Much later, as he sat with his back against an inside wall of a Motel 6 just north of Phoenix,

watching the pool of blood lap toward him, Driver would wonder whether he had made a terrible mistake. Later still, of course, there'd be no doubt. But for now Driver is, as they say, in the moment. And the moment includes this blood lapping toward him...

This state-of-the-art volume covers recent developments in research on audio description, the professional practice dedicated to making audiovisual products, artistic artefacts and performances accessible to those with supplementary visual and cognitive needs.

Harnessing the power of the spoken word, the projects covered in this book illustrate the value of audiovisual content descriptions not only in relation to the role of

breaking down physical, cognitive and emotional barriers to entertainment, but also in informing broader media practices such as video archive retrieval, video gaming development and application software creation. The first section maps out the field, discusses key concepts in relation to new developments and illustrates their application; the second part focuses on new audiences for AD, whilst the third part covers the impact of new

technologies. Throughout this book contributors focus on methodological innovation, regarding audio description as an opportunity to engage in multi-dimensional linguistic and user-experience analysis, as it intersects with and contributes to a range of other research disciplines. This book is key reading for researchers, advanced students and practitioners of audiovisual translation, media, film and performance studies, as well as those in related fields including cognition,

narratology, computer vision and artificial intelligence.

bestselling author of *The Party Crasher* and *Love Your Life* comes a novel with the same wicked humor, buoyant charm, and optimism as her beloved *Shopaholic* series. “Sophie Kinsella keeps her finger on the cultural pulse, while leaving me giddy with laughter.”—Jojo Moyes,

author of *The Giver of Stars* and *The Last Letter from Your Lover* Meet Emma Corrigan, a young woman with a huge heart, an irrepressible spirit, and a few little secrets:

Secrets from her boyfriend: I’ve always thought Connor looks a bit like Ken. As in *Barbie and Ken*. Secrets from her mother: I lost my virginity in the spare bedroom with Danny Nussbaum while Mum and Dad were downstairs watching *Ben-Hur*. Secrets she wouldn’t share with anyone in the world: I have no idea what

NATO stands for. Or even what it is. Until she spills them all to a handsome stranger on a plane. At least, she thought he was a stranger. . . . But come Monday morning, Emma’s office is abuzz about the arrival of Jack Harper, the company’s elusive CEO. Suddenly Emma is face-to-face with the stranger from the plane, a man who knows every single humiliating detail about her. Things couldn’t possibly get worse. Or could they? This book explores these relations scientifically and, focusing on the linguistic landscapes of selected cities in northern and southern Europe, sheds

light on how urban areas with diverse profiles differ, and how linguistic landscapes change through tourism and migration, or in times of crisis. The book puts forward sophisticated and novel ways of approaching urban sociolinguistics and enhances understanding of the challenges and opportunities faced when studying sociolinguistic variation in these linguistic landscapes. This book is targeted especially at scholars in the field of urban

sociolinguistics wishing to approach the subject through the lens of linguistic landscapes. It also raises interesting points to anyone involved in language planning and policy reflection, as well as those engaged in urban redevelopment planning. Last but not least, it offers theoretical and methodological guidance to students and researchers in a wider variety of disciplines. **L'inglese in pratica** ReadHowYouWant.com A weekly review of politics, literature,

A lively exploration of the joys of a not-so-dead language From the acclaimed novelist and Oxford professor Nicola Gardini, a personal and passionate look at the Latin language: its history, its authors, its essential role in education, and its enduring impact on modern life—whether we call it “dead” or not. What use is Latin? It’s a

question we’re often asked by those who see the language of Cicero as no more than a cumbersome heap of ruins, something to remove from the curriculum. In this sustained meditation, Gardini gives us his sincere and brilliant reply: Latin is, quite simply, the means of expression that made us—and continues to make us—who we are. In Latin, the rigorous and inventive thinker Lucretius examined the nature of our world; the poet Propertius told of

love and emotion in a dizzying variety of registers; Caesar affirmed man’s capacity to shape reality through reason; Virgil composed the Aeneid, without which we’d see all of Western history in a different light. In *Long Live Latin*, Gardini shares his deep love for the language—enriched by his tireless intellectual curiosity—and warmly encourages us to engage with a civilization that has never ceased to exist, because it’s here with us now, whether we know it or not. Thanks to his

careful guidance, even without a single lick of Latin grammar readers can discover how this language is still capable of restoring our sense of identity, with a power that only useless things can miraculously express.

A coming-of-age classic
about a young girl
growing up in Chicago •
Acclaimed by critics,
beloved by readers of all
ages, taught in schools

and universities alike, and translated around the world—from the winner of the 2019 PEN/Nabokov Award for Achievement in International Literature. “Cisneros draws on her rich [Latino] heritage...and seduces with precise, spare prose, creat[ing] unforgettable characters we want to lift off the page. She is not only a gifted writer, but an absolutely essential one.” —The New York Times Book Review *The House on Mango Street* is one of the most cherished novels of the last fifty

years. Readers from all walks of life have fallen for the voice of Esperanza Cordero, growing up in Chicago and inventing for herself who and what she will become. “In English my name means hope,” she says. “In Spanish it means too many letters. It means sadness, it means waiting.” Told in a series of vignettes—sometimes heartbreaking, sometimes joyous—Cisneros’s masterpiece is a classic story of childhood and self-discovery and one of the greatest neighborhood novels of all

time. Like Sinclair Lewis's *Main Street* or Toni Morrison's *Sula*, it makes a world through people and their voices, and it does so in language that is poetic and direct. This gorgeous coming-of-age novel is a celebration of the power of telling one's story and of being proud of where you're from.
