*Defy the Stars*

HarperCollins

A collection of three prequel novellas to the New York Times bestselling Dorothy Must Die series by Danielle Paige! Follow Dorothy's iconic companions from the beloved classic The Wonderful Wizard of Oz as each of their gifts becomes key to the downfall of Oz. After Dorothy Gale wished her way home and long before Amy Gumm found herself in Oz, Dorothy's friends left the Road of Yellow Brick to go their separate ways. But in a place like Oz, where magic and temptation lurk, the gifts from the Wizard begin to take on a life of their own.

The Tin Woodman becomes twisted with longing. The Scarecrow develops a taste for plotting. And doubt consumes the Cowardly Lion. Kiss the land where troubles melt like lemon drops good-bye. Here there's danger around every corner, and magical shoes won't be able to save you.

Cinderella Is Dead

HarperCollins

From the New York Times bestselling author of Star Wars: Lost Stars and Bloodline comes a thrilling sci-fi adventure that Kass Morgan, bestselling author of The 100 series, calls "startlingly original and achingly romantic...nothing short of masterful." She's a soldier--Noemi Vidal is willing to risk anything to protect her

planet, Genesis, including her own life. To their enemies on Earth, she's a rebel. He's a machine-- Abandoned in space for years, utterly alone, Abel's advanced programming has begun to evolve. He wants only to protect his creator, and to be free. To the people of Genesis, he's an abomination. Noemi and Abel are enemies in an interstellar war, forced by chance to work together as they embark on a daring journey through the stars. Their efforts would end the fighting for good, but they're not without sacrifice. The stakes are even higher than either of them first realized, and the more time they spend together, the more they're forced to question everything

they'd been taught was true. An epic and romantic adventure, perfect for fans of *The Lunar Chronicles* and *Illuminae*.

*Ruler of Beasts*

HarperCollins

"Wholly original and captivating." - Brigid Kemmerer, *New York Times* bestselling author of *A Curse So Dark and Lonely*. Girls team up to overthrow the kingdom in this unique and powerful retelling of *Cinderella* from a stunning new voice that's perfect for fans of Dhonielle Clayton and Melissa Albert. It's 200 years after *Cinderella* found her prince, but the fairy tale is over. Teen girls are now required to appear at the Annual Ball, where the men of the kingdom select wives based on a girl's display of

finery. If a suitable match is not found, the girls not chosen are never heard from again. Sixteen-year-old Sophia would much rather marry Erin, her childhood best friend, than parade in front of suitors. At the ball, Sophia makes the desperate decision to flee, and finds herself hiding in Cinderella's mausoleum. There, she meets Constance, the last known descendant of Cinderella and her step sisters. Together they vow to bring down the king once and for all--and in the process, they learn that there's more to Cinderella's story than they ever knew . . . This fresh take on a classic story will make readers question the tales they've been told, and root for girls to break down the constructs of

the world around them. Dark Side of the Rainbow HarperCollins In 1814, three cousins-Gretchen, Emma, and Penelope-discover their family lineage of witchcraft when a binding spell is broken, allowing their individual magical powers to manifest. Now, beyond the manicured gardens and ballrooms of Regency London, an alluring underworld available only to those with power is revealed to the cousins. By claiming their power, the three cousins have accidentally opened the gates to the underworld. Now ghouls, hellhounds-and most terrifying of all, the spirits of dark witches known as the Greymalkin Sisters-are hunting and killing young debutante

witches for their powers. And, somehow, Emma is connected to the murders...because she keeps finding the bodies. Can the cousins seal the gates before another witch is killed...or even worse, before their new gifts are stripped away?

Out of Oz HarperCollins

There's a new wicked witch in Oz—and her name is Dorothy. This 125-page digital novella is a fresh and edgy sequel to *The Wonderful Wizard of Oz* by L. No Place Like Oz*, by debut author Danielle Paige, is a compellingly original reimagining of a beloved classic and is perfect for fans of *Cinder* by Marissa

Meyer, *Beastly* by Alex Flinn, and *Wicked* by Gregory Maguire. Dorothy clicked her heels three times and returned to Kansas. The end . . . or was it? Although she's happy to be home with Aunt Em, Dorothy has regretted her decision to leave Oz ever since. So when a mysterious gift arrives at her doorstep on her sixteenth birthday, Dorothy jumps at the chance to return to the glittering city that made her a star. Setting off for the Emerald City, Dorothy is eager to be reunited with her friends: the Scarecrow, the Tin Woodman, and the Cowardly Lion. But she soon discovers that in the time she's been gone, Oz has changed—and Dorothy has, too. This time, the

yellow brick road leads her down a very different path. And before her journey is through, Dorothy will find that the line between wicked and good has become so blurred she's not sure which side of it she's on.

*Stealing Snow*

HarperCollins

In this dark, action-packed fourth book in the New York Times bestselling Dorothy Must Die series, Amy Gumm travels from Oz to the twisted land of Ev, where she fights to free Oz from evil once and for all. My name is Amy Gumm. You might remember me as the other girl from Kansas. When a tornado swept me away to the magical land of Oz, I was given a mission: Dorothy must die.

That's right, everyone's favorite Wicked-Witch-slayer had let the magic of Oz corrupt her. She turned evil. So I killed her. But just when we thought it was safe to start rebuilding the damaged land of Oz, we were betrayed. Now I'm following the Road of Yellow Brick as it helps me escape toward the mysterious land of Ev, where the Nome King rules a bleak and angry world. And what I'm about to find is shocking: My original mission may not have been successful. I thought my job was over, but it's only just beginning. And it's up to me to foil Dorothy's plans for revenge—and finally save the land I've come to love.

*A Breath of Frost*

HarperCollins

Good is Wicked and Wicked is Good in the New York Times bestselling Dorothy Must Die series! This digital original novella is the eighth installment in the series' prequel arc and reveals how the wonderful world of Oz began to crumble when Dorothy Gale returned—including Rainbow Falls, Oz's paradise hot spot. Polychrome, Princess of the Rainbow, has a pretty cushy job. She spends her days surfing at Indigo

Beach, playing with her pet unicorn, and occasionally checking in on the tourists vacationing at Rainbow Falls, where she is—technically speaking—in charge. When Dorothy arrives, Polly is less than thrilled. She'd much rather flirt with mysterious surfer Bright than play tour guide to a spoiled wannabe princess. But Rainbow Falls won't be paradise by the time Dorothy's done with it. And Polly may have to leave her life of leisure behind, to become the ruler her land needs. Danielle Paige delivers a dark and compelling reimaging of L. Frank Baum's *The Wonderful Wizard of Oz*, perfect for fans of *Cinder* by Marissa Meyer, *Beastly* by Alex Flinn, and *Wicked* by Gregory

Maguire, and follows some of literature's most beloved characters as their lives intertwine to bring about the downfall of Oz. *Dorothy of Oz* HarperCollins The New York Times bestseller and basis for the Tony-winning hit musical, soon to be a major motion picture starring Cynthia Erivo and Ariana Grande With millions of copies in print around the world, Gregory Maguire's *Wicked* is established not only as a commentary on our time but as a novel to revisit for years to come. *Wicked* relishes the inspired inventions of L. Frank Baum's 1900 novel, *The Wonderful Wizard of Oz*, while playing sleight of hand with our collective memories of

the 1939 MGM film starring Margaret Hamilton (and Judy Garland). In this fast-paced, fantastically real, and supremely entertaining novel, Maguire has populated the largely unknown world of Oz with the power of his own imagination. Years before Dorothy and her dog crash-land, another little girl makes her presence known in Oz. This girl, Elphaba, is born with emerald-green skin—no easy burden in a land as mean and poor as Oz, where superstition and magic are not strong enough to explain or overcome the natural disasters of flood and famine. Still, Elphaba is smart, and by the time she enters Shiz University, she becomes a member of a charmed circle of

Oz's most promising young citizens. But Elphaba's Oz is no utopia. The Wizard's secret police are everywhere. Animals—those creatures with voices, souls, and minds—are threatened with exile. Young Elphaba, green and wild and misunderstood, is determined to protect the Animals—even if it means combating the mysterious Wizard, even if it means risking her single chance at romance. Ever wiser in guilt and sorrow, she can find herself grateful when the world declares her a witch. And she can even make herself glad for that young girl from Kansas. Recognized as an iconoclastic tour de force on its initial publication, the novel has inspired the

blockbuster musical of the same name—one of the longest-running plays in Broadway history. Popular, indeed. But while the novel's distant cousins hail from the traditions of magical realism, mythopoeic fantasy, and sprawling nineteenth-century sagas of moral urgency, Maguire's *Wicked* is as unique as its green-skinned witch.
