Student Unit Guides are perfect for revision.

Each guide is written by an examiner and explains the unit requirements, summarises the relevant unit content and includes a series of specimen questions and answers. A Content Guidance

section combines an overview of the specific unit or module and the key terms and concepts, with an examiner's interpretation so that students understand precisely what they need to understand and learn, the skills required and the potential pitfalls. A Question and Answer section provides graded answers, typically A and C, to questions which have been set to reflect the style of the unit. All responses are accompanied by commentaries which highlight their respective strengths and weaknesses, giving students an insight into the mind of the examiner.

Get the Grade: Edexcel AS/A2 Chemistry is the essential revision guide for the Edexcel specification. Written by George Facer, a Chair of Examiners and author of Edexcel AS Chemistry (2nd Edition) and Edexcel A2 Chemistry (2nd Edition), this accessible book will give students revising for AS and A2 Edexcel Chemistry the confidence needed to achieve the very best grades. Get the Grade breaks down each of the topics in the Edexcel specification into clear, manageable sections designed to increase knowledge

and understanding of chemistry. It is a comprehensive tool, ideal for revising for each of the Unit Tests. It is also a valuable revision aid if you are studying other AS and A2 chemistry courses. These are some of the features you will find in the book:

- A user-friendly format, dividing topics into easy-to-follow sections
- Up-to-date examination questions
- Advice on preparing for your Unit Tests
- Questions for each topic to test your knowledge and understanding throughout the course
- Unit Test style papers at the end of each Unit to help you prepare thoroughly for your exams
- Answers to all questions set in the book to help you check your own

understanding - Invaluable examiner's comments on the answers - Checklists to help you cover all key points during revision

My Revision Notes:

Edexcel A Level

Chemistry Philip Allan

Tired of writing your own revision notes? Unsure what to put in and what to leave out? Use professional ones! These condensed revision notes (flashcards) are designed to facilitate memorization. They have been created by a very experienced, professional Chemistry

tutor. Dr C. Boes has successfully taught over sixty A-level students in the last ten years. Many of these have achieved excellent grades in their exams and went on to study medicine. These notes contain all the necessary exam knowledge in a short, easy to memorize form. Each page covers the key facts, such as definitions or equations, of a single topic, without the distraction of unnecessary information. Knowing them by heart makes it easy to get top grades. Tried, tested and proven by past tuition students, they are an effective and successful tool to ace your exams. They have been adapted to the new Edexcel Chemistry A-level Year 2 syllabus

(from Sept 15). This book is organized in chapters according to the syllabus and allows natural progression in sync with your school work. Created with great care, it includes important information specific to exam questions. This small book will save you hours of painstaking note writing. It is less messy than loose paper sheets and easy to carry around. Memorize on the bus or while you wait. Try it now! Supplement this black and white edition with the coloured Kindle eBook.

students' understanding throughout their course with clear topic summaries and sample questions and answers to help your students target higher grades. Written by experienced examiner George Facer, our Student Guides are divided into two key sections, content guidance and sample questions and answers. Content guidance will: - Develop students' understanding of key concepts and terminology; this guide covers topics 11 - 15: equilibrium II; acid-base equilibria; energetics II; redox II; transition metals. - Consolidate students' knowledge with 'knowledge check

questions' at the end of each topic and answers in the back of the book. Sample questions and answers will: - Build students' understanding of the different question types, so they can approach questions from topics 11 - 15 with confidence. - Enable students to target top grades with sample answers and commentary explaining exactly why marks have been awarded.
