Can You Survive a Zombie Apocalypse? Independently Published
The exciting second book in a Post-Apocalyptic survival series that will leave you on the edge of your seat. It's perfect for fans of World War Z, Fallout, and Mockingjay. Coming Q2 2021!

Cuddly Holocaust Createspace Independent Pub

In the tradition of *In Cold Blood* and *The Executioner's Song*, this haunting, insightful, and surprisingly intimate portrait of Saddam Hussein provides "a brief, but powerful, meditation on the meaning of evil and power" (USA TODAY). The "captivating" (Military Times) *The Prisoner in His Palace* invites us to take a journey with twelve young American soldiers in the summer of

2006. Shortly after being deployed to Iraq, they learn their assignment: guarding Saddam Hussein in the months before his execution. Living alongside, and caring for, their "high value detainee and regularly transporting him to his raucous trial, many of the men begin questioning some of their most basic assumptions—about the judicial process, Saddam's character, and the morality of modern war. Although the young soldiers' increasingly intimate conversations with the once-feared dictator never lead them to doubt his responsibility for unspeakable crimes, the men do discover surprising new layers to his psyche that run counter to the media's portrayal of him. Woven from firsthand accounts provided by many of the American guards, government officials, interrogators, scholars, spies, lawyers, family members, and victims, *The Prisoner in His Palace* shows two Saddams coexisting in one person: the defiant tyrant who

uses torture and murder as tools, and a shrewd but contemplative prisoner who exhibits surprising affection, dignity, and courage in the face of looming death. In this thought-provoking narrative, Saddam, known as the “man without a conscience,” gets many of those around him to examine theirs. “A singular study exhibiting both military duty and human compassion” (Kirkus Reviews), *The Prisoner in His Palace* grants us “a behind-the-scenes look at history that’s nearly impossible to put down...a mesmerizing glimpse into the final moments of a brutal tyrant’s life” (BookPage).

What if I were to tell you that virtually every plant and animal species known to mankind is on the verge of going out of existence? Add to that the shocking news that mankind himself is being permanently modified to where the actual scientists performing these experiments upon humanity even admit that if we keep this up, “There will be no true humans left.” All three nightmarish scenarios are not only happening around the world as we speak, but there is virtually little to no oversight to stop them, which means our planet is being thrust headlong into a horrible apocalyptic ending of Biblical proportions. Therefore, this book, *Hybrids, Super Soldiers & the Coming Genetic Apocalypse Vol.1* seeks to equip you the reader with the hardcore scientific evidence and Biblical warnings from God concerning this modern day annihilation of virtually all life forms on the planet. Here you will see such shocking behaviors as: *The Sign of Hybrids, The History of Hybrids, The Dangers of Hybrids & Animal Enhancements.*

Outbreak Toy Soldiers

It was intended to eradicate the common cold; instead it eradicated most of the human race. A genetically modified virus killer mutates, transforming everyone it infects into zombies. As it rapidly spreads across the globe, small groups of survivors battle to stay alive and escape the growing hordes of flesh eaters. Tom, Becky and their two children are on a family holiday when the virus hits. Follow them as they try to fight their way to safety, gathering others along the way. They soon realise that their best chance of survival will be to reach an ancient symbol of power and strength. Their future and safety lie behind a castle's walls. Together they must undertake a daunting one hundred mile journey. Will they make it?

Toy Soldiers 1 Simon and Schuster

When the dead rise, he'll either find his family or end up a ravenous corpse... Fifteen-year-old James would much rather hang with friends than go hunting with his survivalist dad. But the boring weekend trip turns into a living horror when they're attacked by an undead horde. Terrified and confused, James has no choice but to escape with his trusty dog through a forest stained with blood... Teaming up with his best friend, James frantically fights his way back to his missing family. But on a trail of clues littered with corpses, reaching his loved ones means venturing deeper into the deadly unknown... Can James reunite with his family before he's consumed by a relentless pack of zombies? *Fallout* is the first book in a gritty post-apocalyptic series. If you like spine-crawling suspense, ruthless zombies, and rugged survival stories, then you'll love Derek Shupert's dark coming-of-age tale. Buy *Fallout* to unlock an infectious thriller today!

Rising Virgin Books Limited

We've always imagined the world coming to an end in spectacular, explosive fashion. But what if - instead - humanity is just destined to slowly crumble? For Jasper and his nomadic tribe, their former life as middle-class Americans seems like a distant memory. Their world took a turn for the worse - and then never got better. Resources are running out, jobs keep getting scarcer, and the fabric of society is slowly disintegrating But in the midst of this all, Jasper's just a guy trying to make ends meet, find a nice girl who won't screw him around, and keep his group safe on the violent streets. *Soft Apocalypse* follows the tribe's struggle to find a place for themselves and their children in the dangerous new place their world has become.

Scented Gardens for the Blind Black Spot Books

They were dead. All of them. In the wake of a massacre, Ella, Bray, and William flee into the wild, hoping to escape the brutal vengeance of an unforgiving leader. In Brighton, political and economic tensions boil. Famine is approaching. The monsters are amassing. And a costly decision must be made, one that will threaten the lives of humanity's last survivors...

A Post-Apocalyptic Survival Series Independently Published

A wailing moan. A stumbling walk. A horrid stench. You never thought it could happen, but zombies walk the streets with an unending hunger for flesh. With a single bite or scratch, you'll become one of the undead monsters. When YOU CHOOSE what to do next in this eBook, will you be able to survive the zombie hordes?

Random House

A young WWI soldier's unauthorized visit home has dire

consequences in a haunting story reimaged in miniature tableaux. About one hundred years ago, the whole world went to war. The war was supposed to last months. It lasted years. It is Christmastime, 1914, and World War I rages. A young French soldier named Pierre had quietly left his regiment to visit his family for two days, and when he returned, he was imprisoned. Now he faces execution for desertion, and as he waits in isolation, he meditates on big questions: the nature of patriotism, the horrors of war, the joys of friendship, the love of family, and how even in times of danger, there is a whole world inside every one of us. And how sometimes that world is the only refuge. Its publication coinciding with the centennial of the signing of the Treaty of Versailles, this moving and sparsely narrated story, based on true events, is reenacted in fascinating miniature scenes that convey the emotional complexity of the tale. Notes from the creators explore the innovative process and their personal connection to the story.

Soft Apocalypse Createspace Independent Publishing Platform
Quinn, now keeping unexpected company, returns to Jackson to find his friends had been and gone. Facing a choice of north or south -- of home or unfamiliar territory -- he has to make the tough call and deal with the consequences. Rivera and Valentina are in Helena, where they struggle to tell allies from enemies. The race is on to get back to Zion and uncover the traitor before disaster strikes. Operating in the open, the game of telling friend from foe becomes deadly. Don't miss Book 2 in a harrowing post-apocalyptic series from the bestselling author of *After it Happened*. Perfect for fans of the *Fallout* games, Bobby Adair, and T.W. Piperbrook.

Zombie Castle Series Createspace Independent Publishing Platform

What if the H7N9 vaccination wasn't just a preventative measure against swine flu? It seemed like the flu came out of nowhere and yet, in no time at all the government manufactured a vaccination. Were lab workers diligent, or could the virus itself have been man-made? Chase McKinney works as a dispatcher at 9-1-1. Taking emergency calls, it becomes immediately obvious that the entire city is infected with the walking dead. His first goal is to reach and save his two children. Could the walls built by the U.S.A. to keep out illegal aliens, and the fact the Mexican government could not afford to vaccinate their citizens against the flu, make the southern border the only plausible destination for safety?

The Last Escape Vintage

The year is 3015... The polar ice caps have melted and the deserts expanded, leaving the Earth a seared, crusty Hell. Meanwhile, nuclear fallout has blocked out the sun, plunging the world into a new ice age. (Yes, at the same time.) The question on your mind? "What should I knit? " Domsday Knits is a collection of garments and accessories inspired by the post-apocalyptic genre of film, literature, and fashion. These cutting-edge fashion pieces are just as at home in your closet today as they will be in the dystopian wastelands of tomorrow.

Domsday Knits Independently Published

SOMETHING WORSE THAN DEATH IS HAPPENING IN THE JUNGLE...It was supposed to be Vince Carter's last summer internship before graduation. It was supposed to be two months in the Amazon jungle before he began full-time work for the

company Genizyz. Vince is counting down the days he has left when one of his teammates is injured by a strange creature that closely resembles a dinosaur. While the rest of his team is excited about his discovery and speculating about what it could mean, both for Genizyz and society as a whole, Vince worries about his injured teammate Sandy. Everything changes when Sandy kills another member of their team, it is not long before camp is overrun with zombies. Vince must face his fears as he fights these terrible monsters while grappling with other teammates about how to handle the discovery. They insist on returning with what he believes to be the zombie causing contagion while he wants to leave it all behind in the deep jungle. If you like suspenseful zombie stories that end with a bang, this story is for you. Fans of Jurassic Park, the Walking Dead, and World War Z will enjoy this novel. Sneak PeekI warned her. She didn't listen. Now look what's happened.I firmed my resolve.This is the only way.A zampy cried out, a noise like a sharp bark. The monsters could not know what I was planning but we had made assumptions about them before that proved wrong so even though I knew it irrational to think they could read my mind I was not so sure. We didn't know how they communicated with their zombie minions so I couldn't rule out telepathy.The zampys could sense my presence, even though the dungeon was windowless, of that I was sure.These lizard monsters that resembled dinosaurs were far more intelligent than any of my co-workers supposed.My bag was heavy with ammunition and my knockoff Colt .45 was carefully concealed inside my jacket. Nobody had ever thought to install a metal detector, as the remaining team leader I was above suspicion and had passed the guard without question.The

thought I would destroy my own discovery was unthinkable. Thank you, Sharon. I had planned every move and needed less than a minute to dispatch the monsters on the other side. They were behind bars so it would be like shooting fish in a barrel. Easier really. I have no refraction issues. It could all be over in a minute. Yet I hesitated. I had decided to stop this madness long ago. Each time I had tried, Sharon had foiled me or convinced me to do otherwise. She cannot stop me now. And that was part of why I was finally here. Sharon was now sequestered in a windowless padded room. She could only speak with grunts and groans, assuming she still knew what it meant to be human. She could no longer use her brain. While I had already designated her a zombie, the higher-ups of Genizyz were not yet ready to accept the truth that was right in front of them. Lurching like a dead woman walking.

Scourge Lulu.com

There can be no victory without annihilation. A lull in the onslaught of infected breeds a false sense of security for Johnson and his expanded group. Once again, events unfolding far beyond their knowledge conspire to bring a new type of terror to the survivors. Others, displaced from what had been their place of safety, struggle to survive against age-old enemies: cold and hunger. In a bold move, they break out, only to make unexpected discoveries which could spell a chance for them to survive. In a bid to undo all progress, the untested serum is deployed on a massive scale which tips the scales steeply against humanity's chances to win. To live. To remain the dominant species on Earth. Fleeing the seemingly unstoppable enemy, they pin their hopes on a final attempt for freedom, but that means they must

turn their backs on their home forever.

Adaptation Capstone

The only thing worse than death ...is living in hell on Earth.

Disorder and chaos ravage London when thousands are contaminated by the accidental discharge of an experimental bio-weapon. The disease robs its hosts of rational thought, giving them a singular desire--find more living flesh to infect. Cut off from information and senior leadership, one squadron of soldiers under the command of their senior NCO, Sergeant Major Johnson finds itself forced to operate independently until the remnants of military and government command re-establish themselves safely at sea in the English Channel. The infected, however, have a different agenda. They gather into massive hordes, sweeping the countryside, and leaving nothing alive in their wake. Don't miss this heart-stopping intro to a series about survival against all odds! You've never experienced the undead like this before.

Fallout Piton Press LLC

The end of the world is coming. How or when, scientists can't agree upon. For decades, Earth's best line of defense has been a team of young soldiers known as the Apocalypse Five, forced into virtual reality simulations to train for Doom's Day. But, this is no game. Death on the grid is brutally final and calls up the next in a long line of cadets. Stationed aboard the AT-1-NS Starship, the A5 are celebrities thrust into the limelight by a calling they didn't choose. All it takes is one unscheduled mission, showing seventeen-year-old team leader Detroit a harsh and unfathomable reality, to shake the A5's belief in all they thought they knew. After questioning people with the power to destroy them, the team is framed for a crime they didn't commit and

marked for death. Now, the hunt is on. Can the Apocalypse Five expose the truth the starship would kill to keep hidden? Or, will their bravery end in a public execution?

Classic Punisher Independently Published

"...Across the globe the final bastions of humanity hang on by a thread. In Europe the last great fortified town is besieged by the largest zombie horde that has been seen since the outbreak...In the United States, after being forced from their homes many years before, the survivors of the town of Babylon lead a nomadic lifestyle and have reached Mexico...In the southern hemisphere the Flotilla has fought and struggled for ten years but it is now time for them to settle down. After making contact with a new community they decide to risk it all in one last gamble..."--P. [4]
