### DEMARCUS JANIYAH

---

*Idiots First* Penguin

A Nation of Idiots will be the first book to expose: the large numbers of unqualified teachers, legions of poor administrators, one issue school board members, hordes of ineffective parents, the global media giants, who invest heavily in keeping Americans numb and dumb in order to sell their products; the pharmaceutical companies and medical profession who drive up premiums so local districts can't afford quality health care to attract quality teachers; the tobacco and alcohol industries whose poisons create long-term health problems and, especially because of fetal alcohol syndrome, future special needs students, both of which are paid for with local taxes; what the author has come to call Feelgooders and their sordid attempts to spread Feelgoodenism; special education as a mandated, legal rip-off of the local taxpayers. State and Federal mandates should stop when the funding runs out. The author's thirty-three years in education lend a personal, in-your-face tone that makes the book hard to put down. His experience lends credence to what he has to say. And he isn't afraid to say it.

**A Nation of a Hundred Million Idiots?** Routledge

The definitive story of the rise of Nintendo. In 1981, Nintendo of America was a one-year-old business already on the brink of failure. Its president,

Mino Arakawa, was stuck with two thousand unsold arcade cabinets for a dud of a game (Radar Scope). So he hatched a plan. Back in Japan, a boyish, shaggy-haired staff artist named Shigeru Miyamoto designed a new game for the unsold cabinets featuring an angry gorilla and a small jumping man. Donkey Kong brought in \$180 million in its first year alone and launched the career of a short, chubby plumber named Mario. Since then, Mario has starred in over two hundred games, generating profits in the billions. He is more recognizable than Mickey Mouse, yet he's little more than a mustache in bib overalls. How did a mere smear of pixels gain such huge popularity? Super Mario tells the story behind the Nintendo games millions of us grew up with, explaining how a Japanese trading card company rose to dominate the fiercely competitive video-game industry.

*Useful Idiots* Penguin

Accessible, authoritative, and entertaining in the signature style of the Complete Idiot's Guide® series, The Complete Idiot's Guide® to U.S. Government and Politics provides a wonderful foundation of knowledge about the way our country's system of government works. Understanding how our government functions and the political forces that influence it is vital for all Americans. At the high school level, U.S. government, the class formerly called civics, has evolved to become a focus of the Advanced Placement test. In 2007, the AP U.S. government and politics exam was the most widely taken test among high school students on a college track, with over 333,562 students sitting for the 3.5-hour exam. Several strictly test prep books help students prepare for this exam. However, they're limited to the key points covered by the exam and don't afford much information outside the strict curriculum. The Complete Idiot's Guide® to U.S. Government and Politics gives the reader much more. As a comprehensive

overview and history of the subject, this book is designed to help anyone interested in learning about our government and the origins of its complex inner workings, our political system, and key elements that have affected our growth as a nation—all while serving as a the best supplementary reading a student can get to help them prepare for the AP exam.

*Idiot#1* Penguin

Daksh Tyagi's hilarious A Nuclear Family follows a large Indian family that complicates its mourning period for their dead patriarch by sparking up schemes, plotting sly surprises, and rekindling particularly toxic sibling rivalries - all to grab a piece of a modest inheritance pie.

*Tripping Abroad* AuthorHouse

In this accessible guide, readers will find unmatched expert analysis of the volatile situation in North Korea, along with answers to frequently asked questions. Covered topics include: → North Korea's geography, people, industry, political systems, and government → The history of the country, from myths to kingdoms, including Japan's colonial rule and its effects → The dictator, Kim Jong Il, and his father, Kim Il Sung → The possibility of reunification with South Korea → Options for international involvement

**The Complete Idiot's Guide to 20th-century History** Rowman & Littlefield

A fable about the power of books and knowledge, “finely balanced between pathos and comedy,” from one of Czechoslovakia’s most popular authors (Los Angeles Times). A New York Times Notable Book Haňtá has been compacting trash for thirty-five years. Every evening, he rescues books from the jaws of his hydraulic press, carries them home, and fills his house with them. Haňtá may be an idiot, as his boss calls him, but he is an idiot with a difference—the ability to quote the Talmud, Hegel, and Lao-Tzu. In this “irresistibly eccentric romp,” the author Milan Kundera has called “our very best writer today” celebrates the power and the indestructibility of the written word (The New York Times Book Review).

*Super Mario Andre'* Gensburger

FUNNY. FRIGHTENING. TRUE. It happens to all of us: You're minding your own business, when some idiot informs you that guns are evil, the Prius will save the planet, or the rich have to finally start paying their fair share of taxes. Just go away! you think to yourself -- but they only become more obnoxious. Your heart rate quickens. You start to sweat. You can't get away. Your only hope is... ..this book. Glenn Beck, author of the #1 New York Times bestsellers *An Inconvenient Book* and *Glenn Beck's Common Sense*, has stumbled upon the secret formula to winning arguments against people with big mouths but small minds: knowing the facts. And this book is full of them. The next time your Idiot Friends tell you how gun control prevents gun violence, you'll tell them all about England's handgun ban (see page 53). When they tell you that we should copy the UK's health-care system, you'll recount the horrifying facts you read on page 244. And the next time an idiot tells you that vegetable prices will skyrocket without illegal workers, you'll stop saying "no, they won't" and you'll start saying, "actually, eliminating all illegal labor will cause us to spend just \$8 a year more on produce." (See page 139.) Idiots can't be identified through voting records, they can be found only by looking for people who hide behind stereotypes, embrace partisanship, and believe that bumper sticker slogans are a substitute for common sense. If you know someone who fits the bill, then *Arguing with Idiots* will help you silence them once and for all with the ultimate weapon: the truth.

*The Revolt of The Public and the Crisis of Authority in the New Millennium* Regnery Publishing

An examination of how our thoughts and emotions are manipulated by politicians, media, and celebrities. Generation of Idiots was written to expose the persuading forces that move Americans today and distort the young minds of tomorrow. Great men such as Ben Franklin and Thomas Jefferson used to inspire young minds, not use them for their own personal gain. Our country hangs in the balance, unless we find great patriots like that again to lead us back into prosperity. This book may raise your blood pressure or make you laugh, but it will also make you think—and that's the objective.

**Idiots Revisited** Every Protest

This book offers a history of Japanese television audiences and the popular media culture that television helped to spawn. In a comparatively short period, the television industry helped to reconstruct not only postwar Japanese popular culture, but also the Japanese social and political landscape. During the early years of television, Japanese of all backgrounds, from politicians to mothers, debated the effects on society. The public discourse surrounding the growth of television revealed its role in forming the identity of postwar Japan during the era of high-speed growth (1955-1973) that saw Japan transformed into an economic power and one of the world's top exporters of television programming.

*A Nuclear Family* CNIB, 197

Do you ever think you're the only one making any sense? Or tried to reason with your partner with disastrous results? Do long, rambling answers drive you crazy? Or does your colleague's abrasive manner rub you the wrong way? You are not alone. After a disastrous meeting with a highly successful entrepreneur, who was genuinely convinced he was 'surrounded by idiots', communication expert and bestselling author, Thomas Erikson dedicated himself to understanding how people function and why we often struggle to connect with certain types of people. *Surrounded by Idiots* is an international phenomenon, selling over 1.5 million copies worldwide. It offers a simple, yet ground-breaking method for assessing the personalities of people we communicate with - in and out of the office - based on four personality types (Red, Blue, Green and Yellow), and provides insights into how we can adjust the way we speak and share information. Erikson will help you understand yourself better, hone communication and social skills, handle conflict with confidence, improve dynamics with your boss and team, and get the best out of the people you deal with and manage. He also shares simple tricks on body language, improving written communication, advice on when to back away or when to push on, and when to speak up or shut up. Packed with 'aha!' and 'oh no!' moments, *Surrounded by Idiots* will help you understand and communicate with those around you, even people you currently think are beyond all comprehension. And with a bit of luck you can also be confident that the idiot out there isn't you!

*The Complete Idiot's Guide to Understanding North Korea* Penguin

You're no idiot, of course. You know the American Revolution started when those guys in Boston threw some tea off a boat. Or was it when Paul

Dilbert and his co-workers--along with Dogbert, Catbert, and the boss--explore the mysteries of corporate America, from unusual personnel decisions and the worst meetings on record to schizoid secretaries and consultants from hell.

*The Complete Idiot's Guide to U.S. Government and Politics* Andrews McMeel Publishing

Abraham Lincoln once said that American exceptionalism would be destroyed from within, and we're seeing that prediction become reality, thanks to leftist actively promoting their personal agenda in our classrooms. "Indoctrination" exposes the agenda, the activists and what Americans can do to fight back. "For defenders of freedom, Kyle Olson's book is a vital necessity to read and absorb. It sets a challenge before us all: To change public education so that it is truly American in its values." -Dick Morris <http://www.youtube.com/watch?v=1VMb4aQpa0E>

*A Nation of a Hundred Million Idiots?* Andrews McMeel Publishing

As fad diets come and go, one aspect of all health and diet remains and even continues to grow in emphasis - the importance of good nutrition. Good health is priority number one, especially for parents bringing up children in a world of junk food. No matter what your diet or whether you work in a cubical or are training as an athlete, nutrition is your number one consideration. In the fourth edition of *The Complete Idiot's Guide to Total Nutrition*, readers will find- Everything you need to know to ensure that you and your family are getting the best nutrition possible How to get the needed vitamins and minerals you need daily in your food How to shop smart for food What you need to know about fats and cholesterol

*Surrounded by Idiots* Anchor

The real-life Nickel and Dimed—the author of the wildly popular “Poverty Thoughts” essay tells what it’s like to be working poor in America. ONE OF THE FIVE MOST IMPORTANT BOOKS OF THE YEAR--Esquire “DEVASTATINGLY SMART AND FUNNY. I am the author of Nickel and Dimed, which tells the story of my own brief attempt, as a semi-undercover journalist, to survive on low-wage retail and service jobs. TIRADO IS THE REAL THING.”—Barbara Ehrenreich, from the Foreword As the haves and have-nots grow more separate and unequal in America, the working poor don’t get heard from much. Now they have a voice—and it’s forthright, funny, and just a little bit furious. Here, Linda Tirado tells what it’s like, day after day, to work, eat, shop, raise kids, and keep a roof over your head without enough money. She also answers questions often asked about those who live on or near minimum wage: Why don’t they get better jobs? Why don’t they make better choices? Why do they smoke cigarettes and have ugly lawns? Why don’t they borrow from their parents? Enlightening and entertaining, *Hand to Mouth* opens up a new and much-needed dialogue between the people who just don’t have it and the people who just don’t get it.

**Signs You May Be an Idiot** Penguin

From Daksh Tyagi (author of *A Nation of Idiots*) comes the hilarious and unapologetically funny *Tripping Abroad* - a wild ride through the madness of international student life in Australia. Whether you haul an abandoned mattress across town, battle stubborn stains in the heat of a commercial kitchen, date on a strict budget, or orchestrate international wire transfers only to be able to afford lunch, you live through the opposite of whatever a university brochure promises. For a student abroad, formal education barely makes the syllabus. Join Daksh Tyagi as he takes you through the underbelly of the international student experience in Australia.

*The Complete Idiot's Guide to Learning Yiddish* Red Wheel Weiser

Discusses American history from prehistory through 2006, including brief biographical sketches of historical figures and events from popular culture.

**Brief Lives of Idiots** Stripe Press

Every book tells a story . . . And the 70 titles in the *Pocket Penguins* series are emblematic of the renowned breadth and quality that formed part of the original Penguin vision in 1935 and that continue to define our publishing today. Together, they tell one version of the unique story of Penguin Books. Multi-million selling author; award-winning filmmaker, performer, activist and scourge of political hypocrites everywhere, Michael Moore is nothing less than a global phenomenon. *Stupid White Men* - the book they tried to ban in the US - was published by Penguin in the UK in 2002 and has since sold well over 1.5 million copies. These hilarious and scorching extracts show exactly why Moore is the man that everyone has an opinion on.
