 Jazz: Research and
 Pedagogy is the third
 edition of an annotated
 bibliography to books,
 recordings, videos, and

websites in the field of
 jazz. Since the publication
 of the 2nd edition in 1995,
 the quantity and quality of
 books on jazz research,
 performance, and
 teaching materials have
 increased. Although the
 1995 book was the most
 comprehensive annotated
 jazz bibliography
 published to that date,
 several books on
 research, performance,
 and teaching materials
 were omitted. In addition,
 given the proliferation of
 new books in all jazz
 areas since 1995, the
 need for a new,

comprehensive, and annotated reference book on jazz is apparent. Multiply indexed, this book will serve as an excellent tool for librarians, researchers, and scholars in sorting through the massive amount of new material that has appeared in the field over the last decade.
