 “My name is Ken and I will be your waiter for a long, long time . . .” That’s how Ken Untener introduced himself to the more than 6,000 people who attended his ordination as bishop of the Catholic Diocese of Saginaw, Michigan, on November 24, 1980. The purpose of this book is to let Ken Untener tell the story of his vocation, priesthood, and ministry in his own words. And (ever the teacher), he often used stories of his life as a way to deliver a message from the Scripture and the strength of his faith. This book is not a memoir. Ken did a lot of preaching and rarely used a prepared text, but often recorded his homilies and talks on a microcassette recorder tucked in his pocket. He spoke from his heart and he used examples from everyday life, sometimes even using an incident that had just happened to him that day.

 Years after the end of Apartheid South Africa remains racially polarized and socially divided. In this context pilgrimage and travelling rituals serve to help those who often find themselves at the bottom end of the social ladder to make sense of their world. This book describes a South Africa that is made up of a number of different fragmented worlds. The focus is on the Zion Christian Church, one of the largest religious movements in southern Africa, and a good example of indigenized African Christianity. Pilgrimage plays an important role in reintegrating some of those fragmented worlds

into something approaching wholeness. This book tells the story of how the enduring ritual of pilgrimage is transforming African religion, along with the lives of ordinary South Africans.

Holiness Is Always in Season BRILL

An invigorating view of faith from the first African American Presiding Bishop of the Episcopal Church. “What the Church needs, what this world needs, are some Christians who are as crazy as the Lord. Crazy enough to love like Jesus, to give like Jesus, to forgive like Jesus, to do justice, love mercy, walk humbly with God—like Jesus. Crazy enough to dare to change the world.” From the very first page, Bishop Michael B. Curry’s fresh, robust take on religion is unafraid to ask the tough questions. Crazy Christians is an upfront, unflinching call to those who boldly follow Christ and dare to march to beat of their own drum. Filled with inspiring sermons, including Bishop Curry’s acclaimed 2012 General Convention address, this inspiring book takes a provocative look at what it really takes to make a difference. Bishop Curry encourages all of us to let go of conventions and embrace the craziness of believing we can change the world for the better.

This electronic version has been made available under a Creative Commons (BY-NC-ND) open access license. This book explores how conceptions of episcopacy (government of a church by bishops) shaped the identity of the bishops of France in the wake of the reforming Council of Trent (1545–63). It demonstrates how the episcopate, initially demoralised by the Wars of Religion, developed a powerful ideology of privilege, leadership and

pastorate that enabled it to become a flourishing participant in the religious, political and social life of the ancien regime. The book analyses the attitudes of Tridentine bishops towards their office by considering the French episcopate as a recognisable caste, possessing a variety of theological and political principles that allowed it to dominate the French church.

After 2,000 years of flawed history, here at last is a magnificent new biography of Mary Magdalene that draws her out of the shadows of history and restores her to her rightful place of importance in Christianity. Throughout history, Mary Magdalene has been both revered and reviled, a woman who has taken on many forms—witch, whore, the incarnation of the eternal feminine, the devoted companion (and perhaps even the wife) of Jesus. In this brilliant new biography, Bruce Chilton, a renowned biblical scholar, offers the first complete and authoritative portrait of this fascinating woman. Through groundbreaking interpretations of ancient texts, Chilton shows that Mary played a central role in Jesus' ministry and was a seminal figure in the creation of Christianity. Chilton traces the evolving images of Mary Magdalene and the legends surrounding her. He explains why, despite her prominence, the Gospels actually say so little about her and why the Catholic Church for thousands of years has sought to marginalize her importance. In a probing look at the Church's attitudes toward women, he investigates Christian misogyny in the ancient world, including the suppression of women priests who patterned their activities on Mary's; explores the impact of Gnostic ambivalence toward women on its depictions of Mary; and shows that these traditions still influence modern portrayals of her. Chilton's descriptions of who Mary Magdalene was and what she did challenge the male-dominated history of Christianity familiar to most readers. Placing Mary within the traditions of Jewish female savants, Chilton presents a visionary figure who was fully immersed in the mystical teachings that shaped Jesus' own teachings and a woman who was a religious master in her own right.

The Prayer that Jesus taught His disciples has had a significant role in the worship, thought and life of the historical church. There is, however, the danger that the Lord's Prayer may become a lost prayer in the contemporary church. It is important that Christians revisit this Prayer and rediscover its riches and power to transform them. This book draws from the rich history of this Prayer and explores its depths by examining each petition and clause in the Prayer in the illuminating light of biblical teaching and the perspective of the mind of Christ. The purpose is not only to foster deeper understanding but also to encourage a deeper allegiance to Jesus and a close union with Him in prayer, service and witness. Reader's Review: "A thoughtful, pastorally-sensitive and historically-informed guide to devotional study of the Lord's Prayer." - Prof Larry W. Hurtado, University of Edinburgh

Archbishop Alban Goodier, S.J. fills in the many blanks in the historical narratives about the Passion of Jesus Christ with a riveting account based on history, culture and his own deep spiritual insights. He brings to life and unifies the many observations, emotions and subtle and not-so-subtle actions that revolve around the person of God the Son as he faces his most tragic and triumphant moment. The author's unique approach intersperses Scripture accounts with the commentary of an incisive narrator who sifts and judges from the span of hundreds of years. He draws from the obvious as well as the obscure, and finds supernatural meaning in the most mundane actions that surround the suffering Christ. In the hands of this writer, the Lord's few words, accompanied by the author's commentary, challenge contemporary believers as much as they did those who first followed in the footsteps of Christ and his apostles. The author was born in 1869 in Lancashire, northern England and educated at the prominent Catholic college, Stonyhurst, which has been the source of many English Catholic politicians, intellectuals and business people. After a degree from the University of London, he was ordained a Jesuit in 1903. He served as archbishop of Bombay from 1919 to 1926 and returned to England to write and serve as a chaplain until his death in 1939.

In John 14:12 Jesus said that those who believe in him can do the things that he did and more. Do Greater Things encourages readers to take this statement seriously by looking at Jesus as our master teacher and way shower rather than as our savior. Inspired by such spiritual revolutionists as Ernest Holmes, Eckhart Tolle and Charles Fillmore and grounded in the writings of Biblical scholars like Bishop John Shelby Spong and Marcus Borg, Do Greater Things boldly states that our purpose is to repeat and surpass what Jesus achieved.

Following the Only Path to True Success Abingdon Press

For a Christian, the way to reach perfection is to strive for holiness. What is true perfection? Christ's words are clear, sublime and disconcerting: "Be perfect as your heavenly Father is perfect." To have God as our model is a dizzying thought! Yet the Church reminds us that, "All the faithful, whatever their condition or state in life, are called by the Lord to that perfect holiness." The Church teaches us that holiness is not the concern of a privileged few, nor does it only pertain to Christians of the past. Holiness is always a call to every Christian of every age, a challenge for anyone who wants to follow in the footsteps of Christ. Pope Benedict XVI says: "Holiness never goes out of fashion; on the contrary, with the passage of time it shines out ever more brightly, expressing man's perennial effort to reach God." Mother Teresa of Calcutta wrote: "Holiness is not something for the extraordinary; it is not a luxury of the few. Holiness is the simple duty for each one of us." The saints are our models and teachers in the ways of holiness. They show us that holiness is possible for us, since they experienced the same difficulties and weaknesses we do, yet persevered in achieving sanctity. The world of saints is a world of wonders, and in this book Pope Benedict XVI helps us to enter into that world. This inspiring volume presents the Pope's numerous reflections on many saints arranged according to the calendar year. He shows how the life of each saint has something unique to teach us about virtue, faith, courage and love of Christ. Dozens of saints are covered in this wonderful spiritual book. The Pope exhorts us through their lives, "Be holy! Be saints!"

receive Him and how does it happen? What are the benefits of being baptised in the Holy Spirit? What's in it for me?
