Who hasn't asked the question "How can I find and follow my true calling?" Elle Luna frames this moment as "standing at the crossroads of Should and Must."

"Should" is what we feel we ought to be doing, or what is expected of us.

"Must" is the thing we dream of doing, our heart's desire. And it was her own personal journey that inspired Elle Luna to write a brief online manifesto that, in a few short months, has touched hundreds of thousands of people who've read it or heard Elle speak on the topic. Now Ms. Luna expands her ideas into an inspirational, highly visual gift book for every recent graduate, every artist, every seeker, every career changer. The Crossroads of Should and

Must has a universal message—we get to choose the path between Should and Must. And it gives every reader permission to embrace this message. It's about the difference between jobs, careers, and callings. The difference between going to work and becoming one with your work. Why knowing what you want is often the hardest part. It gives eye-opening techniques for reconnecting with one's inner voice, like writing your own obituary (talk about putting life in

perspective). It talks about the most common fears of choosing Must over Should—money, time, space, and the ultimate fear: total vulnerability—and shores up our hesitation with inspiring stories of and quotes from the artists and writers and thinkers who've faced their own crossroads of Should and Must and taken the leap. It explains the importance of mistakes, of “unlearning,” of solitude, of keeping moving, of following a soul path. Presented in four

chapters—The Crossroads, The Origin of Should, Must, and The Return—inspired by the hero's journey outlined by Joseph Campbell, The Crossroads of Should and Must guides us from the small moment, discovering our Must, to the big moment—actually doing something about it, and returning to share our new gifts with the world. **501 Portuguese Verbs** Palgrave Macmillan Home decorators rejoice! This book presents a set of compelling essays

collectively making a persuasive case for why a usage-based perspective on language is fast becoming a leading theoretical framework for investigating second language (L2) learning and the foundation for effective, innovative, engaging pedagogy. Drawing on 20 years of research in psychology, psycholinguistics, cognitive science, and linguistic theory, including discourse analytic approaches, the combined contributions paint a picture of theoretically-

informed L2 pedagogy which emphasizes all facets of language as meaningful, embodied, and socially situated. The introduction and conclusion offer an outline of five foundational tenets essential to a usage-inspired pedagogy and a heuristic for developing usage-inspired L2 research and pedagogy. Each essay provides a unique vantage on usage-inspired L2 instruction and a demonstration of the efficacy of usage-based pedagogy. This volume will be invaluable

for SLA researchers, graduate students, and classroom teachers interested in exploring usage-inspired L2 pedagogy.

THE EAGLE HAS LANDED is probably the greatest World War II story ever written. Operation Eagle was to be the most daring enemy mission of the entire war. Himmler planned to kidnap Churchill on British soil in November 1943. But in that remote corner of Norfolk, an elite unit is

also put together to begin the countdown to the invasion. A brilliant adventure in which the reader's sympathies are enlisted as much for the German heroes as for the English defenders. *Short Stories in French for Beginners* Penguin UK Immerse Yourself in Learning French with Short Stories that Make the Language Come Alive & Easy to Learn!
