Dr Richard Bandler - Shares his thoughts on learning and Teaching Excellence.
 A Contextual Teaching And Learning Contextual teaching and learning involves making learning meaningful to students by

connecting to the real world. It draws upon students' diverse skills, interests, experiences, and cultures and integrates these into what and how students learn and how they are assessed. In other words, contextual teaching situates learning and learning
 CONTEXTUAL TEACHING AND LEARNING:
 WHAT IS IT
 The contextual approach recognizes that learning is a complex and

multifaceted process that goes far beyond drill-oriented, stimulus-and-response methodologies . According to contextual learning theory, learning occurs only when students process new information or knowledge in such a way that it makes sense to them in their own frames of reference (their own inner worlds of memory, experience, and response).
