CoP can evolve naturally because of the members' common interest in a particular

Communities of practice: Learning ... While people have learned together through informal communities of practice throughout history, the primary use of the concept originated in learning theory. Cognitive anthropologists Jean Lave and Etienne Wenger coined the term "community of practice" when studying apprenticeships as a learning model—the term referred to the community that acts as a living curriculum. What is a community of practice? - Community of Practice To give a social account of learning, the theory explores in a systematic way the intersection of issues of community, social practice, meaning, and

identity. The result is a broad framework for thinking about learning as a process of social participation. Communities of Practice by Etienne Wenger community of practice was coined to refer to the community that acts as a living curriculum for the apprentice. Once the concept was articulated, we started to see these communities everywhere, even when no formal apprenticeship system existed. And of course, learning in a community of practice is not limited to novices.
