"Managerial styles are influenced by habit, familiarity, and workplace culture. It's no wonder that well-intentioned professionals doing their best to be good

organizational leaders often repeat unhelpful supervisory practices experienced in their early careers, even if they disliked them at the time. In the DUH! Book of Management and Supervision, the author disagrees with many accepted leadership principles (unabashedly referring to them as myths) and makes new and different approaches easier to imagine. Her challenging and controversial concepts illustrated with poignant stories suggest

common-sense and immediately applicable alternatives more suitable in today's workplace"--Back cover.

GENRE: Children's Adventure (An Unofficial Minecraft Diary Book for Kids Ages 9 - 12 (Preteen) Book 4: Ocelot Olympics Hunter the Master Hunter is back! After fighting pirate ships in the sky, he and his pet ocelot, Trapper want to take a break. What better place to vacation than the tropical Ocelot Island? Once they get there, it turns out all the Ocelots are competing against one another in Olympic games?! Yeah! And Trapper gets in on the action when he finds his true life's calling as a...Tic-Tac-Toe Archer? What in the world is that! Hunter gets caught up in his own heap of

trouble when he meets a strange man named Record-Man Stan. He happens to own all the music discs on the seed, but it seems like he's hiding something...

Make no mistake; this is a high-octane edge-of-your-seat thrill ride that sets up another trilogy in the epic Master Hunter Diaries. If you love Minecraft, funny stories, cool adventures, and great characters, you're going to love this book! Book 5: Golem Guardians and Horse Ninjas Hunter is kidnapped!

Trapper has to survive a rioting crowd! The gang makes a new robot friend! All that and more in the exciting adventures of Diary of a Master Hunter, Vol 5! After Trapper lost the Ocelot Olympics, Hunter is kidnapped by Record-Man Stan, who isn't who he really seems! The gang has to travel to the Nether with their new

robot STAN-BOT 9000, if they don't get scorched by lava first! They meet a wise Iron Golem who explains to them the Origin of the Seed, then they climb a mountain, get terrorized by a magic goat, and find a mysterious monastery. Here, ninjas study ancient martial arts in order to become amazing warriors-but these ninjas are horses! There's mayhem, laughs, battles, adventure and more in the newest Diary of a Master Hunter book. If you love Minecraft, funny stories, talking animals, and adventure you're in for a real treat. Book 6: The Castle at the End of the End Hunter and Trapper have to find the legendary Command Block for the ultimate evil: The Collector. But what's all this noise about a Master Command Block? Is that better or something? Hunter meets The

Creator who shows them this new, magic teleporting block and... Hunter, Trapper and the head of STAN-BOT 9000 travel to a bunch of crazy new worlds! In one, Hunter wears a bat-guy costume and fights crime; in another, he catches mobs in tiny block balls and fights them against other mob trainers. Will he make it back to the real reality? Or will he succumb to the depths of the evil Master Command Block?! Plus, you'll finally find out what STAN-BOT 9000's favorite food is! It's an action packed adventure for fans of Minecraft, Nintendo and Batman! If you like hilarious stories with explosive fights and edge-of-your-seat drama then you're going to love Diary of a Master Hunter 6: The Castle at the End of The End This unofficial Minecraft book is not authorized, endorsed or sponsored by

It was only supposed to be a short visit. It turned into a love affair. Melanie White is in trouble. Young, unmarried, with no resources to speak of, she's forced to flee home and hide out with her aunt on a ranch in a western mining town. She's just passing through on her way farther West, and it's a good thing, too: she can't stand the ranch owner. He's rowdy, immature...and undeniably attractive. David Tanner has his life just the way he likes it: he does what he wants, when he wants, and nobody can tell him any different--least of all, his former nanny's niece Melanie, who likes books more than people. But when a family emergency forces Melanie and David to

work together, she discovers that there's more to him than meets the eye. And he finds out that life as a bachelor may not be what he likes after all. Contains mild language and sensual content within marriage.

The Elements of Great Managing

The authors of this book explain the differences between managing by the 3-Ps (Proximity, Position, and Persuasion) and the 3-Cs (Clarity, Consistency, and Connectivity). Leaders who employ the 3-Ps manage with a focus on the individual. Leaders who use the 3-Cs, however, manage by weaving personal leadership techniques with a process of managing the business or organization that has proven extremely effective during the decade since it was

introduced. It's a way to lead a company or organization that leaves a legacy of sustained growth and success for those who come after the leader to latch onto and continue. The book is written as a business novel. What is learned on the protagonist's journey is expanded upon in a lesson at the conclusion of each chapter. Readers are then invited to assess their own legacy potential by completing a self-assessment. The management process this book contains is now being employed successfully not only by small and medium size businesses, but also by Fortune 500 companies, successful municipalities, and the United States Army.

On Purpose, Selling Your Company With Intention And Purpose! was written as a

guide for the small business owner to understand the steps involved in the process of selling a company for maximum value. Most business owners will only sell a company once or twice in a lifetime making them inexperienced at best. Hiring a business broker is one of the last steps you'll take in selling your company. I wrote this book so you can better understand the steps you need to take to begin the process of selling a company and maximize the value for all parties. I pull back the curtain and shed light on important aspects of selling that most buyers don't understand until it's too late. I arm you with the insight and experience needed to prepare yourself and your company for sale and successfully work through the sales process. After reading this book, you will

be able to plan confidently and follow through with a successful sale of your company.

These Lessons Will Put You On The Path to Success! When I first earned a promotion to a leadership position, I received no training to develop my skills. The unwritten rule seemed to be that if you received the promotion you must know what you are doing, so now go do it! Sound familiar? Unfortunately, I have talked with thousands of newly promoted leaders over the years that have had the same experience. If you have been thrust into a position of leadership with little or no training, this book contains the lessons you need to jump-start your new role and get you on

the path to become the leader you want to be. If you are serious about making the move from “manager to leader”, or if your job is to help others make the move, this book is for you! Your lessons will include:

- Key behaviors that will cause you to be immediately recognized as an effective leader.
- The power of perception: how to look, think and act like a leader.
- The truths of our human connection and how to use these truths to strengthen your team.
- Building an extraordinary team through selection, orientation, training and development.
- Simple leader-led processes to solve problems, create action plans, and develop team members.
- Dealing with change, preparing for the unexpected, resources for the future and much more!

Far in the distant reaches of the universe is a world called Azmantium. A planet with lilac skies, jade green seas and fiery red suns. A planet where everything, from the tides of the sea to life itself, is rooted in magic. Children are assessed at an early age and trained according to their unique magical talents. Lara, an orphan who has no memory of her true origins, is unaware that she has a vital role to play in the ancient prophecies that are about to begin coming true. Older than most who are just beginning their magical training, Lara will soon find out that destiny waits for no one, especially when the fate of the world rests on their shoulders. With the help of her new friends, Lara will learn that in

order to save the future, she must journey into the past - to a time when Dragons ruled the world! This is the first book in the upcoming Dragon Born series!

We can learn a lot about the world around us by taking time to understand ourselves. Looking back on past experiences can yield many valuable life lessons. The same can be said about a true leader. Taking time to reflect and understand your history as a person, colleague, peer, and leader should reveal a form of evolution. Even when trying to do your best in the world around you to express "this is me," people can only view you through their filters. Your filter is your platform. Tune a

good filter to make it great. Nourish a great filter to make it exceptional. Reflect on positive ideals to make an exceptional filter a success. Be the leader that constantly moves towards reaching authentic goals. If you do these things, you are an authentic, exceptional, true leader.

Euclid was a mathematician from the Greek city of Alexandria who lived during the 4th and 3rd century B.C. and is often referred to as the "father of geometry."

Within his foundational treatise "Elements," Euclid presents the results of earlier mathematicians and includes many of his own theories in a systematic, concise book that utilized a brief set of axioms and meticulous proofs to solidify his deductions. In addition to its easily referenced geometry, "Elements" also includes number theory and other mathematical considerations. For centuries, this work was a primary textbook of mathematics, containing the only framework for geometry known by mathematicians

until the development of "non-Euclidian" geometry in the late 19th century. The extent to which Euclid's "Elements" is of his own original authorship or borrowed from previous scholars is unknown, however despite this fact it was his collation of these basic mathematical principles for which most of the world would come to the study of geometry. Today, Euclid's "Elements" is acknowledged as one of the most influential mathematical texts in history. This volume includes all thirteen books of Euclid's "Elements," is printed on premium acid-free paper, and follows the translation of Thomas Heath.
