In a world of rat race, amidst an ocean of career options and opportunities, students often face a dilemma in making the right choice for their careers. While some of them find themselves at a juncture of social pressure, a few others become a victim of lack of knowledge regarding various courses and often end up pursuing a course that may not be what they are really looking for. Hence it is vital for students to know the details of a course with clarity before finalizing on their options. This book is curated by three young Architects from U-WE-DESIGN, an architectural design firm with an intention to present clarity in the minds of students about the Bachelor of Architecture course and varied doors of opportunities that it can lead to, with a hope that their simplified expressions about the course will breakdown the uncertainties that are often faced by every young mind who is out in search of information related to the course. The book is not only for students but anybody, including guardians/parents who would like to ensure the details of the course and the architectural arena. If you are somebody looking forward to knowing about studying architecture or currently pursuing BArch, this book is an all-in-one package for your queries. Through the narrative pages of the book, team U-WE-DESIGN asserts to build confidence in you in making your choice with clarity and certainty. To every aspiring mind with big dreams, happy reading and all the best!

The content of the guide is student-centered and activity based with emphasis on developing the problem-solving skills of the reader. It will encourage the candidate to think creatively and prepare for NATA exam independently without any coaching or the teacher. The methodology facilitates the student to ensure full understanding of the subject in totality. All the concepts are presented in a very simple and easy to understand form. Moreover, the concepts are explained with solved examples. An abundant use of visual tools such as illustrations, sketches and diagrams helps in better retention and makes learning fun. Our approach will help you to create passion for the subject rather than fear of the technical jargons. Our motto is to encourage you to enquire, explore and discover rather than rote learning. We have given exercises for immediate practice almost after every topic. We have designed the 'exercises' to include all types of questions especially the multiple choice questions (MCQs). Maths questions and exercises have been prepared to develop skills in rapid calculations. Our guide is prepared as per the latest test pattern and syllabus of NATA exam for B. Arch. entrance.
