In the summer of 2015, as he vaulted to the lead among the many GOP candidates for president, Donald Trump was the only one dogged by questions about his true intentions. This most famous American businessman had

played the role of provocateur so often that pundits, reporters, and voters struggled to believe that he was a serious contender.

Trump stirred so much controversy that his candidacy puzzled anyone who applied ordinary political logic to the race. But as Michael D'Antonio shows in *Never Enough*, Trump has rarely been ordinary in his pursuit of success and his trademark method is based on a logic that begins with his firm belief that he is a singular and superior human being. As revealed in this landmark biography, Donald Trump is a man whose appetite for wealth, attention, power, and conquest is practically insatiable. Declaring that he is still the person he was as a

rascally little boy, Trump confesses that he avoids reflecting on himself "because I might not like what I see" and he believes "most people aren't worthy of respect." A product of the media age and the Me Generation that emerged in the 1970s, Trump was a Broadway showman before he became a developer. Mentored by the scoundrel attorney Roy Cohn, Trump was a regular on the New York club scene and won press attention as a dashing young mogul before he had built his first major project. He leveraged his father's enormous fortune and political connections to get his business off the ground, and soon developed a larger-than-life persona. In time, and through

many setbacks, he made himself into a living symbol of extravagance and achievement. Drawing upon extensive and exclusive interviews with Trump and many of his family members, including all his adult children, D'Antonio presents the full story of a truly American icon, from his beginnings as a businessman to his stormy romantic life and his pursuit of power in its many forms. For all those who wonder: Just who is Donald Trump?, *Never Enough* supplies the answer. He is a promoter, builder, performer and politician who pursues success with a drive that borders on obsession and yet, has given him, almost everything he ever

wanted.

Donald Trump promised the American people a transformative change in economic policy after eight years of stagnation under Obama. But he didn't adopt a conventional

left or right economic agenda. His is a new economic populism that combines some conventional Republican ideas—tax cuts, deregulation, more power to the states—with more traditional Democratic issues such as trade protectionism and infrastructure spending. It also mixes in important populist issues such as immigration reform, pressuring the Europeans to pay for more of their own defense, and keeping America first. In Trumponomics, conservative economists Stephen Moore and Arthur B. Laffer offer a well-informed defense of the president's approach to trade, taxes, employment, infrastructure, and

other economic policies. Moore and Laffer worked as senior economic advisors to Donald Trump in 2016. They traveled with him, frequently met with his political and economic teams, worked on his speeches, and represented him as surrogates. They are currently members of the Trump Advisory Council and still meet with him regularly. In *Trumponomics*, they offer an insider's view on how Trump operates in public and behind closed doors, his priorities and passions, and his greatest attributes and liabilities. Trump is betting his presidency that he can create an economic revival in America's industrial heartland. Can he really bring jobs back to the rust belt? Can he

cut taxes and bring the debt down? Above all, does he have the personal discipline, the vision, the right team, and the right strategy to pull off his ambitious economic goals? Moore and Laffer believe that he can pull it off and that Trumponomics will usher in a new era of prosperity for all Americans.

How Trump's Minions and Misfits Poisoned Washington Penguin

The extensively researched biography that goes beyond the hype to "separate Trump the reality from Trump the reality show" (USA Today). Now with a new introduction by the author, this entertaining look inside the world of Donald Trump is chock full of rip-roaring anecdotes, jaw-dropping quotes,

and rigorous research into the business deals, political antics, curious relationships, and complex background of the forty-fifth US president. Granted unprecedented access, Timothy L. O'Brien traveled across the country and up and down the East Coast with Trump on his private jet, wheeled around Palm Beach with him in his Ferrari, and spent hours interviewing him in his home, in his office, and on the golf course. He met with the entrepreneur's closest friends and most aggressive rivals, while compiling a treasure trove of Trumpisms from the Donald himself: Trump on the public's enduring fascination with Trump: "There is something crazy, hot, a

phenomenon out there about me, but I'm not sure I can define it and I'm not sure I want to." Trump on naysayers: "You can go ahead and speak to guys who have four-hundred-pound wives at home who are jealous of me, but the guys who really know me know I'm a great builder." Trump on the art of self-promotion: "You might as well tell people how great you are, because no one else is going to." Ultimately, when O'Brien's research revealed that Trump's business record and annual spot on the Forbes 400 list of richest Americans might be more fantasy than reality, he—like so many others who have dared to tangle with the former host of *The Apprentice*—found himself in a courtroom.

In a new introduction, O'Brien reflects on the recent wave of TrumpMania and updates readers on what it's like to depose one of the world's most litigious businessmen—and win.

How to Use the Most Powerful Ideas in Marketing to Get More Customers

John Wiley & Sons

The instant New York Times and USA Today bestseller *America* is suffering from PTSD—*The Reckoning* diagnoses its core causes and helps us begin the healing process. For four years, Donald J. Trump inflicted an onslaught of overlapping and interconnected traumas upon the American people, targeting anyone he perceived as being an “other” or an enemy.

Women were discounted and derided, the sick were dismissed as weak and unworthy of help, immigrants and minorities were demonized and discriminated against, and money was elevated above all else. In short, he transformed our country into a macro version of his malignantly dysfunctional family. How can we make sense of the degree to which our institutions and leaders have let us down? How can we negotiate a world in which all sense of safety and justice seems to have been destroyed? How can we—as individuals and as a nation—confront, process, and overcome this loss of trust and the ways we have been

forever altered by chaos, division, and cruelty? And when the dust finally settles, how can we begin to heal, in the midst of ongoing health and economic crises and the greatest political divide since the Civil War? Mary L. Trump is uniquely positioned to answer these difficult questions. She holds a Ph.D. in clinical psychology specializing in trauma, has herself been diagnosed with post-traumatic stress disorder, and happens to be Donald J. Trump's only niece. In *The Reckoning*, she applies her unique expertise to the task of helping us confront an all-encompassing trauma, one that has taken an immense toll on our nation's health and well-being. A new leader alone cannot fix

us. Donald J. Trump is only the latest symptom of a disease that has existed within the body politic since America's inception—from the original sin of slavery through our unceasing, organized commitment to inequality. Our failure to acknowledge this, let alone root it out, has allowed it to metastasize. Now, we are confronted with the limits of our own agency on a daily basis. Whether it manifests itself in rising levels of rage and hatred, or hopelessness and apathy, the unspeakable stress of living in a country we no longer recognize has affected all of us for a long time, in ways we may not fully understand. An enormous amount of

healing must be done to rebuild our lives, our faith in leadership, and our hope for this nation. It starts with The Reckoning.

Trump: The Way to the Top Vanguard Press

An eyewitness account of Donald Trump's clown car of lieutenants and lackeys who have polluted the corridors of power with their unprecedented awfulness. Two of Washington's most meddlesome reporters take readers on a deep dive into the murky underworld of President Trump's Washington, dishing the hilarious and frightening dirt on the charlatans, conspiracy theorists, ideologues, and run-of-the-mill con artists who have infected the highest echelons of American political power. For the

past three years, reporting from the White House, the Trump hotel, and other dens of intrigue and influence, Lachlan Markay and Asawin Suebsaeng have revealed the sordid shenanigans of a rogue's gallery of Trumpworld incompetents and improbable A-listers -- earning them angry denunciations (or at least some vexed side-eye) from Trumpists such as the actor Jon Voight and Trump's former campaign czar and renowned obfuscator Corey Lewandowski as well as requisite threats of physical violence and ruin. Sinking in the Swamp will similarly pull no punches. Everyone from assorted Trump family members to Stephen

Miller, Sean Hannity, and Diamond & Silk to Trumpworld's even more obscure accomplices will be plumbed, prodded, and exposed for their roles in the most shambolic moment in modern American political history. When they go low, Swin and Lachlan are right there with them, recorders running and notebooks at the ready. *Sinking in the Swamp* is an uncompromising account of the financial and moral degradation of our capital, told with righteous indignation and through the lens of key power players and foot soldiers whose own antics have often escaped the notice of the overworked press corps. As the 2020 election approaches, this page-turning, letting-it-all-hang-out

narrative shows how the nation got to this nadir, tracing the story back to years before Trump's improbable run for the White House and cataloguing the stomach-turning moments that followed.

President Donald J.

Trump lays out his professional and personal worldview in this classic work—a firsthand account of the rise of America's foremost deal-maker. "I like thinking big. I always have. To me it's very simple: If you're going to be thinking anyway, you might as well think big."—Donald J. Trump
Here is Trump in action—how he runs his organization and how he runs his life—as he meets the people

he needs to meet, chats with family and friends, clashes with enemies, and challenges conventional thinking. But even a maverick plays by rules, and Trump has formulated time-tested guidelines for success. He isolates the common elements in his greatest accomplishments; he shatters myths; he names names, spells out the zeros, and fully reveals the deal-maker's art. And throughout, Trump talks—really talks—about how he does it. *Trump: The Art of the Deal* is an unguarded look at the mind of a brilliant entrepreneur—the ultimate read for anyone interested in the man behind the spotlight. Praise for *Trump: The Art of the*

Deal “Trump makes one believe for a moment in the American dream again.”—The New York Times “Donald Trump is a deal maker. He is a deal maker the way lions are carnivores and water is wet.”—Chicago Tribune “Fascinating . . . wholly absorbing . . . conveys Trump’s larger-than-life demeanor so vibrantly that the reader’s attention is instantly and fully claimed.”—Boston Herald “A chatty, generous, chutzpa-filled autobiography.”—New York Post

 What if Donald Trump wrote a book about himself—and did it all by himself? It would probably look a little something like this.

Exclusively using hundreds of verified quotes and tweets from the man who improbably became the 45th president of the United States, *My Amazing Book About Tremendous Me* sees Trump's own words answering kid-friendly prompts such as, "My house is..." and "My five best ideas are..." Now, we finally have a medium where his bragging, rambling, outrageous and occasionally incoherent thoughts make sense. Sort of. Packed from page to page with clear evidence of ego-fueled, adolescent impulses gone wild, this scrapbook parody perfectly showcases exactly how off the rails our commander-in-chief really is.
