**Grade 6**  
Routledge  
Discovering  
the way

people in  
ancient  
cultures  
conducted  
their lives is  
fascinating for  
young people,  
and learning  
how these

people  
counted and  
calculated is a  
part of  
understanding  
these  
cultures. This  
book offers a  
concise, but

thorough, introduction to ancient number systems. Students won't just learn to count like the ancient Greeks; they'll learn about the number systems of the Mayans, Babylonians, Egyptians, Romans, and Hindu-Arabic cultures, and also about quinary and binary systems. Symbols and rules regarding the use of the symbols in each number system are introduced

and demonstrated with examples. Activity pages provide problems for the students to apply their understanding of each system. Can You Count in Greek? is a great resource for math, as well as a supplement for social studies units on ancient civilizations. This valuable resource builds understanding of place value, number theory, and reasoning. It includes everything

you need to easily incorporate these units in math or social studies classes. Whether you use all of the units or a selected few, your students will gain a better understanding and appreciation of our number system. *Social Studies Teacher Created Materials* This book is part of the Interactive Discovery-Based Units for High-Ability Learners series, for

<p>grades 6-8, which provides teachers with opportunities to use exciting and challenging units in their classrooms. Order in the Court: A Mock Trial Simulation gives students the opportunity to conduct a trial based on a classic fairytale in order to develop their courtroom skills. After developing the necessary vocabulary, students participate in the trial of Ms. Petunia Pig v.</p>	<p>Mr. B. B. Wolf. Students not only learn the concepts, but they also learn valuable teamwork and time management skills. The unit culminates in a full mock-trial enactment. Grades 6-8 <u><a href="#">The Virginia Experience</a></u> Carson-Dellosa Publishing With this 100+ Series(TM) Grammar book, students will learn the basics needed for writing and speaking correctly. Each page presents an</p>	<p>important grammar rule, followed by practical exercises. Grammar themes may be repeated across several pages, which gives students a chance to practice and reinforce new skills and concepts. The book for grades 7Ð8 covers sentence structure, modifiers, verbals, mood and voice, and much more. -- The 100+ Series(TM) Grammar series for grades 1 to 8 supports language and</p>
--	--	---

literacy fluency. Each book offers systematic practice and use of basic grammar skills at grade level. The books are aligned to the Common Core State Standards. Presentation of skills is reinforced with practical application by requiring students to apply new learning while writing and editing texts. Each book includes reproducible content to help students reinforce essential grammar

skills.  
**Practice, Assess, Diagnose**  
Carson-Dellosa Publishing Builds foundational skills and reviews concepts for the study of the social sciences: history, civics and government, geography and economics.  
**Decoding the Past (Grades 5-8)**  
McGraw-Hill Education Bring the action and adventure of U.S. history into the classroom

with U.S. History Maps for grades 5 and up! From the ice age to the admission of the 50th state, this fascinating 96-page book enhances the study of any era in U.S. history! The maps can be easily reproduced, projected, and scanned, and each map includes classroom activities and brief explanations of historical events. This book covers topics such as the discovery of America, Spanish

conquistadors, the New England colonies, wars and conflicts, westward expansion, slavery, and transportation . The book includes answer keys. Summer Bridge Activities® Supplement your social studies curriculum with 180 days of daily practice! This essential classroom resource provides teachers with weekly social studies units that build students' content-area

literacy, and are easy to incorporate into the classroom. Students will analyze primary sources, answer text-dependent questions, and improve their grade-level social studies knowledge. Each week covers a particular topic within one of the four social studies disciplines: history, economics, civics, and geography. Aligned to the National Council for the Social Studies (NCSS) and

state standards, this social studies workbook includes digital materials. Core Skills Social Studies, Grade 6 Mark Twain Media This workbook contains not only all the standards for grade 7 in one handy place (English Language Arts, Science, Social Studies, & Math), but also over 100 worksheets and assessments that have been designed to fit with each standard. There are no

answer keys, because these assessments are designed to be re-used. You, the teacher, plug in the information that fits your textbook or lesson, and then copy it as needed! Put it on the whiteboard or chalkboard. Photocopy them as worksheets! This is a single user license. Duplicate as needed for your classroom or home use.

Apex Test Prep

Strong reading skills are the basis of school success, and Spectrum Reading for grade 7 will help children triumph over language arts and beyond. This standards-based workbook uses engaging texts to support understanding story structure, key ideas, details, and knowledge integration. Spectrum Reading will help your child improve their reading habits and

strengthen their ability to understand and analyze text. This best-selling series is a favorite of parents and teachers because it is carefully designed to be both effective and engaging—the perfect building blocks for a lifetime of learning.

Daily Geography Practice Daily Reading Comprehension Reading Comprehension Practice for seventh and eighth grades

improves reading skills by providing: - independent reading for on-level readers - instructional reading for below-level readers - supplemental reading for above-level readers All units feature reading guides, comprehension questions, and more. This middle school reading comprehension workbook gives students the practice they need to be successful readers by helping them: -decode words -relate new

information to known information - monitor growth and take action when necessary The Mark Twain Publishing Company provides classroom decorations and supplemental books for middle-grade and upper-grade classrooms. These products are designed by leading educators and cover science, math, behavior management, history, government,

language arts, fine arts, and social studies. **Virginia Civics and Economics** Carson-Dellosa Publishing Social Studies Daily Practice Workbook by ArgoPrep allows students to build foundational skills and review concepts. Our workbooks explore social studies topics in-depth with ArgoPrep's 5 E's to build social studies mastery. Our workbooks offer students 20 weeks of practice of

various social studies skills required for 4th Grade including History, Civics and Government, Geography, and Economics. Students will explore science topics in-depth with ArgoPrep's 5 E'S to build social studies mastery. Engaging with the topic: Read a short text on the topic and answer multiple-choice questions. Exploring the topic: Interact with the topic on a deeper

level by collecting, analyzing, and interpreting data. Explaining the topic: Make sense of the topic by explaining and beginning to draw conclusions about the data. Experimenting with the topic: Investigate the topic through hands-on, easy to implement experiments. Elaborating on the topic: Reflect on the topic and use all information learned to draw conclusions

and evaluate results. ArgoPrep's 4th Grade Social Studies Daily Practice Workbook is state-aligned and aligns with the Next Generation Science Standards (NGSS).
