Two youngsters, Lee Donna and Park Jimin, have just entered the first year of University. Lee Donna is the eldest daughter of a famous businessman and despite being born with a silver spoon she is down to earth and caring. She is also the heir of her father's business. She has a passion for dancing and singing which is aided by her talents. This combined with a high IQ makes her special. She has already started learning the ropes of her father's business. She lives with her parents and a younger sister. She is half Korean and half British and was staying in London earlier but has relocated to Korea now. Her father is Korean and mother, British. She is fluent in Korean, French, English, and Japanese. She is a passionate reader who feels at home in a book shop or a library. Park Jimin comes from an average family and dreams of becoming a music idol along with his circle of friends who call themselves BTS. These two meet and are attracted because of the inner beauty that they see in each other. He is struggling to get through his training years with its strict rules and regulations to become an idol. He has to be aware of each of his actions, words as well as fandom. While the other one is facing problems at work but does not display the frustration and stress to make her loved ones happy and proud. How does the duo overcome depression, self-harm, anxiety and fear of hurting the very person that they cherish and want a future with is a journey that the reader will embark upon?

BTS is the breakthrough K-pop band. For the first time, this unofficial biography tells the story of the Korean boy band with a global army of fans, who have propelled their heroes to the top of the charts all over the world. Seven good-looking boys - RM, Jin, Suga, J-Hope, Jimin, V and Jungkook - who can dance as well as they can rap and sing, are tearing up the global music charts. Nothing new? Think again. BTS, who rose to fame in their native South Korea in 2013 and who sing almost entirely in Korean, are now a sensation in the US, the UK and the rest of the world. K-pop is a growing phenomenon in the West, and over the last few years, it has steadily gathered a huge global following. With their talent, dedication, good looks, fabulous choreography, and catchy blend of pop, hip hop and RnB, BTS are leading the advance. - BTS's latest album 'Love Yourself: Answer' went straight to #1 in

the US charts, following the success of their previous album, 'Love Yourself: Tear', which was the first ever Korean album to achieve this - Over 17 million followers on Twitter - They have been profiled in US Vogue - the first K-pop band to be granted such an honour - The music video for IDOL broke YouTube streaming records, being viewed 46 million times in the first 24 hours; the view count is now in the hundreds of millions - They won the 2018 Billboard Music Award for 'Top Social Artist' for the second year in a row - Listed by Forbes as the most retweeted artist on Twitter in March 2016 - and their fanbase has ballooned since then - Named in Time magazine's 'Top 25 Most Influential People on the Internet 2017' list - Their 2018-2019 world tour sold out within minutes of tickets going on sale Extensively researched, and written in an upbeat and accessible style, this book interweaves the success stories of each of the boys with how the band got together, while documenting their amazing rise to fame in Southeast Asia, and then the world. It includes 16 pages of full colour photographs of the band playing live, posing and having fun. In this inclusive, illustrated history and guide to skin care and beauty, journalist and founder of Very Good Light David Yi teaches us that self-care, wellness, and feeling beautiful transcends time, boundaries, and binaries—and that pretty boys can change the world Chanel and Goop might have seemed ahead of the curve when they launched their men's beauty and wellness lines, but pharaohs were exfoliating, moisturizing, and masking eons earlier. Thousands of years before Harry Styles strutted down the red carpet with multicolored fingernails,

Babylonian army officials had their own personal manicure sets. And BTS might have become an international sensation for their smoky eyes and perfect pouts, but the Korean Hwarang warriors who put on a full face before battle preceded them by centuries. Pretty Boys unearths diverse and surprising beauty icons who have redefined what masculinity and gender expression look like throughout history, to empower us to live and look our truths. Whether you're brand new to beauty, or you already have a ten-step routine, Pretty Boys will inspire and teach you how to find your best self through tutorials, beauty secrets, and advice from the biggest names in the beauty industry, Hollywood, and social media. From Frank Ocean's skin-care routine to Clark Gable's perfectly styled hair, Rami Malek's subtle eyeliner to a face beat to the gods à la Boy George or Kimchi the drag queen, K-Beauty to clean beauty, Pretty Boys will completely change the way we all see gender expression and identity.

This book investigates the meteoric rise of mobile webtoons - also known as webcomics - and the dynamic relationships between serialised content, artists, agencies, platforms and

applications, as well as the global readership associated with them. It offers an engaging discussion of webtoons themselves, and what makes this new media form so compelling and attractive to millions upon millions of readers. Why have webtoons taken off, and how do users interact with them? Each of the case studies we explore raises interesting questions for both general readers and scholars of new media about how webtoons have become a modern form of popular culture. The book also addresses larger questions about East Asia's contributions to global popular culture and Asian society in general, as well as South Korea's rapid social and cultural transformation since the 1990s. This is a significant - and understudied - aspect of the new screen ecologies and their role in a new wave of media globalisation as we approach the end of the second decade of the 21st century.
