 The First Adaptation Advised by the Stoker Family since 1927s Broadway Premiere Starring Bela Lugosi! In the early nineteen twenties, Florence Balcombe, widow of DRACULA's author, gave authorization to theatrical producer Hamilton Deane to co-opt Bram Stokers novel for a stage play. For years since, the story has been adapted into dramatic form, but never in collaboration with the family Stoker. Until now. DRACULA of Transylvania made its world premiere in 2013. This dramatization by Christofer Cook, with Dacre Stokers advisement, gives the whole story in all its beautifully- terrifying grandeur. An intricately crafted script, Dracula of Transylvania offers a satisfying live alternative to decades of cinematic gore and computer-generated mayhemwithout sacrificing suspense, thrills, chills, or good old-fashioned action. - August Krickel SC Press Association 2014 Award Recipient DRACULA, of Transylvania is no milk-toast, drawing-room, murder mystery. This is Bram Stokers complete saga. A horror-adventure that takes us from the

wilds of the dark, mountainous Carpathians to the cobblestone streets of polite London. The epic play is perfect for professional, regional, and community theatres. But, beware! This version of the venerable yarn has fangs, sharp as stakes!

The liberal hero, Balint, is at odds with the politics of his time; he lyrically describes the idyllic pre-industrial world of Hungarian Transylvania, later to fall into the hands of first the Nazis and then the Communists, his love for Adrienne, married to an unpleasant and dangerous lunatic, and a Proustian society helplessly bent on its own destruction. This is a novel hard to put down, a masterpiece of twentieth-century literature that deserves to be much more widely known. First published in English in the early 1990s by a small publisher, and a huge word-of-mouth success, this is the first edition in hardback, and in two rather than three volumes.

Back from the dead: the first ever zombie story Before there was Dracula, there was The Castle in Transylvania. In its first new translation in over 100 years, this is the first book to set a gothic horror story, featuring people who may or may not be dead, in Transylvania. In a remote village

cut off from the outside world by the dark mountains of Transylvania, the townspeople have come to suspect that supernatural forces must be responsible for the menacing apparitions emanating from the castle looming over them. But a visiting young count scoffs at their fears. He vows to liberate the villagers by pitting his reason against the forces of superstition - until he sees his dead beloved walking the halls of the castle....

 Transylvania, literally the 'land beyond the forest', is a wooded, intensely romantic region steeped in myths and legends. A rural paradise, Bram Stoker called it 'one of the wildest and least known parts of Europe' and created the immortal Dracula from its reputation. The Bradt guide details the many attractions of this warm and hospitable region ? considered by many as the most beautiful in Eastern Europe. It covers popular tourist options such as staying in a Transylvanian castle, hiking trails, bear tracking, horse-cart driving plus Dracula, wildlife, cultural and historical tours.

Two reluctant readers and mischievous middle schoolers get transported into Bram Stoker's vampire classic in this "lighthearted spoof" (Publishers Weekly). Devin and Frankie—short for Francine—may be the best of friends, but they aren't the best of students. After they're busted for not reading Bram Stoker's *Dracula*, their teacher sends them to the library to make amends by mending books. When they accidentally toss an ancient copy of the horror classic through the library's broken metal detector, a huge crack opens in the wall—and sucks Devin and Frankie right into the novel itself. Now these sarcastic sixth graders will need a few stakes, a lot of garlic, and a sharp sense of humor to defeat the bloodthirsty count. In this first book in Tony Abbott's *Cracked Classics* series, "Devin and Frankie are wisecracking underachievers and their characterizations and dialogue ring true. Abbott adroitly blends the language in Stoker's tale with their conversations, resulting in laugh-out-loud scenes" (School Library Journal).

Between two empires is a land of high mountains and dark forests, of great rivers and fertile plains. The richest king in Mythic Europe rules Hungary, but his nobles are restless and the Teutonic Knights he invited to guard his borders want no overlord. Other small kingdoms play east and west against each other, tolerating heresy in their search for freedom. The mountains are the home of countless dragons, and vampires stalk the peasants in their villages. To the east, a greater storm gathers. This is the Transylvanian Tribunal. One force brings light to the darkness. Here, where a lord need not swear fealty for his land, the magi of the Order of Hermes may rule openly without violating the Code. Here, in the heartland of House Tremere, the gifts and talents of all magi may be brought together, to cooperate for the good of the world. Here can be seen the shape of the new order that the Tremere wish to bring. Let us work together as one and grow hale and strong.

This blend of history and dark fantasy feasts upon vampire lore, reinventing the manner in which real-life monsters were transformed into pop culture icons by two of Ireland's great writers.

From a Bram Stoker Award winner, the first tale of the ancient Carpathian vampire, set in the Paris of King Louis XV . . . Le Comte de Saint-Germain appears to be a wealthy, worldly aristocrat, envied and desired by many but fully known to none. In fact, he is a vampire, born in the Carpathian Mountains in 2119 BCE, turned in his late thirties, and destined to roam the world forever, watching and participating in history. In *Hôtel Transylvania*, this charismatic hero makes his first appearance in the long-running series as he battles against Satanists to preserve the young Madelaine de Montalia from ruin. It's a richly atmospheric tale of dark fantasy and gothic suspense from the first woman to be named a "Living Legend" by the International Horror Guild, an author who uses "her vampire hero as a lens to focus on the best and worst of human behavior throughout history" (Publishers Weekly).

In the forest near Dracula's Castle in Transylvania, a boy and his dog heroically save the life of an anti-Communist fighter Thirteen year-old Bobby spends his summer vacation with his grandparents in a small Carpathian Mountain village. One day, while he is in the forest looking for plants for a herbarium, he comes upon a wounded partisan, a freedom fighter hiding from Communist troops who are searching for him. Soldiers have taken over the village and some are living in Bobby's grandparents' house. The punishment for protecting a partisan is severe, but this partisan reminds Bobby of his father, who died in the war fighting the Soviet invaders of Romania. With the help of his dog Volf and his horse Albu, Bobby has repeated narrow escapes as he outwits the government soldiers and saves the life of the partisan. Along the way he learns history that is not taught in the Communist-run schools—including that Prince Vlad Dracula was not a vampire, but a Romanian hero who, like the partisans, wanted to punish and expel invaders from the land. This story is based on the real-life adventures of the author and other boys in 1952 who wanted to help freedom fighters and who dreamed of being heroes.

Comprehensive chapter-per-county coverage is offered, including details to cater for the diverse range of travellers to the region, from city breaks to rural escapes, ski enthusiasts to charity volunteers. particular the regional airports at Cluj, Sibiu and Târgu Mures) to the completion of new motorway routes, such as that between Sibiu and Deva. Also covered are a number of striking new accommodation options: for example the sustainable guesthouse in Valea Zalanului owned by HRH The Prince of Wales, and the mountaintop retreat of Raven's Nest in the Apuseni Mountains. More attractions have opened up, such as Baroque palaces formerly owned by Hungarian aristocrats, seized under the Communist regime and now being restored by the descendants of their original owners. And the region is developing its offer for new types of tourism, such as summer rock festivals, notably the Untold Festival at Cluj and Electric Castle Festival at Bontida. Transylvania, literally the 'land beyond the forest', is a wild, wooded, intensely romantic region, filled with mountains, gorges and valleys, myths and legends, dragons, bears, wolves - and vampires. Bram Stoker called it 'one of the wildest and least-known parts of Europe' a description which remains true today. One of the most beautiful regions in central Europe and home to three UNESCO World Heritage Sites, Transylvania preserves its cultural and artistic treasures in a unique landscape, bordered on three sides by the Carpathian Mountains. The hay meadows of the lower Carpathians form a man-made, high nature-value grassland ecosystem of extraordinary diversity, offering a beautiful display of wild flowers. The Carpathians are home too to lynx, wild boar, and one of Europe's largest populations of brown bear. Other natural phenomena include the Scarisoaara ice cave in the Apuseni Mountains and the Sfanta Ana volcanic crater lake in Harghita. Whatever your interests, with Bradt's *Romania: Transylvania*, you can discover all of the region's many and varied attractions.

*Geopolitics in the Danube Region* AuthorHouse

Central and Eastern Europe has a long history of, on the one hand, ethnic conflicts and, on the other, of a revolutionary tradition against expansionism. Both have their roots in the geographical situation and ethnic composition of the region. All these problems have surfaced at times when the political status quo has been upset for some reason, such as after the two world wars and after the collapse of the Soviet Union. Both great powers bordering the Danube region-Germany and Russia-have strived to develop their own versions of confederations (Mitteleuropa and Pan-Slavic movements). Also, politicians and intellectuals of the countries affected have proposed various theories, and made initiatives for different forms of closer or looser confederative formations. This book examines the reasons for the failure of these initiatives, these reasons including such factors as ethnically-motivated political antagonism, and the lack of economic complementarity. Contributing valuable information on the problems of political and economic integration, which should not be forgotten in a period when the countries of the region are looking towards the European Union, expecting-realistically or not-the solution of their various conflicts.
