Transformational
Coaching for Early
Childhood Educators is
a reflective workbook
designed to help early
childhood professionals
strengthen their
coaching skills and

their ability to facilitate
transformational
learning in others. The
goal of this program is
for individuals to attain
sustainable habits of
self-reflection, critical
thinking, problem-
solving, and lifelong
learning themselves,
as well as the ability to
intentionally facilitate
others to do the same.
The GROOMER
Framework for Change
Model™ is a mental
model that offers an
intentional framework
to facilitate
transformational
lasting change. This
workbook can be used
by supervisors working
with staff or peer-to-
peer but is
recommended to be
used with another
person to get the full
benefit of
transformational
coaching.

Crystal Brilliance delivers a collection of over 30 beautiful, creative projects that showcase the brilliance and hues of Swarovski crystals, along with inspiring variations on each. The projects feature gorgeous colorways and innovative variations on basic stitches.

Pulished in association with Swarovski Elements, the book is filled with stylish and innovative ways to use the Swarovski product line. These truly are elegant, wearable jewelry designs.

Technologies and Concepts Scholastic Teaching Resources
Pauses constitute a simple technique for enlivening and enhancing the effectiveness of

lectures, or indeed of any form of instruction, whether a presentation or in an experiential setting. This book presents the evidence and rationale for breaking up lectures into shorter segments by using pauses to focus attention, reinforce key points, and review learning. It also provides 65 adaptable pause ideas to use at the opening of class, mid-way through, or as closers. Starting with brain science research on attention span and cognitive load, Rice bases her book on two fundamental principles: shorter segments of instruction are better than longer ones, and learners who actively participate in instruction learn better than those who don't. Pausing helps teachers

apply these principles and create student engagement without requiring major changes in their lesson plans. With careful planning, they can integrate pauses into learning sessions with ease and significantly reinforce student learning. They will also gain feedback on students' comprehension. Rice sets out the characteristics of good pauses, gives advice on how to plan them and how to introduce them to maximum effect. She provides compelling examples and concludes with a repertory of pauses readers can easily modify and apply to any discipline. This book contains a compendium of strategies that any teacher can fruitfully

use to reinforce learning, as well as a stepping stone to those seeking to transition to more active learning methods. It: * Makes the case for using pauses * Identifies the primary functions of pauses: focusing, refocusing, enhancing retention, or closing off the learning experience * Provides research evidence from cognitive science and educational psychology * Provides practical guidance for creating quick active learning breaks * Distinguishes between starting, middle, and closing pauses * Includes descriptions, with suggested applications, of 65 pauses

Busy? Stressed? Not Good Enough? If these words are part of your daily vocabulary, then Building Your Brilliance is for you! Building Your Brilliance organizes tools of self-care into typical rooms found in a house. It outlines a personal evaluation method to quickly assess your over-all health - spiritual, mental, physical, relational. It recommends exercises that will get you moving forward and feeling rejuvenated and healthy. It empowers you to live a life of love, happiness, and peace. The House as outlined in Building Your Brilliance will move your life from stressful survival to joyful living and to full

personal brilliance!" Few books are filled with so many practical evidence-based strategies that will lead to life-long happiness and success." -Mark Waldman, Executive MBA Faculty, Loyola Marymount University Author of NeuroWisdom and the bestseller How God Changes Your Brain "This book can be used time and again, alone or in groups, because results will always yield with new insights. There will literally never be another you in this world and Jane's work will help you live it with brilliance." - Ambassador (Ret.) Prudence Bushnell Author of Terrorism, Betrayal, and Resilience: My Story of the 1998 U.S.

Instructional designers
understand how people
learn best. Their
expertise is deployed
to build learning
experiences that
enable rapid and deep
absorption of new
knowledge or
assimilation of
previously-absorbed
facts. Traditional
instructional design
(ID), however, tends to
go only half of the way
because it emphasizes
placing the instructor
in the driver's seat.
Now, in "#SUCCESSFUL
CORPORATE LEARNING
tweet Book03:
Instructional Design for
Today's Professionals"
("#SCL tweet
Book03"), authors Vicki
Halsey, S. Chris
Edmonds, and Mitchell

Levy take ID to its logical pinnacle with their meticulously-conceived Brilliance Learning System, predicated on putting the learner first. The Brilliance Learning System trains corporate leaders to craft learning experiences that build knowledge and skills. This approach creates deep learning that gets retained for the long term and results in engaged, committed, and active learners who are eager and ready to put their new skills into action. The learner-centric foundation outlined in "#SCL tweet Book03" requires instructors to aid and enable learners at every turn. The book's authors approach the model from several angles, creating bite-sized

wisdom that is easy to incorporate with immediate effect. For example, they touch upon strategies for helping learners learn out-loud, build knowledge, create their own models for understanding, and finally put those models into action in their lives and workplaces. These strategies result in a dramatically dynamic learning environment, one in which learners, far from being passive recipients of knowledge, are the people who actively perform 70 percent of the talking--and the teaching! Written in the easy-to-implement tweet format (where each quotation is 140 characters or less), the book is peppered with digestible tips and concrete examples

that enable and inspire learners. Anybody who designs learning modules or guides the design of learning experiences will find "#SCL tweet Book03" indispensable in creating engaging and vibrant learning experiences--with immediate results! "#SCL tweet Book03" is part of the THiNKaha series whose slim and handy books contain 140 well-thought-out quotes (tweets/ahas).

Transformational Coaching for Early Childhood Educators
IGI Global

Even though Purcell excelled in math and science in high school, nobody ever talked to her about a career in

the STEM fields. Lack of exposure was the first hurdle that she would face on her path to success as an engineer and entrepreneur, but it certainly wouldn't be the last.

The Hamster

Revolution Simon and Schuster

A New York Times Best Seller Merging real stories with theory, research, and practice, a prominent scholar offers a new approach to teaching and learning for every stakeholder in urban education. Drawing on his own experience of feeling undervalued and invisible in classrooms as a young man of color and merging his experiences with more than a decade of teaching and researching in urban

America, award-winning educator Christopher Emdin offers a new lens on an approach to teaching and learning in urban schools. For White Folks Who Teach in the Hood...and the Rest of Y'all Too is the much-needed antidote to traditional top-down pedagogy and promises to radically reframe the landscape of urban education for the better. He begins by taking to task the perception of urban youth of color as unteachable, and he challenges educators to embrace and respect each student's culture and to reimagine the classroom as a site where roles are reversed and students become the experts in their own learning. Putting forth his theory

of Reality Pedagogy, Emdin provides practical tools to unleash the brilliance and eagerness of youth and educators alike—both of whom have been typecast and stymied by outdated modes of thinking about urban education. With this fresh and engaging new pedagogical vision, Emdin demonstrates the importance of creating a family structure and building communities within the classroom, using culturally relevant strategies like hip-hop music and call-and-response, and connecting the experiences of urban youth to indigenous populations globally. Merging real stories with theory, research, and practice, Emdin demonstrates how by

implementing the “Seven C’s” of reality pedagogy in their own classrooms, urban youth of color benefit from truly transformative education. For *White Folks Who Teach in the Hood...and the Rest of Y’all Too* has been featured in *MotherJones.com*, *Education Week*, *Weekend All Things Considered* with Michel Martin, *Diverse: Issues in Higher Education*, *PBS NewsHour.com*, *Slate*, *The Washington Post*, *Scholastic Administrator Magazine*, *Essence Magazine*, *Salon*, *ColorLines*, *Ebony.com*, *Huffington Post Education* [Leading at a Higher Level](#) John Wiley & Sons
John Dewey's Democracy and

Education addresses the challenge of providing quality public education in a democratic society. In this classic work Dewey calls for the complete renewal of public education, arguing for the fusion of vocational and contemplative studies in education and for the necessity of universal education for the advancement of self and society. First published in 1916,

Take Care of Your Customers--or Someone Else Will!
Legendary Service

Great customer service is a concept organizations love to be known for. Yet most people consider the service they receive to be average, at best. Successful companies make the connection between legendary customer service and a thriving business--they recognize that the way employees treat customers is directly related to the way managers treat employees. Kelsey Young is an optimistic but disillusioned sales associate working her way through college. Her world opens up when one of her professors challenges her to create a culture of service at her workplace by putting the five components of Legendary Service into practice. Although Ferguson's, the store

where Kelsey works, certainly isn't known for service excellence, Kelsey believes she can make a positive difference. She quickly learns that culture change isn't easy--and that her role as a frontline employee is more significant than she ever could have imagined. In characteristic Blanchard style, *Legendary Service: The Key Is to Care* is a quick and entertaining read for people at all organizational levels in every industry. When applied, its lessons will have a profound impact on the service experience your customers will receive. Whether a CEO or a part-time employee, every person can make a difference--and customer service is everyone's job. PRAISE

FOR LEGENDARY SERVICE: "Read this book and establish a service culture in your organization." -- Horst Schulze, Chairman/CEO, Capella Hotel Group
 "Legendary Service has great learnings for people at all organizational levels: for executives and managers, the value of a service culture; and for frontline staff, the reality that they are the face of the company and can make a difference. Legendary service--it's everyone, always." -- Mark King, CEO and President, TaylorMade Golf
 "Everything I know about service I learned from my career at Hilton Hotels, Marriott International, The Walt Disney Company, and Ken Blanchard. The One Minute Manager

dramatically changed my thinking 32 years ago. Legendary Service will teach the next generation how to deliver sensational service. Buy it, study it, implement it." -- Lee Cockerell, Executive Vice President, Walt Disney World (Retired & Inspired), and author of Creating Magic and The Customer Rules "Kathy Cuff and Vicki Halsey have created a fantastic customer service model called ICARE. When you add their voices to that of the master storyteller Ken Blanchard, you have a masterpiece entitled Legendary Service. It is a must-read for everyone who, like me, has a passion for service." -- Colleen Barrett, President Emeritus, Southwest Airlines, and coauthor of Lead with LUV "Ken

Blanchard has done it again and delivered the right book at the right time. Legendary Service provides the essentials of hospitality and servant leadership in a way that everyone can adopt--right now--today!" -- John Caparella, President and COO, The Venetian, The Palazzo, and Sands Expo "Ken, Kathy, and Vicki show us how to change everyday service events into memorable experiences. Their book is a must-read for anyone unwilling to accept mediocrity." -- Leonardo Inghilleri, coauthor of Exceptional Service, Exceptional Profit
Natural Brilliance
Stylus Publishing (VA)
The bestselling, beloved classic on how to go into the dark side of yourself to bring out

the light -- now with new material. Debbie Ford believes that we each hold within us a trace of every human characteristic that exists, the capacity for every human emotion. We are born with the ability to express this entire spectrum of characteristics. But, Ford points out, our families and our society send us strong messages about which ones are good and bad. So when certain impulses arise, we deny them instead of confronting them, giving them a healthy voice, then letting them go. It is to these feelings that Ford turns our attention, these parts of our selves that don't fit the personae we have created for the rest of the world. She shows us the effects of living in the

dark, of keeping all our supposedly unsavory impulses under wraps. We find ourselves disproportionately frustrated and angry at the selfishness of friends, the laziness of colleagues, the arrogance of siblings. When we are unable to reconcile similar impulses in ourselves, Ford explains, we waste our own energy judging others instead of empathizing. But most important, we deny ourselves the power and freedom of living authentically. Through the stories and exercises in *The Dark Side of the Light Chasers*, Debbie Ford shows us not only how to recognize our hidden emotions, but also how to find the gifts they offer us. This is for fans of Marianne Williamson, Neale

Donald Walsch, and Deepak Chopra. The very impulses we most fear may be the key to what is lacking in our lives.

Successful Corporate Learning Tweet Book03
Penguin

Many subject matter experts are just that, subject matter experts-not experts in the art of teaching, facilitating, or designing.

Thousands of authors, trainers, and speakers have great content, but they lack the skills required to convey their content in a way that inspires learners to unleash their brilliance and move the learning to practice.. They often spend 70% of their time on WHAT they are going to teach, and 30% of their time on HOW, when they should be spending 30% on

WHAT, and 70% on HOW. Their instructional techniques often are at odds with their message of inclusivity, eagerness for people to learn, and hopes that their content will change lives and organizations.

“Brilliance by Design” outlines how to design learning interactions (such as meetings and workshops) that enable people to do their best thinking. Using the tested, signature ENGAGE model, it helps anyone who brings people together for the purpose of learning, problem-solving, or innovating to develop a clear, high-impact training design that unleashes brilliance. It presents a model that enables teachers to analyze learner and teacher

needs, create objectives that meet those needs, and incorporate interactive tools that “fire ‘em up,” ensuring all key outcomes are met. To help readers unleash the brilliance in others, this book provides the structure, tools, language, and models needed to create optimal learning experiences from their ideas, practices, models and books. In learning these techniques, readers will achieve powerful outcomes, building communities of learners who share best practices and communicate at a deep and profound level while doing real work.

What We Say and How We Say It Matter Harper Collins
 "This book highlights

innovative research, theoretical frameworks, and perspectives that are currently being used to guide the practice of leveraging diversity in multiple organizational settings"--Provided by publisher.

Overcome Any Challenge ... at Will

John Wiley & Sons

We all want our students to feel safe, collaborate well with others, feel ownership for their learning, and be joyfully engaged in their work.

Nevertheless, many teachers end up using language patterns that undermine these goals. Do any of these scenarios sound familiar? We want students to take responsibility for their learning, yet we use language that implies teacher ownership. We

want to build positive relationships with students, yet we use sarcasm when we get frustrated. We want students to think learning is fun, yet we sometimes make comments that suggest the opposite. We want students to exhibit good behavior because it's the right thing to do, yet we rely on threats and bribes, which implies students don't naturally want to be good. What teachers say to students—when they praise or discipline, give directions or ask questions, and introduce concepts or share stories—affects student learning and behavior. A slight change in intonation can also dramatically change how language feels for students. In *What We Say and How*

We Say It Matter, Mike Anderson digs into the nuances of language in the classroom. This book's many examples will help teachers examine their language habits and intentionally improve their classroom practice so their language matches and supports their goals. Berrett-Koehler Publishers
Smart leaders know that they would greatly increase productivity and innovation if only they could get everyone fully engaged. So do professors, facilitators and all changemakers. The challenge is how. *Liberating Structures* are novel, practical and no-nonsense methods to help you accomplish this goal with groups of any size. Prepare to be surprised by how

simple and easy they are for anyone to use. This book shows you how with detailed descriptions for putting them into practice plus tips on how to get started and traps to avoid. It takes the design and facilitation methods experts use and puts them within reach of anyone in any organization or initiative, from the frontline to the C-suite. Part One: The Hidden Structure of Engagement will ground you with the conceptual framework and vocabulary of Liberating Structures. It contrasts Liberating Structures with conventional methods and shows the benefits of using them to transform the way people collaborate, learn, and discover solutions together. Part

Two: Getting Started and Beyond offers guidelines for experimenting in a wide range of applications from small group interactions to system-wide initiatives: meetings, projects, problem solving, change initiatives, product launches, strategy development, etc. Part Three: Stories from the Field illustrates the endless possibilities Liberating Structures offer with stories from users around the world, in all types of organizations - from healthcare to academic to military to global business enterprises, from judicial and legislative environments to R&D. Part Four: The Field Guide for Including, Engaging, and Unleashing Everyone describes how to use

each of the 33 Liberating Structures with step-by-step explanations of what to do and what to expect. Discover today what Liberating Structures can do for you, without expensive investments, complicated training, or difficult restructuring. Liberate everyone's contributions -- all it takes is the determination to experiment.

The Brilliance of Bioenergy

ReadHowYouWant.com
Radically reimagine our ways of being, learning, and doing Education can be transformed if we eradicate our fixation on big data like standardized test scores as the supreme measure of equity and learning. Instead of the

focus being on "fixing" and "filling" academic gaps, we must envision and rebuild the system from the student up—with classrooms, schools and systems built around students' brilliance, cultural wealth, and intellectual potential. Street data reminds us that what is measurable is not the same as what is valuable and that data can be humanizing, liberatory and healing. By breaking down street data fundamentals: what it is, how to gather it, and how it can complement other forms of data to guide a school or district's equity journey, Safir and Dugan offer an actionable framework for school transformation. Written for educators and policymakers, this book

· Offers fresh ideas and innovative tools to apply immediately · Provides an asset-based model to help educators look for what's right in our students and communities instead of seeking what's wrong · Explores a different application of data, from its capacity to help us diagnose root causes of inequity, to its potential to transform learning, and its power to reshape adult culture Now is the time to take an antiracist stance, interrogate our assumptions about knowledge, measurement, and what really matters when it comes to educating young people.

Making Designer Jewelry with Crystal Beads ASCD

Enhance learners' interest and understanding with visual design for instructional and information products No matter what medium you use to deliver content, if the visual design fails, the experience falls flat. Meaningful graphics and a compelling visual design supercharge instruction, training, and presentations, but this isn't easy to accomplish. Now you can conquer your design fears and knowledge gaps with Visual Design Solutions: a resource for learning professionals seeking to raise the bar on their graphics and visual design skills. This informal and friendly book guides you through the process and principles used by professional

graphic designers. It also presents creative solutions and examples that you can start using right away. Anyone who envisions, designs, or creates instructional or informational graphics will benefit from the design strategies laid out in this comprehensive resource. Written by Connie Malamed, an art educator and instructional designer, this book will help you tap into your creativity, design with intention, and produce polished work. Whereas most graphic design books focus on logos, packaging, and brochures, *Visual Design Solutions* focuses on eLearning, presentations, and performance support. *Visual Design Solutions*

includes practical guidelines for making smart design choices, ways to create professional-looking products, and principles for successful graphics that facilitate learning. Ideal for instructional designers, trainers, presenters, and professors who want to advance from haphazard to intentional design, this book will help them realize their design potential. Gain the knowledge and confidence to design impressive, effective visuals for learning. Increase learner comprehension and retention with visual strategies offered by an expert author. Serves as a reference and a resource, with a wealth of examples for inspiration and ideas.

Addresses an intimidating topic in an informal, friendly style. In four parts, the book provides a thorough overview of the design process and design concepts; explores space, image, and typography; and presents workable solutions for your most persistent and puzzling design problems. Get started and begin creating captivating graphics for your learners.

Building Your

Brilliance Berrett-Koehler Publishers

Each of us is born brilliant. Then we spend the rest of our lives having our brilliance buried by people, circumstances, and experiences. Eventually, we forget that we ever had genius and special talents, and our

brilliance is locked away in a vault deep within. So we settle for who we are, instead of striving for who we were meant to be.

Release Your Brilliance provides the combination to the vault where your brilliance is kept. After struggling for thirty-two years with disillusion, defeat, and despair, author Simon T. Bailey cracked the code to personal transformation, turning his life around and becoming a highly successful entrepreneur, respected family man and community leader. Using the metaphor that we're all diamonds in the rough, Simon shares the four key steps to cut and polish the gem that is you in order to reawaken your genius, reignite your

internal light, and release your potential. He guides your transformation with interactive tools such as Personal Appraisal exercises, Diamond Polishing action steps, and true stories of

Living Diamonds. Join the thousands of individuals and organizations worldwide who've sat down with Simon and learned to create lasting change and release their brilliance!
