Everyone's favorite first grader, Princess Posey, has to fess up to her biggest mistake yet in this eleventh book in the series! Posey's class has been learning all about bees, and when they plan to put on a play to demonstrate everything they've learned, Posey is thrilled. Posey loves a stage, and she's already got her heart set on the perfect role: the Queen Bee. But when Caitlyn is picked for the Queen Bee, Posey is crushed. Taking matters into her own hands, Posey swipes Caitlyn's special bee eraser when nobody's looking. But after she takes it, she feels worse. Maybe stealing wasn't

the right thing to do--but how can she ever make things right? It takes a talk with her mom and a whole lot of courage, but Posey makes an important discovery: owning up to your mistakes is always the right thing to do. Praise for Posey: "Greene doesn't miss a step. Posey is the perfect fictional friend for any first-grade girl."—Kirkus Reviews "Greene's simple writing style and straightforward plot is ideal for advanced first graders or beginning second-grade readers."—School Library Journal

This Critical Companion to the American Stage Musical provides the perfect introductory text for students of theatre, music and cultural studies. It traces the history and development of the industry and art form in America with a particular focus on its artistic and commercial development in New York City from the early 20th century to the present. Emphasis is placed on commercial, artistic and cultural events that influenced the Broadway musical for an ever-renewing, increasingly broad and diverse audience: the Gilded Age, the Great Depression, the World War II era, the British invasion in the 1980s and the media age at the turn of the twenty-first century. Supplementary essays by leading scholars provide detailed focus on the American musical's production and preservation, as well as its influence on daily life on the local, national, and international levels. For students, these essays provide models of varying approaches and interpretation, equipping them with the skills and understanding to develop their own analysis of key productions.

One way that children explore concepts of gender is through make-believe and performative play. One of the most prevalent presentations of gender that is packaged for children's play is the Disney Princess brand. In 2007 the Walt Disney Princess campaign profited over four billion dollars and expanded to include over 25,000 items for sale. Princess paraphernalia reflects a change in the way that young girls (ages 3-5) engage in imaginary play by creating a whole new paradigm of thought. As these girls project themselves into the role of a certain Princess, typical play transforms into a consumer based theatrical experience. Girls not only identify with the ideas of playing princess, but of being a Princess as well. Judith Butler examines gender as consisting of performative "acts" that are stylized, repeated, and public. Gender identity usually includes aligning one's self with socially accepted definitions of male or female. Using Butler's idea's about gender performance, this thesis looks closely at the Disney Princess brand and how it contributes to the idea of a gender identity through films, live performances at Disneyland, and merchandise designed for enhancing play. As media and consumerism plays an increasingly large role in children's lives, careful attention must be made to the influence of such brands, especially as the Princesses become defining models of the word female.
