1941, and Detective Inspector Stefan Gillespie is ferrying documents between Dublin and war-torn London. When Ireland's greatest actor is arrested in Soho, after the brutal murder of a gay man, Stefan extricates him from an embarrassing situation. But suddenly he is looking at a series of murders, stretching across Britain and Ireland. The deaths were never investigated deeply as they were not considered a priority. And there are reasons to look away now. It's not only that the killer may be a British soldier, Scotland Yard is also hiding the truth about the victim. But an identical murder in Malta makes investigation essential. Malta, at the heart of the Mediterranean war, is under siege by German and Italian bombers. Rumours that a British soldier murdered a Maltese teenager can't go unchallenged without damaging loyalty to Britain. Now Britain will cooperate with Ireland to find the killer and Stefan is sent to Malta. The British believe the killer is an Irishman; that's the result they want. And they'd like Stefan to give it to them. But in the dark streets of Valletta there are threats deadlier than German bombs... Praise for Michael Russell 'Complex but compelling . . . utterly vivid and convincing' Independent on Sunday 'A superb, atmospheric thriller' Irish Independent 'A thriller to keep you guessing and gasping' Daily Mail 'Atmospheric' Sunday Times

Christmas 1939. In Europe the Phoney War hides carnage to come. In Ireland Detective Inspector Stefan Gillespie keeps tabs on Irishmen joining the British Forces. It's unpleasant work, but when an IRA raid on a military arsenal sends Garda Special Branch in search of guns and explosives, Stefan is soon convinced his boss, Superintendent Terry Gregory, is working for the IRA. At home for Christmas, Stefan is abruptly called to Laragh, an isolated mountain town. A postman has disappeared, believed killed, and Laragh's Guards are hiding something. Stefan is the nearest Special Branch detective, yet is he only there because Gregory wants him out of the way? Laragh is close to the lake where Stefan's wife Maeve drowned years earlier, and when events expose a connection between the missing postman and her death, Stefan realises it wasn't an accident, but murder. And it will be a difficult, dangerous journey where Stefan has to finally confront the ghosts of the past in the mountains of Wicklow, before he can return to Dublin and the truth of his boss's duplicity.

'She is unique. She is legend' THE TIMES 'A tour de force' EVENING STANDARD 'A wonderfully mordant analyst of human weakness' Martin Amis Earth, like the rest of the Known Worlds, has fallen to the Shing. Scattered here and there, small groups of humans live in a state of semi-barbarism. They have lost the skills, science and knowledge that had been Earth's in the golden age of the League of Worlds, and whenever a colony of humans tries to rekindle the embers of a half-forgotten technology, the Shing, with their strange, mindying power, crush them out. There is one

man who can stand against the malign Shing, but he is an alien with amber eyes and must first prove to paranoid humanity that he himself is not a creature of the Shing.

Vienna has been the locale for nearly one hundred and fifty films and television productions in English, from 1920s through the first years of this century, with imaginative representations of Freud, Strauss, Franz Josef, Mozart, Beethoven, and Klimt; mad scientists, assassins, spies, refugees, romantics, and American professors; historical dramas, cartoons, documentaries, and Hitchcock's only musical comedy. The "City of Dreams" has appeared as an imperial court, a center of scientific and medical research, a Jewish and Catholic homeland, a locus of international espionage and domestic crime, the destination for innocents abroad, the birthplace of the waltz, a stage for performances and performers, and the site for romantic rendezvous. For many in English-language audiences, such productions have constituted the most significant representations of Vienna, a city that historically has been the capital of one of Europe's largest empires, one of the most important centers for classical music and opera, both a victim and an accomplice of Nazi Germany, and the home of international diplomacy. Cultural historians and Austrian writers have provided significant commentary on the city, but their influence has seldom reached such an extensive audience as the films and television productions screening Vienna for English-language audiences. Screening Vienna thus analyzes the representation of Vienna and the Viennese in English-language film and television, reviews the critical reception of these productions, and measures the representations against the cultural and historical contexts and the writings of contemporary Austrian writers. The book is unique in its scope (over one hundred and fifty productions from the 1920s to 2013) and in its inclusion of leading reviews of many films, references to cultural and historical studies of Vienna, and references to modern and contemporary Austrian fiction. Thus the analysis is more extensive in its coverage and more intensive in its analysis of each film than any previous study, with a focus on scene, language, plot, characterization, and the reception of these films. Scholars and students in American cultural studies, film studies, Austrian and Viennese history, and popular culture will find the book informative and essential for studies of Vienna in the American and British imagination. Given the extensive coverage and filmography, many libraries should also view the book as a reference work, in addition to its status in cultural and film studies. The book will also be useful for film studies and American popular culture studies courses at advanced or graduate level.

The Book of Lost Things Constable

An original study of exile, told through the biography of Austrian writer Stefan Zweig By the 1930s, Stefan Zweig had become the most widely translated living author in the world. His novels, short stories, and biographies were so compelling that they became instant best sellers. Zweig was also an intellectual and a lover of all the arts, high and low. Yet after Hitler's rise to power, this celebrated writer who had dedicated so much energy to promoting international humanism plummeted, in a matter of a few years, into an increasingly isolated exile—from London to Bath to New York City, then Ossining, Rio, and finally Petrópolis—where, in 1942, in a cramped bungalow, he killed himself. The Impossible Exile tells the tragic story of Zweig's extraordinary rise and fall while it

also depicts, with great acumen, the gulf between the world of ideas in Europe and in America, and the consuming struggle of those forced to forsake one for the other. It also reveals how Zweig embodied, through his work, thoughts, and behavior, the end of an era—the implosion of Europe as an ideal of Western civilization.

The Supernaturalist Simon and Schuster

The third book in the internationally bestselling Fabian Risk series, a terrifying story of stolen identity and serial murder. ON A HOT SUMMER'S DAY The police chase a speeding car through the streets of Helsingborg. When they reach the bridge, the driver keeps going straight into the cold, dark waters of the Öresund strait. A TRAGIC ACCIDENT The body recovered from the wreck is that of Peter Brise, one of the city's richest tech entrepreneurs. Fabian Risk and his team are confident this is suicide. Young, rich, successful—Brise just didn't know how to ask for help. TURNS EVERYTHING A LITTLE BIT COLDER... But then the autopsy reveals something unexpected. Brise was already dead when his car crashed. He'd been brutally murdered two months ago. His body frozen in perfect condition, at eighteen degrees below zero...Something doesn't match up. And when a string of other odd murders and unusual behavior come to light in the area, Fabian Risk takes the case.

One of Irish Times' Best Crime Novels of 2017! Dublin, September 1940. An IRA attempt to capture the British diplomatic bag on its way from Ireland to England leaves a Guard dead on the streets of Dublin. Two days later a pitched battle between warring gangs erupts at one of Ireland's biggest race meetings. In the Irish countryside, the cremated bodies of a family of four are found in their burned-out house. Connections between these events become clear to Detective Inspector Stefan Gillespie when he is dispatched to investigate the four dead bodies - or is he there to cover something up? He is soon treading on the toes of Ireland's burgeoning Intelligence industry - Irish, British and German, all playing against each other, all watching each other, all plagued by rogue operators they can't control. Meanwhile certainty grows that Hitler is about to invade England, with Ireland in the firing line. And then Stefan is asked to go to Berlin on a sensitive mission the Irish government doesn't want anyone to know about. The journey will take him not only to Berlin and the heart of the war, but to a murder that touches the city's small Irish community and opens a window on to the heart of Europe's darkness... Haunting the Dead Cambria Press

In 1995, the mutilated body of a female tourist is found in the hills overlooking Heidelberg. By 1997, three more female tourists have been brutally murdered. The media accuse Police Commissioner Kurt Schiller and Inspector Stefan Krupp of incompetence, and demand that they resign. So far, the motive for the deaths is sketchy, but the consensus is clear. Someone is trying to scare tourists away, but no one knows who or why. Most of the murders occur during springtime festivals, and most of the bodies are found in the hills above Heidelberg, except the latest one, which is found outside a US military installation near Seckenheim. This raises more questions since, besides location, there are other inconsistencies that cannot be explained. Inspector Krupp is faced with a puzzling dilemma. Is a clever killer trying to confuse the police, or are there two vicious killers on the loose with different motives? Soon, when a fifth victim is discovered, and a sixth is identified as a possible next one, Krupp must accept what his seasoned instincts tell him. The killer is someone he knows. Now, he must prove what he suspects before another innocent victim is killed...or he is.

City of Darkness Revisited Tachyon Publications

"This reader presents a collection of several essays highlighting different aspects of the urban condition. Contributions range from chapters that use literature to explore the city to chapters that focus on specific aspects like, for example, urban shopping malls or different types of maps that may be used to visualize structure and dynamic flows in the metropolitan context. It also contains chapters that critically discuss problematic trends including fortification and monitoring of urban space. The collection also includes chapters that deal with morphological questions related to urban growth and development. It also features contributions that focus on the urban poor and their experience of living in the city. This book is a great starting point to explore the metropolis and to critically reflect about specific challenges large urban agglomerations are facing in many parts of the world"--

Ireland 1941. A German spy escapes from Mountjoy Prison, clearly with inside help. Yet no one wants to catch him. When the head of Garda Special Branch sends Inspector Stefan Gillespie to find out why, it must be in secret. But he meets a web of deceit in which the past's dark shadows loom over the lies of the present. Alone, except for an alcoholic private detective and a woman who could betray him to the IRA, Stefan embarks on a journey that drags him into a plot to attack British interests in Ireland and an attempt on the life of the IRA Chief-of-Staff by his own men. Crossing into war-torn Northern Ireland, he is suddenly unprotected, a rogue policeman to the Royal Ulster Constabulary, a dangerous spy to the IRA. The changing fortunes of Detroit, told through the lens of the city's major sporting events, by the bestselling author of *Soccernomics*, and a prizewinning cultural critic From Ty Cobb and Hank Greenberg to the Bad Boys, from Joe Louis and Gordie Howe to the Malice at the Palace, *City of*

Champions explores the history of Detroit through the stories of its most gifted athletes and most celebrated teams, linking iconic events in the history of Motown sports to the city's shifting fortunes. In an era when many teams have left rustbelt cities to relocate elsewhere, Detroit has held on to its franchises, and there is currently great hope in the revival of the city focused on its downtown sports complexes—but to whose benefit? Szymanski and Weineck show how the fate of the teams in Detroit's stadiums, gyms, and fields is echoed in the rise and fall of the car industry, political upheavals ushered in by the depression, World War II, the 1967 uprising, and its recent bankruptcy and renewal. Driven by the conviction that sports not only mirror society but also have a special power to create both community and enduring narratives that help define a city's sense of self, *City of Champions* is a unique history of the most American of cities.

The City in Darkness Norick Saga

A collection of the great writer's observations, made during his travels across the Europe he loved so much When I am on a journey, all ties suddenly fall away. I feel myself quite unburdened, disconnected, free - There is something in it marvellously uplifting and invigorating. Whole past epochs suddenly return: nothing is lost, everything still full of inception, enticement. For the insatiably curious and ardent Europhile Stefan Zweig, travel was both a necessary cultural education and a personal balm for the depression he experienced when rooted in one place for too long. He spent much of his life weaving between the countries of Europe, visiting authors and friends, exploring the continent in the heyday of international rail travel. Comprising a lifetime's observations on Zweig's travels in Europe, this collection can be dipped into or savoured at length, and paints a rich and sensitive picture of Europe before the Second World War.

1940. A woman lands on the Scottish coast from a German flying boat and goes to ground, hunted by British Intelligence. Suspended from the Irish police for reasons he won't explain, Detective Inspector Stefan Gillespie is working on his father's farm in Wicklow. One day he vanishes, leaving no sign of where he is heading - or why. Even in rural Ireland, rumours of assassination and Nazi spies fill the air, leaving Stefan's father to wonder whether he is in terrible danger. Meanwhile in London, Stefan is undercover, working in a pub: The Bedford Arms in Camden. Run by an alcoholic, bankrupt landlord, it's a wartime refuge for the Irish in London. And while the city shakes under the Blitz, Stefan falls into a romance with Vera Kennedy, an Irishwoman who has her own dark secrets to hide. But behind closed doors, a different war is being fought, and Stefan has more work than pulling pints on his hands. The Bedford Arms hides some unexpected dangers. The drunken landlord is not

as witless as he seems, and Stefan's mission is under perilous threat. When Vera disappears, he discovers that the Nazis were far closer to home than he thought. As he embarks on a journey to trace Vera from London to Ireland, Stefan will have to decide where his true loyalties lie.
