Prince William W. W.
Norton & Company
A moving and
compulsively readable
look into the lives,

loves, relationships,
and rivalries among
the three women at the
heart of the British
royal family today:
Queen Elizabeth II,
Camilla Parker-Bowles,
and Kate
Middleton—from the
#1 New York Times

bestselling author of *The Good Son*, *These Few Precious Days*, and *The Day Diana Died*. One has been famous longer than anyone on the planet—a dutiful daughter, a frustrated mother, a doting grandmother, a steel-willed taskmaster, a wily stateswoman, an enduring symbol of an institution that has lasted a thousand years, and a global icon who has not only been an eyewitness to history but a part of it. One is the great-granddaughter of a King’s mistress and one of the most famous “other women” of the modern age—a woman who somehow survived a firestorm of scorn to ultimately marry the love of her life, and in the process replace her arch rival, one of the most

beloved figures of the twentieth century. One is a beautiful commoner, the university-educated daughter of a flight attendant-turned-millionaire entrepreneur, a fashion scion the equal of her adored mother-in-law, and the first woman since King George V’s wife, Queen Mary, to lay claim to being the daughter-in-law of one future king, the wife of another, and the mother of yet another. *Game of Crowns* is an in-depth and exquisitely researched exploration of the lives of these three remarkable women and the striking and sometimes subtle ways in which their lives intersect and intertwine. Examining their surprising similarities and stark

differences, Andersen travels beyond the royal palace walls to illustrate who these three women really are today—and how they will directly reshape the landscape of the monarchy.

A Novel Feminist Press at CUNY

The instant New York Times bestseller!

“Emily Oster dives into the data on parenting issues, cuts through the clutter, and gives families the bottom line to help them make better decisions.”

–Good Morning

America “A targeted mini-MBA program designed to help moms and dads establish best practices for day-to-day operations.” -

The Washington Post
From the bestselling author of *Expecting Better* and *Cribsheet*, the next step in data

driven parenting from economist Emily Oster. In *The Family Firm*, Brown professor of economics and mom of two Emily Oster offers a classic business school framework for data-driven parents to think more deliberately about the key issues of the elementary years: school, health, extracurricular activities, and more. Unlike the hourly challenges of infant parenting, the big questions in this age come up less frequently. But we live with the consequences of our decisions for much longer. What's the right kind of school and at what age should a particular kid start? How do you encourage a healthy diet? Should kids play a sport and how seriously? How do you think smartly

about encouraging children's independence? Along with these bigger questions, Oster investigates how to navigate the complexity of day-to-day family logistics. Making these decisions is less about finding the specific answer and more about taking the right approach. Parents of this age are often still working in baby mode, which is to say, under stress and on the fly. That is a classic management problem, and Oster takes a page from her time as a business school professor at the University of Chicago to show us that thoughtful business process can help smooth out tough family decisions. The Family Firm is a smart and winning guide to

how to think clearly--and with less ambient stress--about the key decisions of the elementary school years. Parenting is a full-time job. It's time we start treating it like one.

Firms of Endearment

Pearson Prentice Hall
The first definitive, in-depth portrait of the man who will be king of England--and the story of his relationship with the woman who will be his queen His face is recognized the world over, his story is well known. But what is Prince William really like? As Diana's eldest son, he was her confidant. While the tabloids eagerly lapped up the lurid details of his parents' divorce, William lived painfully through it, suffering the embarrassment, the humiliation, and

divided loyalties. He watched his father denounced on prime time television; he met the lovers. And when he was just fifteen, his beautiful, loving mother was suddenly, shocking snatched from his life forever. The nation lost its princess and its grief threatened the very future of the monarchy. What was almost forgotten in the clamor was that two small boys had lost their mother. His childhood was a recipe for disaster, yet as he approaches his thirtieth birthday, William is as well-balanced and sane a man as you could ever hope to meet. He has an utter determination to do the right thing and to serve his country as his grandmother has so

successfully done for the last sixty years. Who stopped him from going off the rails, turning his back on his duty and wanting nothing to do with the press--the people he blamed for his mother's death? Where did the qualities that have so entranced the world, and his new bride, Catherine, come from? In the last thirty years, Penny Junor has written extensively about his parents and the extended family into which he was born. With the trust built up over that time, she has been able to get closer to the answers than ever before.

Couple Found Slain

Penguin

The #1 New York Times bestselling
WORLDWIDE

phenomenon Winner of

the Goodreads Choice Award for Fiction | A Good Morning America Book Club Pick | Independent (London) Ten Best Books of the Year "A feel-good book guaranteed to lift your spirits."—The Washington Post The dazzling reader-favorite about the choices that go into a life well lived, from the acclaimed author of *How To Stop Time* and *The Comfort Book*. Somewhere out beyond the edge of the universe there is a library that contains an infinite number of books, each one the story of another reality. One tells the story of your life as it is, along with another book for the other life you could have lived if you had made a different choice at any point in your life. While we all

wonder how our lives might have been, what if you had the chance to go to the library and see for yourself? Would any of these other lives truly be better? In *The Midnight Library*, Matt Haig's enchanting blockbuster novel, Nora Seed finds herself faced with this decision. Faced with the possibility of changing her life for a new one, following a different career, undoing old breakups, realizing her dreams of becoming a glaciologist; she must search within herself as she travels through the *Midnight Library* to decide what is truly fulfilling in life, and what makes it worth living in the first place. **In the Weeds** Anchor For the past thirty years, Steve Miller has done the messy,

unpleasant work of salvaging America's lost companies with such success that the Wall Street Journal has dubbed him "U.S. Industry's Mr. Fix It." From his very first crisis assignment as point man for Lee Iacocca's rescue team at Chrysler, Miller built an international reputation while fixing major problems in such varied industries as steel, construction, and health care. Most recently, as chairman and CEO of the bankrupt automotive parts manufacturer Delphi Corporation, he has confronted head-on the major issues threatening the survival of Detroit's Big Three. A battle is being fought in the heart of industrial America—or what is left of it—Miller observes. In the auto

industry as well as every manufacturing corporation, management and labor are at loggerheads over wages and the skyrocketing costs of employee benefits. The way out of this battle is often painful and Miller is deeply aware of the high price individual workers and many communities have had to pay as a result. In this frank and unsparing memoir, Miller reveals a rarely seen side of American management. Miller recounts the inside story of the many turnaround jobs that have led to his renown as Mr. Fix It. But he also paints an intimate picture of his relationship with Maggie Miller, his wife of forty years, with whom Miller shares the credit for his success.

Described by Miller as "my mentor and tormentor," Maggie served as his most trusted adviser and kept him focused on what truly matters until her death from brain cancer in 2006. A deeply moving personal story and timely snapshot of the state of American manufacturing and what it will take to restore it to profitability, *The Turnaround Kid* is Steve Miller's fascinating look at his education as an American executive. Four Friends Harper A full-scale, intimate biography presents a candid look at the members of the British royal family, focusing on the years following the death of Princess Diana to the present day. Reprint. 25,000

first printing. Royals at War Vintage A portrait of two men and the powerful, unforgettable woman they both love - and for whom they are both ready, in their very different ways, to stake everything.

A novel John Wiley & Sons National bestselling author Sharon Shinn introduces a rich new fantasy world, one in which people believe that five essential elements rule all things and guide their lives.

The Living Sea of Waking Dreams

Vintage It is an amazing feat in the 21st century that Queen Elizabeth II, a small woman in her late-eighties, should be one of the most recognisable people on the planet. Her voice is redolent of another

era, her interests are esoteric to many of her people, her opinions on anything from the weather to politics are almost entirely unknown, and her whole life has been lived without ever mingling on equal terms with anybody, except for one heady evening in 1945 when she slipped out of Buckingham Palace incognito to join the crowds celebrating the end of the war in Europe. The world has utterly, irreversibly, and radically evolved since she ascended the throne in 1952 and yet, in an era of instant celebrity, she remains, more popular than ever and seemingly largely unchanged: a bastion of certainty and comfort to the British and many other people during

uncertain times. On 9th September 2015, she will beat Queen Victoria's record and become the longest-reigning monarch in British history. The question is: How secure is the British Royal Family? How much depends on the person of the Queen herself, and how much on the institution? To answer these questions, Royalty Inc. will combine a history of the British Crown's evolution through the modern age with a journalistic peek behind the curtain at the machinery that sustains the Windsors today. Written by the Guardian's former Royal correspondent, its line will be neither royalist nor republican. Instead it will take a clear-eyed look at a host of issues,

including the future of the Commonwealth, the Monarchy's role in the British constitution and class system, Prince Charles' notorious 'black spider memos', the true scale of the Royal finances, the legacy of Diana, and the problems and pressures faced by any heir to the throne in the future.

The Soul of the Firm

Grand Central Publishing

Should governments be involved in economic affairs?

Challenging prevailing wisdom about the benefits of self-regulating markets,

Nina Bandelj and Elizabeth Sowers offer a uniquely sociological perspective to emphasize that states can never be divorced from economy. From defining property rights

and regulating commodification of labor to setting corporate governance standards and international exchange rules, the state continuously manages the functioning of markets and influences economic outcomes for individuals, firms and nations. The authors bring together classical interventions and cutting-edge contemporary research in economic sociology to discuss six broad areas of economy/state connection: property, money, labor, firms, national economic growth, and global economic exchange. A wealth of empirical examples and illustrations reveals that even if the nature of state influence on economy varies across contexts, it is always

dependent on social forces. This accessible and engaging book will be essential reading for upper-level students of economic sociology, and those interested in the major economic dilemmas of our times.

A Troubled Life to Save

Harper Collins

In this groundbreaking biography, based on more than 10,000 hitherto unavailable letters and diary entries, Niall Ferguson returns to his roots as a financial historian to tell the story of the extraordinary Siegmund Warburg. A refugee from Hitler's Germany, Warburg rose to become the dominant figure in the post-war City of London and one of the architects of European financial integration. Seared by events in

the 1930s, when the long-established Warburg bank was first almost destroyed by the Depression and then 'Aryanized' by the Nazis, Warburg was determined that his own bank would learn from the past and contribute to the economic recovery of Britain, the unity of Western Europe and the birth of globalization.

Siegmund Warburg was a complex and ambivalent man, as much a psychologist, politician and actor-manager as a banker. In *High Financier* Niall Ferguson reveals Warburg's idiosyncracies but above all he recaptures the meticulous business methods and strict ethical code that set Warburg apart from the mere speculators

and traders who inhabit today's financial world.

Around the World and Behind the Scenes with Anthony Bourdain Anchor

"In fourteen short stories by Morocco's foremost writer of life on the margins, this arabophone cult classic traces the impact of power, abuse, and illness on the body"--*Prince Harry* Simon and Schuster

These are the two most common questions everyone asks when a loved one goes astray. Whether your troubled loved one is an alcoholic, a drug abuser (illegal or prescription), mentally ill, depressed and suicidal, obese, homeless, a sex addict, a gambler, a criminal, a prisoner, or a prostitute, we all hope

that something will turn their life around. But waiting for that something seldom works and life only gets worse for everyone involved. A Troubled Life to Save is part of a rescue kit consisting of detailed instructions. This book is designed specifically for family and friends who are called to help rescue a troubled loved one. It explains in detail when and how you can effectively help your loved one identify and accept their life problem area, as well as how you can assist in locating the kind of treatment that will finally help them overcome their addiction and/or mental illness. As a family member or friend, you are the one who has questions and actively seeks solutions

to the craziness which touches all of your lives so personally. You are the one who wants to learn how to get your misguided loved one into a treatment program that will put everything back to normal.

Troubled Blood The Firm
The Troubled Life of the House of Windsor

An electrifying biography of one of the most extraordinary scientists of the twentieth century and the world he made. The smartphones in our pockets and computers like brains. The vagaries of game theory and evolutionary biology. Nuclear weapons and self-replicating spacecrafts. All bear the fingerprints of one remarkable, yet largely overlooked, man: John

von Neumann. Born in Budapest at the turn of the century, von Neumann is one of the most influential scientists to have ever lived. A child prodigy, he mastered calculus by the age of eight, and in high school made lasting contributions to mathematics. In Germany, where he helped lay the foundations of quantum mechanics, and later at Princeton, von Neumann's colleagues believed he had the fastest brain on the planet—bar none. He was instrumental in the Manhattan Project and the design of the atom bomb; he helped formulate the bedrock of Cold War geopolitics and modern economic theory; he created the first ever

programmable digital computer; he prophesized the potential of nanotechnology; and, from his deathbed, he expounded on the limits of brains and computers—and how they might be overcome. Taking us on an astonishing journey, Ananyo Bhattacharya explores how a combination of genius and unique historical circumstance allowed a single man to sweep through a stunningly diverse array of fields, sparking revolutions wherever he went. *The Man from the Future* is an insightful and thrilling intellectual biography of the visionary thinker who shaped our century.

[A Data-Driven Guide to Better Decision Making in the Early School](#)

[Years](#) Flatiron Books
This biography of the philosopher and political revolutionary describes his childhood and family life along with his public life as an agitator and dissident and compares him to his contemporaries including Napoleon III, Bismarck, Adam Smith and Charles Darwin. 15,000 first printing.

The Firm

HarperCollins
The powerful, poignant, bestselling National Book Award Finalist gives voice to a young girl robbed of her childhood yet determined to find the strength to triumph. Lakshmi is a thirteen-year-old girl who lives with her family in a small hut on a mountain in Nepal. Though she is desperately poor, her

life is full of simple pleasures, like playing hopscotch with her best friend from school, and having her mother brush her hair by the light of an oil lamp. But when the harsh Himalayan monsoons wash away all that remains of the family's crops, Lakshmi's stepfather says she must leave home and take a job to support her family. He introduces her to a glamorous stranger who tells her she will find her a job as a maid in the city. Glad to be able to help, Lakshmi journeys to India and arrives at "Happiness House" full of hope. But she soon learns the unthinkable truth: she has been sold into prostitution. An old woman named Mumtaz rules the brothel with cruelty and cunning.

She tells Lakshmi that she is trapped there until she can pay off her family's debt-then cheats Lakshmi of her meager earnings so that she can never leave. Lakshmi's life becomes a nightmare from which she cannot escape. Still, she lives by her mother's words- Simply to endure is to triumph-and gradually, she forms friendships with the other girls that enable her to survive in this terrifying new world. Then the day comes when she must make a decision-will she risk everything for a chance to reclaim her life? Written in spare and evocative vignettes by the co-author of *I Am Malala* (Young Readers Edition), this powerful novel renders a world that is as unimaginable as it is real, and a girl

who not only survives but triumphs. Elizabeth, Camilla, Kate, and the Throne Hachette Books Lady Catherine, the Earl, and the Real Downton Abbey tells the story behind Highclere Castle, the setting for Julian Fellowes's Emmy Award-winning PBS show Downton Abbey, and the life of one of its most famous inhabitants, Catherine Wendell. In this transporting companion piece to the New York Times bestseller Lady Almina and the Real Downton Abbey, Catherine, a beautiful and spirited American woman who married Lady Almina's son, the man who would become the 6th Earl of Carnarvon, presides over the grand estate during a

tumultuous time for the British aristocracy. Following the First World War, many of the great houses of England faded as their owners fortunes declined in the new political and social world of the 1920s and 1930s. As war loomed, Highclere's survival as the family home of the Carnarvons was again in the balance—as was peace between the nations of Europe. Using copious materials—including diaries and scrapbooks—from the castle's archives, the current Countess of Carnarvon brings alive a very modern story in a beautiful and fabled setting, paying particular attention to the staff who provide Highclere Castle with continuity between generations.

The Associate John Wiley & Sons
Explores the marital foibles of four couples while following the creation the famous advertising campaign that turned diamonds into a symbol of the hope for everlasting love.

The Taking of Jemima Boone Crown
A powerful portrait of the lives of four boarding school graduates who died too young, John F. Kennedy, Jr. among them, by their fellow Andover classmate, New York Times bestselling author William D. Cohan. In his masterful pieces for *Vanity Fair* and in his bestselling books, William D. Cohan has proven to be one of the most meticulous and intrepid journalists covering the world of

Wall Street and high finance. In his utterly original new book, *Four Friends*, he brings all of his brilliant reportorial skills to a subject much closer to home: four friends of his who died young. All four attended Andover, the most elite of American boarding schools, before spinning out into very different orbits. Indelibly, using copious interviews from wives, girlfriends, colleagues, and friends, Cohan brings these men to life on the page. Jack Berman, the child of impoverished Holocaust survivors, uses his unlikely Andover pedigree to achieve the American dream, only to be cut down in an unimaginable act of violence. Will Daniel, Harry Truman's

grandson and the son of the managing editor of The New York Times, does everything possible to escape the burdens of a family legacy he's ultimately trapped by. Harry Bull builds the life of a careful, successful Chicago lawyer and heir to his family's fortune...before taking an inexplicable and devastating risk on a beautiful summer day. And the life and death of John F. Kennedy, Jr.—a story we think we know—is told here with surprising new details that cast it in an entirely different light. Four Friends is an immersive, wide-ranging, tragic, and ultimately inspiring account of promising lives cut short, written with compassion, honesty, and insight. It not only captures the

fragility of life but also its poignant, magisterial, and pivotal moments.

A Novel Macmillan

A step-by-step program for getting your life in order, so you're prepared for the unexpected. The odds of getting hit by a bus are 495,000 to 1. But the odds that you're going to die some day? Exactly. Even the most disorganized among us can take control of our on- and off-line details so our loved ones won't have to scramble later. The experts at Everplans, a leading company in digital life planning, make it possible in this essential and easy-to-follow book. Breaking the task down into three levels, from the most urgent (like granting access to passwords), to the

technical (creating a manual for the systems in your home), to the nostalgic (assembling a living memory), this clear, step-by-step program not only removes the anxiety and stress from getting your life in order, it's actually liberating. And deeply satisfying, knowing that you're leaving the best parting gift imaginable. When you finish this book, you will have: A system for managing all your passwords and secret codes Organized your money and

assets, bills and debts
 A complete understanding of all the medical directives and legal documents you need--including Wills, Powers of Attorney, and Trusts A plan for meaningful photos, recipes, and family heirlooms Records of your personal history, interests, beliefs, and life lessons An instruction manual for your home and vehicles Your funeral planned and obituary written (if you're up for it)
