granted his wish.The

Hobbit, Or, There and Back Again
 When J.R.R. Tolkien wrote HOBBIT he had become an accomplished amateur artist, and he was keen to contribute visually to the work. The finished book contained eight black and white drawings, five colour plates, two maps and his own jacket design. But behind these finished works there also lay a multitude of sketches and drawings, draft maps and runic designs, demonstrating Tolkien's careful planning and artistry. Indeed, every major artist who has illustrated the book subsequently has been influenced by Tolkien's own powerful visual conceptions. THE ART OF THE HOBBIT collects for the first time the

complete surviving artwork that helped to underpin such a remarkable work of fiction. Written and edited by Tolkien experts Wayne G. Hammond and Christina Scull, authors of the acclaimed biography TOLKIEN: ARTIST AND ILLUSTRATOR this book uses brand new digital scans from the Bodleian Library in Oxford to show off Tolkien's paintings in more vivid detail than ever before, making this a worthy and lasting tribute to a largely overlooked side of Tolkien's genius. The Hobbit and the Lord of the Rings Boxed Set Dramatic Publishing
 The History of the Hobbit presents for the first time, in two volumes, the complete

unpublished text of the original manuscript of J.R.R.Tolkien's *The Hobbit*, accompanied by John Rateliff's lively and informative account of how the book came to be written and published. As well as recording the numerous changes made to the story both before and after publication, it examines - chapter-by-chapter - why those changes were made and how they reflect Tolkien's ever-growing concept of Middle-earth. *The Hobbit* was first published on 21 September 1937. Like its successor, *The Lord of the Rings*, it is a story that "grew in the telling", and many characters and story threads in the published text are completely different from what Tolkien first

wrote to read aloud to his young sons as part of their "fireside reads". As well as reproducing the original version of one of literature's most famous stories, both on its own merits and as the foundation for *The Lord of the Rings*, this new book includes many little-known illustrations and previously unpublished maps for *The Hobbit* by Tolkien himself. Also featured are extensive annotations and commentaries on the date of composition, how Tolkien's professional and early mythological writings influenced the story, the imaginary geography he created, and how Tolkien came to revise the book years after publication to accommodate events in *The Lord of*

the Rings. Like Christopher Tolkien's *The History of The Lord of the Rings* before it, this is a thoughtful yet exhaustive examination of one of the most treasured stories in English literature. Long overdue for a classic book now celebrating 70 years in print, this companion edition offers fascinating new insights for those who have grown up with this enchanting tale, and will delight those who are about to enter Bilbo's round door for the first time.

The Hobbit: An Unexpected Journey Chronicles: Art & Design Harper Collins publishers

This sumptuous gift set includes a replica of the very rare first edition of *The Hobbit*, the only edition where

one can now read the original version of the story before Tolkien re-edited it to become the one enjoyed by readers since 1951. *The Hobbit* was published on 21 September 1937, with a print run of 1,500 copies. With a beautiful cover design, nearly a dozen black & white illustrations and two black & red maps by the author himself, the book proved to be popular and was reprinted shortly afterwards. History was already being made. The scarcity of the first edition has resulted in copies commanding huge prices, way beyond the reach of most Tolkien fans. In addition, subsequent changes to the text - particularly those to chapter 5, when Tolkien decided in 1947 to revise the text

to bring it better into accord with events as they were developing in its 'sequel', The Lord of the Rings - mean that the opportunity to read the book in its original form and format has become quite difficult. This special commemorative gift set includes the first edition, so that readers of all ages - not just 'children between the ages of 5 and 9', as Rayner Unwin famously declared in his report on the original submission - can finally enjoy Tolkien's story as it originally appeared. It also includes an exclusive CD of archive recordings that capture Tolkien reading from The Hobbit, a special copy of Thror's map which reveals the secret moon-runes when held to the light,

and an accompanying booklet that relates the history of The Hobbit, and includes connected writings by JRR Tolkien.

The History of the Hobbit HarperCollins Discover the Christian meaning in The Hobbit. In Bilbo's Journey go beyond the dragons, dwarves, and elves, and discover the surprisingly deep meaning of J.R.R. Tolkien's classic novel The Hobbit. Bilbo's quest to find and slay the dragon Smaug is a riveting tale of daring and heroism, but as renowned Tolkien scholar Joseph Pearce shows, it is not simply Bilbo's journey, it is our journey too. It is the Christian journey of self-sacrifice out of love for others, and abandonment to providence and grace.

In *Bilbo's Journey: Discovering the Hidden Meaning of The Hobbit* you will relive the excitement of Tolkien's classic tale, while discovering the profound Christian meaning that makes *The Hobbit* a truly timeless adventure. The audiobook edition of *Bilbo's Journey* is read by Kevin O'Brien.

**The Hobbit:
Illustrated by Alan
Lee** HarperCollins
Publishers

At the 2013 "Celebrating The Hobbit" conference at Valparaiso University--marking the 75th anniversary of the book's publication and the first installment of Peter Jackson's *Hobbit* movies--two plenary papers were presented: "Anchoring the Myth: The Impact of *The Hobbit* on

Tolkien's Legendarium" by John D. Rateliff provided numerous examples of *The Hobbit's* influence on Tolkien's *legendarium*; and "Tolkien's French Connections" by Verlyn Flieger discussed French influences on the development of *Bilbo Baggins* and his adventures. In discussions with the plenary speakers and other presenters, it became apparent that a book focusing on how *The Hobbit* influenced the subsequent development of Tolkien's *legendarium* was sorely needed. This collection of 15 previously unpublished essays fills that need. With Rateliff's and Flieger's papers included, the book presents two chapters on the Evolution of the Dwarven Race, two

chapters on Durin's Day examining the Dwarven lunar calendar, and 11 chapters on themes exploring various topics on influences and revisions between The Hobbit and Tolkien's legendarium.

The Hobbit Facsimile Gift Edition Mariner Books

Anyone who has read The Hobbit and The Lord of the Rings can gather that their author hated tyranny, but few know that the novelist who once described himself as a hobbit "in all but size" was "even by hobbit standards" a zealous proponent of economic freedom and small government. There is a growing concern among many that the West is sliding into political, economic, and moral bankruptcy.

In his beloved novels of Middle-Earth, J.R.R. Tolkien has drawn us a map to freedom. Scholar Joseph Pearce, who himself has written articles and chapters on the political significance of Tolkien's work, testified in his book *Literary Giants, Literary Catholics*, "If much has been written on the religious significance of *The Lord of the Rings*, less has been written on its political significance—and the little that has been written is often erroneous in its conclusions and ignorant of Tolkien's intentions." Much more work is needed in this area, not least because Tolkien stated, implicitly at least, that the political significance of the

work was second only to the religious in its importance. Several books ably explore how Tolkien's Catholic faith informed his fiction. None until now have centered on how his passion for liberty and limited government also shaped his work, or how this passion grew directly from his theological vision of man and creation. *The Hobbit Party* fills this void. The few existing pieces that do focus on the subject are mostly written by scholars with little or no formal training in literary analysis, and even less training in political economy. Witt and Richards bring to *The Hobbit Party* a combined expertise in literary studies, political theory, economics, philosophy, and theology.
