Examining the role of
music in the liturgical

life of the Church,
Deacon Edward
Schaefer seeks to
promote a more
dynamic balance
between the
expressive and
formative qualities of
liturgical music. He
examines the structure
of the Mass both

before and after the Second Vatican Council, offering a brief overview of the history and development of liturgical music from the eighth century Carolingian Renaissance to the contemporary implementation of the reforms of the Second Vatican Council. Concluding with a thoughtful analysis of the current state of liturgical music, Deacon Schaefer provides a variety of musical examples which are easily accessed online or via the downloadable e-book.

One of the great achievements of twentieth-century

theology, Joseph Jungmann's towering work is a comprehensive study of the origins, evolution, and theology of the Mass from its earliest forms to the dawn of Vatican II. With a revised chapter previously unavailable in the two-volume edition, Joseph Jungmann's "The Mass of the Roman Rite" is the definitive study of the Roman Catholic Mass.

Since its initial publication in 2006, Paul Turner's Let Us Pray has become a valuable resource for understanding, planning, and celebrating the Eucharist. This new edition, thoroughly updated by the author

to be in full continuity with the Revised English Translation of The Roman Missal, will be one that priests, liturgical ministers, planners, and students will want to keep close at hand. Turner offers helpful explanations for the principal rubrics for a typical Sunday Mass. He reflects on the place of ritual within the context of Catholic piety and then explores the regulations governing the furnishings, vestments, and ministers. He carefully walks readers through the entire Mass from the entrance procession to the dismissal. The book is cross-referenced to answer most questions about the Sunday ritual.

A thorough explanation of the parts of the Mass -- its historical, theological, and liturgical aspects, and how it derives from and relates to daily life. GIA Publications

Widely embraced by homilists and those interested in reflecting more deeply on the daily Lectionary readings, Bishop Richard Sklba's *Fire Starters: Igniting the Holy in the Weekday Homily* has served as a practical resource for preparing engaging weekday homilies for Ordinary Time. After much anticipation, Bishop Sklba and coauthor Fr. Joseph Juknialis now offer *Easter Fire*, a welcome companion to support anyone called to preach at Easter weekday Masses. *Easter Fire* provides the biblical citations and summary phrases for the reading and the gospel plus the refrain from the psalm each day. After each citation, the authors offer a series of

meaningful insights based on Scripture scholarship, their own prayerful reflection on the texts, and years of preaching and pastoral experience. These brief “bullet point” entries provide nuggets of knowledge and inspiration that will stimulate personal prayer and spark homily possibilities for the preacher every day. Easter Fire will ignite sparks that can be enflamed by God’s Spirit, to not only enrich the spiritual journey but to add light and warmth for the preparation of weekday homilies during the Easter season.

Commemorating the
fiftieth anniversary of
the promulgation of
The Roman Missal
(1970), *With One Spirit*
embarks on a
significant
investigation into the
history of this text and
the principles that
impacted its
development. In
particular, Lamberts
examines whether and
how The Roman Missal
encourages the active
participation of the

faithful in the liturgy demanded by the Second Vatican Council. Considering this pastoral and theological context, *With One Spirit* offers a commentary of the possibilities and limitations of the Missal's encouragement of active participation, and formulates suggestions and improvements to realize true communal Eucharistic celebrations.
