 Pinocchio, The Tale of a Puppet follows the adventures of a talking wooden puppet whose nose grew longer whenever he told a lie and who wanted more than anything else to become a real boy. As carpenter Master Antonio begins to carve a block of pinewood into a leg for his table the log shouts out, "Don't strike me too hard!" Frightened by the talking log, Master Cherry does not know what to do until his neighbor Geppetto drops by looking for a piece of wood to build a marionette. Antonio gives the block to Geppetto. And thus begins the life of Pinocchio, the puppet that turns into a boy. Pinocchio, The Tale of a Puppet is a novel for children by Carlo Collodi is about the mischievous adventures of Pinocchio, an animated marionette, and his poor father and woodcarver Geppetto. It is considered a classic of children's literature and has spawned many derivative works of art. But this is not the story we've seen in film but the original version full of harrowing adventures faced by Pinnocchio. It includes 40

illustrations.

VOLUME I - The Ancient World Speedy Publishing LLC

The Book of the Ancient World is an account of our common heritage from the dawn of civilization to the coming of the Greeks. It is the story of how human beings began their great adventure of learning how to live; of how they have sought to satisfy the practical needs of their bodies, the questioning of their minds, and the searching of their spirits. To this end it subordinates details of political events to the record of things that lie at the foundation of our modern civilization. Dorothy Mills had an uncanny and unique ability to write history that is interesting and at the same time based on sound scholarship. Her direct, engaging approach is valued increasingly by the many parents in our day who are looking for reliable materials for home study, as well as by many private school educators. The highly-prized six volumes of her historical works (see below) have become very scarce on the used book market, and so Dawn Chorus has undertaken to reprint them as part of its effort to offer texts ideally suited to the needs of a new generation of teachers and students. In a world where the quality of education has so deteriorated, may the reissue of this wonderful historical series shine as a beacon to a new generation of young (and not so young) scholars. Dawn Chorus publishes these five other books

by Dorothy Mills: The Book of the Ancient Greeks; The Book of the Ancient Romans; The People of Ancient Israel; The Middle Ages; and Renaissance and Reformation Times. Dawn Chorus has also republished another outstanding, and long-out-of-print historical series perfectly suited for home or school use (and highly recommended in home-school curricula), entitled The Picturesque Tale of Progress, by Olive Beaupre Miller. It is available in large format (9 volumes), or smaller, double-bound format (5 volumes). *History for the Classical Child* Speedy Publishing LLC This book features reading selections exploring cultures from around the world and assessments that utilize a variety of questioning strategies, as well as map activities and a downloadable version of the reading text at a lower reading level for struggling readers.
