Pathfinder Campaign Setting HarperCollins

The Rise of the Runelords Adventure Path continues with the second adventure: "The Skinsaw Murders." A sudden string of brutal killings terrorizes Sandpoint, and the killer's mark bears a disturbing similarity to the strange rune the goblins in the previous adventure had taken as their tribal totem. Investigation leads the heroes to confront a sinister murderer who has claimed a notorious haunted mansion as his lair. Yet this murderer is one of many, a member of a group of killers who call themselves the Skinsaw Men and have adopted an ancient magic involving the seven deadly sins. The PCs must travel to the bustling city of Magnimar to unravel the truth behind the rune, but in so doing may become prime suspects in the killings themselves! This volume of Pathfinder includes a detailed description of the city of Magnimar, several new monsters, and rules for new types of wizardly specialists who focus their studies on sin magic.

Meet Jared—a cowboy with bit-in the latest paranormal romance from the national bestselling author. Jared Johnson has always been a force to be reckoned with, first as an outlaw and now as a vampire. Caught in a war between immortals, he doesn't have time to waste, but when a female vampire is attacked, he can't just walk away. He expects a quick goodbye, but what he gets is a vulnerable woman who intrigues and seduces while giving away nothing of the secrets holding her hostage. Raisa may not have extreme physical strength, but she's been able to survive as a vampire longer than most by keeping to herself. But that's about to change. Forced to accept Jared's protection, Raisa finds it increasingly hard to resist his forbidden allure while keeping the secret that could destroy them both.

For untold millennia, the humanoid races have dwelt alongside mighty wyrms. Dragons have helped raise—and destroy—great empires, and wherever they pass they leave a heritage of awe and power. Pathfinder Player Companion: Legacy of Dragons delves into the ripples left by a dragon's passing: the legends and philosophies left in their wake, the vendettas sworn against them, and especially the bloodlines they foster. Learn to think, move, and fight like these legendary beasts, and call out the untapped potential in your own blood. Dragons stop being monsters and become your first step toward personal glory with Legacy of Dragons!

The plan was simple. Go to America. Buy a second-hand car. Drive coast-to-coast without giving any money to The Man(TM). What could possibly go wrong? Dismayed by the relentless onslaught of faceless American chains muscling in where local businesses had once thrived, Dave Gorman set off on the ultimate American road trip—in search of the true, independent heart of the U S of A. He would eat cherry pie from local diners, re-fuel at dusty gas stations, and stock up on supplies from Mom and Pop's grocery store. At least that was the idea. But when did you last see an independent gas station? Gamely, Dave beds down in a Colorado trailer park, sleeps in an Oregon forest tree house, and even spends Thanksgiving with a Mexican family in Kansas. But when his road trip mutates into an odyssey of near-epic proportions and he finds himself being threatened at gun point

in Mississippi, Dave starts to worry about what's going to break down next. The car . . . or him?

Think You Know Everything about Psionics? Think Again. In ages past, those who wielded psionic power were ignored. Then, as folk witnessed firsthand their strange abilities, they were scorned and treated like outcasts. Over time, they have carved niches for themselves in society. Now you can rub shoulders with them at the local inn, trade with them in the bustling streets, and follow them on some great adventure. Psionic characters are everywhere, and your world is all the better for it. This companion to Expanded Psionics Handbook builds on the existing psionics rules and presents exciting new options for psionic characters and psionic "dabblers." In addition to clarifying concepts introduced in Expanded Psionics Handbook, it presents three new standard classes—the ardent, the erudite, and the lurk—plus a host of new prestige classes, feats, spells, magic items, astral constructs, and organizations. For use with these Dungeons & Dragons® core books Player's Handbook™ Dungeon Master's Guide™ Monster Manual™ Expanded Psionics Handbook™

A comprehensive philosophical treatment of the virtues and their competing vices. The first four sections focus on historical classes of virtue: the cardinal virtues, the capital vices and the corrective virtues, intellectual virtues, and the theological virtues. A final section discusses the role of virtue theory in a number of disciplines.

Virtues and Their Vices Hassell Street Press

A vivid and energetic history of Van Halen's legendary early years After years of playing gigs everywhere from suburban backyards to dive bars, Van Halen — led by frontman extraordinaire David Lee Roth and guitar virtuoso Edward Van Halen — had the songs, the swagger, and the talent to turn the rock world on its ear. The quartet's classic 1978 debut, *Van Halen*, sold more than a million copies within months of release and rocketed the band to the stratosphere of rock success. On tour, Van Halen's high-energy show wowed audiences and prompted headlining acts like Black Sabbath to concede that they'd been blown off the stage. By the year's end, Van Halen had established themselves as superstars and reinvigorated heavy metal in the process. Based on more than 230 original interviews — including with former Van Halen bassist Michael Anthony and power players like Pete Angelus, Marshall Berle, Donn Landee, Ted Templeman, and Neil Zlozower — *Van Halen Rising* reveals the untold story of how these rock legends made the unlikely journey from Pasadena, California, to the worldwide stage.

Player's Handbook II Harper Collins

For 2,000 years, the persecution of Christians has taken place wherever the Church has been present -- essentially, in every corner of the world. More than 260 million Christians around the globe are facing some form of persecution right now, and that number continues to climb each year. *The Persecuted* is an astonishing book that tells the real-life stories of brave Christians who are suffering intimidation, oppression, and violence right now as they resolutely live out their Faith in Muslim lands. The author, Casey Chalk, shocked by what he saw as a journalist living overseas, presents with skill and sensitivity these riveting stories that he witnessed firsthand. This global tour of Christian persecution will take you from the slums of Karachi, where Islamic extremists harass and kill beleaguered Christians, to the bustling, exotic streets of Bangkok, where Christians hide in fear while awaiting adjudication of their refugee applications. You'll meet brave Christians who escaped Muslim persecution to make a new life in the Netherlands, and others who slipped away only to become trapped in Russia. Casey tells the stories of Christians who were tortured and, in some instances, killed in Muslim nations -- and then lays out a strategic plan for rescuing as many as possible from their plight. Chalk also addresses other fundamental issues, explaining why Islam's radicals feel they must declare war on Christianity and why they persist in enslaving the Christians in their midst. He also explains how they have managed to get away with this appalling conduct in the face of powerful international organizations--and the Catholic Church herself--spotlighting the persecution and calling for its end. These harrowing stories bring you face-to-face with fellow Christians enduring the ultimate test in distant lands. They will strengthen your faith and also prepare you for what may lie ahead here in the West if we fail to heed the advice given in this timely and important book.

The manager who shepherded Van Halen from obscurity to rock stardom goes behind the scenes to tell the complete, unadulterated story of David Lee Roth, Eddie Van Halen, and the legendary band that changed rock music. Van Halen's rise in the 1980s was one of the most thrilling the music world had ever seen—their mythos an epic party, a sweaty, sexy, never-ending rock extravaganza. During this unparalleled run of success, debauchery, and drama, no one was closer to the band than Noel Monk. A man who'd worked with some of rock's biggest and most notorious names, Monk spent seven years with Van Halen, serving first as their tour manger then as their personal manager until 1985, when both he and David Lee Roth exited as controversy, backstabbing, and disappointment consumed the band. Throughout Van Halen's meteoric rise and abrupt halt, this confidant, fixer, friend, and promoter saw it all and lived to tell. Now, for the first time, he shares the most outrageous escapades—from their coming of age to their most shocking behavior on the road; from Eddie's courtship and high profile wedding to Valerie Bertinelli to the incredible drug use which would ultimately lead to everyone's demise. Sharing never-before-told stories, Monk paints a compelling portrait of Eddie Van Halen, bringing into focus the unique combination of talent, vision, hardship, and naiveté that shaped one of the greatest rock guitarists of all time—and made him and his brother vulnerable to the trappings and failings of fame. Illustrated with dozens of rare photographs from Monk's vaults, *Runnin' with the Devil* is manna from rock heaven no Van Halen fan can miss.

Complete Psionic ECW Press

From the award-winning author of *Sandworm* comes the propulsive story of a new breed of investigators who have cracked the Bitcoin blockchain, exposing once-anonymous realms of money, drugs, and violence. “I love the book... It reads like a thriller... These stories are amazing.” (Michael Lewis) Over the last decade, a single innovation has massively fueled digital black markets: cryptocurrency. Crime lords inhabiting lawless corners of the internet have operated more freely—whether in drug dealing, money laundering, or human trafficking—than their analog counterparts could have ever dreamed of. By transacting not in dollars or pounds but in currencies with anonymous ledgers, overseen by no government, beholden to no bankers, these black marketeers have sought to rob law enforcement of their chief method of cracking down on illicit finance: following the money. But what if the centerpiece of this dark economy held a secret, fatal flaw? What if their currency wasn't so cryptic after all? An investigator using the right mixture of technical wizardry, financial forensics, and old-fashioned persistence could uncover an entire world of wrongdoing. *Tracers in the Dark* is a story of crime and pursuit unlike any other. With unprecedented access to the major players in federal law enforcement and private industry, veteran cybersecurity reporter Andy Greenberg tells an astonishing saga of criminal empires built and destroyed. He introduces an IRS agent with a defiant streak, a Bitcoin-tracing Danish entrepreneur, and a colorful ensemble of hardboiled agents and prosecutors as they delve deep into the crypto-underworld. The result is a thrilling, globe-spanning story of dirty cops, drug bazaars, trafficking rings, and the biggest takedown of an online narcotics market in the history of the Internet. Utterly of our time, *Tracers in the Dark* is a cat-and-mouse story and a tale of a technological one-upmanship. Filled with canny maneuvering and shocking twists, it answers a provocative question: How would some of the world's most brazen criminals behave if they were sure they could never get caught?
