Talking Young  
Femininities explores the spontaneous talk of adolescent British girls from different socio-cultural backgrounds, examining the different discursive identities they negotiate in their talk, including the 'cool' private-school-girl, the 'tough' British Bangladeshi girl, and the 'sheltered' East End girl.

Divine Stories is the inaugural volume in a landmark translation series devoted to making the wealth of classical Indian Buddhism accessible to modern readers. The stories here, among the first texts to be inscribed by Buddhists, highlight the moral economy of karma, illustrating how gestures of faith, especially offerings, can bring the reward of future happiness and ultimate liberation. Originally contained in the Divyavadana, an enormous compendium of Sanskrit Buddhist narratives from the early

Common Era, the stories in this collection express the moral and ethical impulses of Indian Buddhist thought and are a testament to the historical and social power of narrative. Long believed by followers to be the actual words of the Buddha himself, these divine stories are without a doubt some of the most influential stories in the history of Buddhism.

An action-packed retelling of Avatar: The Last Airbender with full-color scenes and dialogue from the series. . . Screen Comix style! The mysterious origins of Aang, the Avatar and last Airbender, are retold in the new Screen Comix format! Based on the epic Nickelodeon series, this first book reveals how Aang emerges from a hundred years frozen in an iceberg to find the world is very different from the one he once knew. With the help of a waterbender named Katara and her brother Sokka, Aang searches for teachers to help him master his skills and escape Prince Zuko in order to end the Fire Nation's war and bring balance to the world. The stakes couldn't be higher in this 320-page full-color

retelling of the first six episodes of the show, featuring final frames and dialogue from the series. This book will delight Avatar fans of all ages.  
[Cliff Richard Haynes Manuals](#)  
In a hilarious and often poignant debut YA novel, Jesse Alderman—or "Sway," as he's known—avoids emotional connection at all costs, but he's ultimately forced to open his heart when he meets the girl of his dreams.

**I Am Leaper** Wiley Global Education

Focusing on the bizarre, a collection of entertaining, illustrated travel guides features a host of oddball curiosities, ghosts and haunted places, local legends, cursed roads, crazy characters, and unusual roadside attractions that can be found throughout the United States.

Ages 12 years & over. A collection of stories from Rumi's classic opus *The Mathnawi*, this astounding compilation of over 24,000 verses is carefully adapted for younger audiences. Best known for his spiritual poetry and the whirling dance of sufi practice he inspired, Rumi's influence

continues to spread around the world.  
Divine Stories Tiger Tales From New York Times Bestseller Mimi Jean Pamfiloff comes SMART TASS, a new Romantic Comedy. He's the hot college quarterback all the girls want. She's the smart girl he loves to pick on. And now that they're all grown up, things are about to get geekin' ugly... My name is Tass. I'm smart, I'm driven, and I am determined not to let prankster Hunter Johnson continue raining on my parade. When we were little, he'd pull my hair and call me names. When we were teenagers, he'd throw food and tease me for being a flat-chested virgin. But now that we've ended up at the same college, he's out of his hot head if he thinks he can keep messing with my life. It's like he's fixated on me or something. Well, guess what, Mr. Amazefootball? I'm not that geeky little girl anymore and you do not screw with a smart woman. So what's my plan? It's definitely wild, and he's about to find out...

 Afrikan life into the coming millennia is imperiled by White and Asian power. True power must nest in the ownership of the real estate wherever Afrikan people dwell. Economic destiny determines biological destiny.  
 'Blueprint for Black Power' details a master plan for the power revolution necessary for Black survival in the 21st century. White treatment of Afrikan Americans, despite a myriad of theories explaining White behavior, ultimately rests on the fact that they can. They possess the power to do so. Such a power differential must be neutralized if Blacks are to prosper in the 21st century ... Aptly titled, 'Blueprint for Black Power' stops not at critique but prescribes radical, practical theories, frameworks and approaches for true power. It gives a biting look into Black potentiality. (Back cover).

Celebrating the sesquicentennial anniversary of the completion of the first transcontinental railroad in the United States ,  
After Promontory: One Hundred and Fifty Years of Transcontinental Railroading profiles the history and heritage of this historic event.

Starting with the original Union Pacific—Central Pacific lines that met at Promontory Summit, Utah, in 1869, the book expands the narrative by considering all of the transcontinental routes in the United States and examining their impact on building this great nation. Exquisitely illustrated with full color photographs, After Promontory divides the western United States into three regions—central, southern, and northern—and offers a deep look at the transcontinental routes of each one. Renowned railroad historians Maury Klein, Keith Bryant, and Don Hofsommer offer their perspectives on these regions along with contributors H. Roger Grant and Rob Krebs.

When she agrees to take on one of the abused horses just rescued by the local SPCA, a new chapter opens in Susan Richards's difficult life. She lost her mother at the age of five and was raised by uncaring relatives; she married unhappily and divorced; and she'd been an alcoholic. Now, at the age of forty-three, she lives with three horses who keep her company: the diva-like Georgia, boyish Tempo and hopelessly romantic Hotshot. While trying to capture another horse assigned to her, Lay Me Down, a skeletal mare, walks into Susan's horse trailer of her own volition. When Susan agrees to take her, she begins to

forge a special, healing relationship that alters her life. Poignant and evocative, this is a book for anyone who has ever loved a horse, and for everyone who has ever lost a loved one.

Do you need to learn computer programming skills for your job or want to start it as a hobby? Is this something that is alien to you and leaves you scratching your head in confusion? Do you need something simple, like Linux, to get started? This book will provide the answers you need. Millions of us own computers for a variety of reasons. Some use them for gaming and fun while others are engaged in the serious business of making money. But many simply do not get true value from their computer as they struggle to understand programming and fail to grasp how it could improve their usage in many ways. Inside this book, *Linux: The Ultimate Beginner's Guide to Learn Linux Operating System, Command Line and Linux Programming Step by Step*, you will learn a valuable skill that will improve your computing expertise, leading you to discover the basics of Linux through chapters that cover: • How to get started with Linux • Installation and troubleshooting tips and advice • Installing new and exciting software •

System administration tasks • Keeping your system secure and building firewalls • An introduction to Cloud computing and technology • And lots more... Learning a computer language need not be a confusing and lengthy process. The basics of it can be learned quickly and with minimal effort and Linux is the book that will lay the foundations for you to become a skilled and proficient programmer, faster than you could have imagined. Get a copy now and start learning Linux today!

*Global Weirdness* Tughra Books

Ladybugs, snails, and butterflies! Oh my! This charming introduction to ten garden bugs, paired with friendly text and bold, basic patterns, provides a great high-contrast experience for young developing eyes. Newborns cannot fully recognize colors, so the sharp contrast between black and white patterns and illustrations allows babies to follow along and make connections to the real world, an important building block for communication skills. Using simple greetings like "Hello, bumblebee" and "Good to see you,

dragonfly” alongside black-and-white art by Julissa Mora, Hello, Garden Bugs is the perfect board book for

babies just beginning to look around and learn about their world. Featured in

Omnivoracious. Also available: Hello, Baby Animals and Hello, Ocean Friends. Coming soon: Hello, My World.
