Guys' Guy's Guide to Love

Most people tend to spend thousands of dollars marketing their homes or cars online, yet, if they're single, they won't take the time or effort to professionally market themselves. What's more important to your happiness? This system shows you how to increase your value in the Interpersonal Marketplace by optimizing your presentation, and using data and technology to market yourself like a famous celebrity. If you've been searching for the love of your life and you haven't yet found them, there are 7 main reasons why you probably haven't: 1. You haven't met the right person, and you'll know it when you do 2. You're very selective and you don't want to settle 3. You know or have met someone special but don't know how to "connect" or make them want you 4. You haven't defined the type of person you want to be in your life 5. You have little or no opportunities to meet someone special 6. You're worried the older you get the more difficult it becomes. 7. All your efforts have been unsuccessful and frustrating for so long that you've almost given up. You're to the point where you're hardly making the effort anymore and you're hoping that someday if you're lucky, the love of your life may

magically appear. What if I told you that you are about to discover the solution to all of these challenges? I'm going to show you a very logical and revolutionary approach to dating that will greatly increase your chances of quickly selecting and connecting with your perfect partner. I'm going to show you how to find them in the shortest time possible, using the latest innovations in internet technology, marketing and psychology. The incredible feeling of being in love is, without question, one of life's ultimate experiences, and the person you choose to be your partner is most likely the most important decision you will ever make in your life. If you're single and feel a void in your life, what's probably missing is life's most basic and primal instinct - having a true lover in all of its shapes and forms. I'm proud to show you the most logical and scientific solution to finding and falling in love with a perfect partner, in the shortest time possible. What I am about to share with you is truly groundbreaking technology. CyberSystem Dating is a holistic and practical approach to matchmaking that uses data and coaching to perfect your presentation, then psychology and internet technology to maximize your marketing. CyberSystem Dating is the only video and software program in the world that shows you a step by step way to find the true love of your life by first preparing you, then marketing you like a multimillion dollar property to as many prospects as possible. It also shows you

how to choose the ultimate prospect based upon data and the perfect partner prototype you've personally created in the software program. Although this e-book does not include the Audio/Video and software portion of the program, it does provide the basic information you need to market yourself like a famous celebrity. It also gives you access to the free online workshop where you can get free advice and coaching. This book and program will help you to scientifically and logically select the best possible match with the highest probability of success. And because of your ability to increase your value significantly in the dating marketplace - you'll have so many candidates to choose from - I'll show you how to select the best from the rest in my easy to follow software program. Be assured that the contents of this book will provide you with all the information you'll receive in the video but not the software program. When you combine your enhanced multimedia presentation with massive marketing on the internet, it's like **HIRING A TEAM OF PROFESSIONALS TO help you find the love of your life.** Imagine the quality of prospects you could have if you had the help of a: - **MAKEOVER ARTIST - MARKETING PROFESSIONAL - DATING ADVISER - BRANDING EXPERT - PHOTOGRAPHER - IMAGE CONSULTANT - PUBLICITY AGENT - TALENT SCOUT** All rolled into one very easy to follow video and software program. All you need to do is click and watch the interactive videos, and enter your information in the software program as prompted.

Lane Moore is a rare performer who is as impressive onstage—whether hosting her iconic show *Tinder Live* or being the enigmatic front woman of *It Was Romance*—as she is on the page, as both a former writer for *The Onion* and an award-winning sex and relationships

Through it all, she looked to movies, TV, and music as the family and support systems she never had. From spending the holidays alone to having better "stranger luck" than with those closest to her to feeling like the last hopeless romantic on earth, Lane reveals her powerful and entertaining journey in all its candor, anxiety, and ultimate acceptance—with humor always her bolstering force and greatest gift. *How to Be Alone* is a must-read for anyone whose childhood still feels unresolved, who spends more time pretending to have friends online than feeling close to anyone in real life, who tries to have genuine, deep conversations in a roomful of people who would rather you not. This is a dating guide like no other. Not only does it encompass an in-depth guide into areas of pickup and seduction on the online dating app Tinder, but it also adds in an element that no dating book has: a science. Yes that's right, a science. You may be thinking how can there be a science on Tinder? Well let me tell you after four years using the app religiously, there definitely is! For example, did you know that there are certain types of pictures you can put up on your profile that will guarantee you more matches? Did you know that writing certain things in your Bio will make a girl message you first? Did you know there are optimal times of the week to swipe and acquire more matches? Or even times of the year where you will get more matches? Perhaps you didn't realise that with using some of the Tinder Plus features

correctly, your matches can increase as much as 500%. Or perhaps you didn't know that you can actually tell a girl on Tinder that you are looking only to hook-up, and a good portion of the time she will take you up on it if you say it in the right way? If you didn't know this, then this is what this book is here to do. It is here to give the Tinder virgin right the way through to the Tinder pro, the ability to learn this science and getting you to achieve your dream girl. The science you will learn...* A 10-step guide into getting your dream girl based on what you are looking for from the app. Whether that be a hook-up, or a girl to date, or even a girlfriend*To refine your profile in a way that shows the best iteration of yourself to increase the quality and quantity of your matches*Portraying your personality, alongside your physical self in your profile*To maximise your efficiency whilst using the app, through the best times to swipe, chat, and make use of the Tinder Plus features*What to say to the girl in the opening messages*How to be honest with the girl you are talking with based on what you are looking for *The best way and time to ask for a phone number, a date, or to hook-up

Left Swipes and Love Harper Horizon

Hidden somewhere, in nearly every major city in the world, is an underground seduction lair. And in these lairs, men trade the most devastatingly effective techniques ever invented to charm women. This is not fiction. These men really exist. They live together in houses known as Projects. And Neil Strauss, the bestselling author and journalist, spent two years living among them, using the pseudonym Style to protect his real-life identity. The result is one of the most explosive and controversial books of the last decade—guaranteed to change the lives of men and transform the way women

understand the opposite sex forever. On his journey from AFC (average frustrated chump) to PUA (pick-up artist) to PUG (pick-up guru), Strauss not only shares scores of original seduction techniques but also has unforgettable encounters with the likes of Tom Cruise, Britney Spears, Paris Hilton, Heidi Fleiss, and Courtney Love. And then things really start to get strange—and passions lead to betrayals lead to violence. *The Game* is the story of one man's transformation from frog to prince to prisoner in the most unforgettable book of this generation.
